You have probably read in the magazines and newspapers about Mr. Edison's new art, whereby music is Re-Created with such literal perfection that a singer's voice or an instrumentalist's performance cannot be distinguished from Mr. Edison's Re-Creation thereof, although heard in direct comparison.

We should esteem it a very great privilege if you would visit our store and let us show you a few examples of this wonderful new art. We should particularly like to have you come to the store this week.
