

COUNCIL AWARDS COAL CONTRACT TO BINGHAM

Awarding of the annual coal contract and the reading of the report of the auditors of the city books were about the only things of importance to come up at the meeting of the city council Tuesday evening of last week. The resignation of the city engineer which had promised to lend some excitement to the meeting passed off smoothly and was accepted.

The coal contract was awarded to Bingham Bros., whose bid was \$3.55 per ton for Pyrolite coal and \$3.50 for Orient coal. The contract calls for approximately 4,000 tons to be used at the light and waterworks plant.

Property owners adjacent to Front street between Center and Fifth North were present to ask for the installation of water and sewer mains along Front street and the curbing, guttering and boulevarding of the street. This matter will be taken up at an adjourned meeting to be designated Thursday evening.

The matter of business methods in city affairs was brought up by Alderman Krook who pointed out the rather loose manner in which some of the departments are at present operating. Especially is this true in the purchase of supplies of which the members of the council know nothing until the merchants present their bills. It was resolved that hereafter duplicate orders must be filed with the city clerk or the bill will be thrown back on the city employe who orders supplies.

The following judges of election were appointed for the coming primaries; 1. ward, Fred Behnke, Fred Hamann and Herman Beussmann; 2. ward, Wd. Eibner, Emil Mueller and Hugo Gebser; 3. ward, L. B. Krook, Christ. Filzen and Ath. Henle.

Several building permits for remodeling and reshingling houses were granted.

Manager Woodmansee of the Ruby Theater appeared before the council with the request for the exclusive right to operate a moving picture show in the city. The shows now occasionally given at Turner Hall and the Armory would not be interfered with. The matter will be taken up as soon as the ordinance providing for licensing picture shows is adopted by the council, whereby the council is given authority to reject applications for license if they so desire.

Contractor Gronau's estimate for completed work at the cemetery building amounting to \$509.65, was allowed.

The monthly report of Weighmaster Koehler showed 214 loads taken care of during the month.

An adjourned meeting of the council will be held Thursday evening of this week.

LOCAL NOTES.

Mrs. Peter Fischer of Hanska was a New Ulm caller last Saturday.

Mr. and Mrs. Andrew J. Backer of Milford moved into their beautiful new home on West Center Street the past week.

A. H. Lienhard of Minneapolis was looking after business matters here and extending his cheerful greeting to his many friends here last week.

Hy. Subilia of Tracy was a New Ulm visitor Monday. Mr. Subilia was formerly located here and may possibly feel like coming back here to live some day. He is an uncle of Mr. French, of Steinhauer & French.

Dynamite is said to be used by unscrupulous fishermen in the Little Cottonwood near Comfrey. The deputy game warden for the district has been on the lookout for the marauders, but has been unable to land them so far.

Miss Clara Epple left Sunday for the Cities where she will attend Summer School at the State University. Miss Epple has contracted to teach the school in District 15 and is taking the summer school work as a special preparation for teaching.

Several members of the order of Odd Fellows will go to St. Paul today to attend the annual meeting of the grand lodge of the order, convening there today and tomorrow. It is expected that at least eight hundred delegates will attend the sessions.

The heavy rain Monday afternoon did great damage to the small garden truck left unprotected. Radishes and lettuce was badly battered into the ground and uprooted. The storm accompanying the rain added further damage. It is reported that the sewers in the center of the city were not able to take care of the sudden flood and several instances of the sewers backing up into cellars and basements have been reported.

At the regular weekly tournament of the New Ulm Skat Club Monday evening delegates were elected to attend the meetings of the National Skat Congress to be held in Milwaukee next month. The delegates are J. P. Graff and Otto Oswald and the alternates Paul Hackbarth and Joseph Smasal. Prize winners at the tournament were: First prize, Joseph Glaser, 15 net games; second prize, Carl Heers, 512 net points; third prize, Harry Engelbert, spade solo against four matadors.

CAMBRIA

Eddie Evans has been at Garvin, Minn., for several days, assisting his brother-in-law, John E. Edwards, setting tiles.

Jones-Anderson
At 3 P. M. last Wednesday at the home of the bride's parents, Mr and Mrs. Thos. Jones, occurred the marriage of Miss Mabel Jones to Mr. Vincent Anderson of Sherbrooke, No. Dakota. Rev. E. W. Griffiths officiated in the presence of about eighty invited guests.

The ceremony was performed under the trees on the lawn where a beautiful arch of ferns and flowers and a large marriage bell were arranged. As Miss Esther Bowen presided at the piano playing "Lohengrin's Bridal Chorus" the bridal party marched from the house led by two little girls Irene Edwards and Alma Harris as ribbon bearers then followed by the pastor, then Miss Elsie Espenson as ring bearer, afterwards the bride and groom and the bride's maid, Miss Hazel Jones, a sister of the bride and the best man, Mr. Howe Anderson, a brother of the groom.

The bride was charming in a gown of white messaline and carried a shower bouquet of roses. The bridesmaid wore pink crepe de chine.

From five o'clock until seven an elegant wedding dinner was served on a long table on the lawn, the Misses Gwennie and Stella Evans, Florence and Viola Espenson assisting in serving.

The gifts presented the bridal pair were many and beautiful. The bride is a graduate of Lake Crystal High School and has taught school. After teaching she worked for two years in the office of her brother-in-law Mr. Newton who was a County Superintendent at Sherbrooke, No. Dakota, and for the last year has clerked at Thomas Bros. store in Cambria. She is popular and well thought of by her many friends. The groom is an editor of a newspaper in Sherbrooke. They left last Sunday for Sherbrooke where they will make their home.

Among those who were at the wedding were Mr. and Mrs. Peter Espenson of Winthrop, Minn., Mr. and Mrs. Earl Bowen of Lake Crystal, Mr. and Mrs. George Edwards of Jusdon, and Miss Alta Williams of Mankato.

P. J. Jenkins of Minneapolis was calling on old friends here last week.

Mrs. Hannah Swanson and two little sons of Ipswich, So. Dak., are calling on friends here. Her brother Wallace Harris who recently went to Dakota returned home on the same train.

The general comment of those who saw some of the shows at Woodmen Hall last week was that they didn't like them. Two of the actors were professionals but two were amateurs.

GOLDEN GATE

Charles Palmer and wife were at New Ulm Friday to attend the funeral of a friend.

Miss Evelyn Kirkonnell of Sleepy Eye visited with friends in this vicinity last week.

Several from this locality attended the band concert at New Ulm last Sunday evening.

Leslie Burghardt was a business visitor at Fairfax one day last week. Chas. Robertson and wife of New Ulm were guests at the George Moll home Thursday.

In spite of the threatening weather a large crowd attended the big farmers picnic on the George Berkner farm last Thursday. All kinds of races were indulged in. A big and exciting game of ball was played after which an address was made by Prof. A. E. Webb of Two Harbors, formerly agricultural instructor in the Sleepy Eye schools.

Roy Palmer of Sleepy Eye has been here the past week doing some repair work and plumbing for Oren Case.

A large number from this vicinity attended the Labor picnic at the John Soukup home Sunday.

Arthur Dittbenner and wife of Morgan spent Sunday at the Carl Battig home.

On Tuesday, June 6th Frank Ibberson and Miss Rena Sherman were quietly married by Rev. Sparkes at the Congregational parsonage in Sleepy Eye. They were attended by Will and Anna Ibberson, brother and sister of the groom. After the ceremony the newly-weds left on the afternoon train for Watertown, S. D. where they will visit for a few days. We extend congratulations.

Mr. Barnes of Holt, Minn. is here this week on business.

**COMB SAGE TEA IN
FADED OR GRAY HAIR**

If Mixed with Sulphur it Darkens so Naturally Nobody can Tell.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

The Baryphone is a new invention which is in a fair way of revolutionizing the telephone system. As is well known, the American telephone is often very unsatisfactory, but the drawbacks are wholly eliminated by the Baryphone, which makes conversations on the longest distances just as clear as on short circuits, as the sound is carried to both ears and all noise excluded. Persons hard of hearing, who hitherto have been prohibited from using the telephone, can now use it with the aid of the Baryphone, which also will permit two persons to hear the message without the use of double telephone. The Baryphone is the only simple, practical and effective sound intensifier in existence and is incomparably superior to all others especially as it leaves the hand free for annotations during the conversation. We have two of the Baryphones in use in our office and find them excellent aids to hearing, completely shutting out the noise of the machinery which in our place is almost deafening. We have one telephone equipped with the Baryphone located by the side of the type caster which makes most of the noise and with the Baryphone there is no difficulty whatever in understanding any telephone communication even when received on this line. We recommend the Baryphone to any one who has need of an intensifier for any reason.

THE BARYPHONE
a novelty on the market

- An epoch making invention and improvement on the telephone. Increases the sound wonderfully. Excludes all noise. Indispensable to all telephone users. Always adjusted. Non-electric. Ever ready. Lasting many years.
- Sample \$1.00 postpaid. Satisfaction guaranteed or money refunded. Agents wanted everywhere; good terms.

SALE OF DITCHING JOBS

Notice is hereby given, that on the 29th day of June, 1916, at 10 o'clock a. m., at the county auditor's office in the courthouse at the city of New Ulm, Minn., I will sell the jobs of digging and constructing the ditch No. 29, of Brown county, established by the Board of County Commissioners of Brown County, State of Minnesota, by their order bearing date May 9th, 1916, viz:

For the work as one job, and also for one or more sections of 100 feet each, and also for one or more of the construction jobs, each of said sections to be known and numbered by stakes as shown by the report of the engineer in said matter, commencing at the one including the outlet, and from thence, successively, up stream to the one including the source to the lowest responsible bidder or bidders, and that bids are invited for said work; said work to be completed within the time required, and in the manner specified, in said engineer's report. And no bid will be entertained which exceeds over and above the estimate cost of the construction, in any case, as stated in the said order; and the successful bidder will be required to give a satisfactory bond, to be approved by the auditor of said county, with two freehold sureties, for the faithful performance and fulfillment of his contract, and to pay all damages that may accrue by reason of his failure to complete the job within the time required in the contract. The said order and estimates and profile are on file, and may be seen at my office.

The approximate amount of work to be done in the construction of such ditch is as follows:

1 Bulk-head at Station 11-00 for Outlet of Tile.

Open ditch from Station 0-0 to Station 11-00, width on bottom 4 feet. 381.2 cubic yards excavation and 142.8 cubic yards fill, estimated cost \$95.16.

4034 ft. of 14 in. cement or clay drain tile, average depth 7.0 feet.

1600 ft. of 12 in. cement or clay drain tile, average depth 5.3 ft.

525 ft. of 10 in. cement or clay drain tile, average depth 4.2 ft.

1650 ft. of 8 in. cement or clay drain tile, average depth 7.2 ft.

5387 ft. of 7 in. cement or clay drain tile, average depth 6.1 ft.

8013 ft. of 6 in. cement or clay drain tile, average depth 5.0 ft.

16325 ft. of 5 in. cement or clay drain tile, average depth 4.3 ft.

The estimated total cost of the work is \$5,489.26.

All bids must be accompanied by a certified check payable to the Auditor of said county, for not less than ten per cent of the amount of each bid.

The right to reject any and all bids is hereby reserved.
