The Model Grocery believes in living up to its name and this week a truck is proving the earnestness of its belief. Mr. Bierbaum always said they were not a "one horse concern" since they had two; now they have the truck and deliveries will exceed even their former speed. Saturday evening, August 26th, the Armory will be thrown open for the pleasure of those whose ardor for dancing cannot be dampened by the sticky, muggy weather. There are plenty such enthusiasts and there will be more than would ordinarily attend such a dance because of the fact that the receipts of the ball will be used to assist the families of some of the men who are at the Border. It is said that several such families are in need and the Armory Board is taking this means of securing them funds until the wage earner can return from the South.

Tom Shannon, a son of Auld Ireland had just sufficient funds to allow him to imbibe very freely one day last week but not enough to pay the fine that the justice demanded when the cops picked up the weary one and haled him into court. Justice Henningsen figured that it would do the county no particular good to board the fellow free when he couldn't pay his fine of \$5 and costs and therefore suspended sentence and gave the Irishman explicit directions how to get out of New Ulm quick enuf to avoid further trouble with the police. Shannon stayed not on the order of his going but went.
