Local policemen are on the look out for a automobile which was stolen at Mankato, Thursday evening. The theft was made between the hours of eight and ten and the description of the car is as follows:

Buick 1915, model C-55, six cylinder, frame No. 120576, motor No. 120954, license No. 229. There is a monogram on the back door, "F. W. H." The hind tires were nobby tread; one of the front tires was a nobby tread worn smooth; the other front tire was smooth. The car is equipped with a bumper which was bent on the right hand side. It appears that the car passed through New Ulm sometime Thursday evening and was last seen at Sleepy Eye headed toward Fairfax. The latest supposition is that they were on their way to the Twin Cities.

OBITUARY

MRS. ADAM RIEKE

Friday evening about 9 o'clock Mrs. Adam Rieke passed away at her farm home in Cairo Township, Renville County, aged 65 years. Death was due to liver trouble which had reached an acute stage fully 3 weeks before she died. The deceased suffered with a severe attack of la grippe in February and altho she had apparently recovered she never regained her former strength.

The deceased whose maiden name was Ernestine Sanders was born in Germany in 1851 and in 1860 came to America with her parents who settled at Henderson Prairie in this State. She came to Renville County in 1871 and was married in Cairo Township the same year to Adam Rieke, her surviving husband. Four children were born to her, of whom the only daughter died in infancy. The surviving children are Edward, Louis and Adolph, all residents of Cairo Township and an adopted daughter who resides in Spokane, Wash. She is also survived by three brothers: Fred and Herman Sanders of Arlington and Louis Sanders of Cairo Township. The funeral which was largely attended was held from the Methodist church Monday afternoon. Rev. Rinkel, Rev. Hohn of New Ulm and Rev. Behmel of Echo officiated and interment was made in the cemetery near the church.

WOLFGANG BRANDL

Mr Brandl was born in Neider-Baiern, Germany, November 6, 1845, and was married in the Fatherland in 1871. The family immigrated to America eleven years later and moved on to the farm in Leavenworth township where they have since resided.

Mr. and Mrs. Brandl became the parents of ten children, of whom eight with their mother survive. D., and Joseph and Bertha at home. The funeral was held in the Mulligan Catholic church at 10 o'clock, Tuesday morning and interment was made in the church yard near by.

SLEEPY EYE PREPARES FOR FAIR

Great preparations are being made in Sleepy Eye for the fair that will be given in that city by the Farmers' clubs of Brown and Redwood counties on October 13 and 14. This is to be the first annual event of this kind for those organizations. The great difference between this fair and the average run of fairs is that there will be no horse or auto racing but just a display of farm products.

The following committees have been appointed and are laboring diligently and already have arrangements well under way:

Finance—W. R. Hodges, M. G. Hanson and George Glotzbach.

Concessions—F. W. Meyer, A. F. Kuske and M. G. Hanson.

Attractions—W. R. Hodges, Dr. Kiefer and Hans Jensen.

Publicity and advertising—Dr. Hollister, Dr. Schmidt, M. G. Hanson and H. F. Dooley.

Tour—A. F. Kuske, Ed. McGowan and George Glotzbach.

BIG CIRCUS IS REALLY GOOD.

Holding two large audiences spell bound for several hours, by feats of daring, the Carl Hagenbeck-Wallace circus, one of the best in the business, gave two performances on the city lots near the ball park, Friday.

Thrills were aplenty as the animal trainers, bareback riders, trapeze artists, ballancers, aerial performers and the like displayed their skill. In fact the circus has one of the best aggregations ever assembled and cannot be surpassed by any of the larger shows.

The parade was witnessed by thousands of persons from all parts of Brown county who availed themselves of the opportunity of seeing the show. Many also arose at an early hour in order to see the work of unloading the wagons and animals and the erection of the tented city. It is hoped that the management will remember New Ulm and return to show here again at some future date.

Miss Ella Harmening of Sleepy Eye is visiting with relatives in the vicinity of Courtland.

A very noticeable change was recently made in the rural mail service throughout the nation. All rural routes have been placed in two classes as follows: standard horse drawn vehicle routes of 24 miles in length and standard motor vehicle routes of 50 miles in length. The latter shall be established when a majority of the proposed patrons who are heads of families residing on such proposed routes shall by written petition ask for the same. If horse drawn vehicle routes are increased to more than thirty miles, carriers will receive \$24 per annum for each mile or major fraction of a mile in excess of thirty miles.

AN OBSTREPEROUS OFFICER

They are having lively times up in Lincoln county. For the second time within a few months the sheriff has locked the records in the county jail owing to a dispute between the commissioners and the sheriff and business has been suspended.

Lincoln County has no court house and for some time has been using the jail and sheriff's residence for a capitol building. A few months ago the commissioners started things when they refused to pay the salary of the jailer except when there were prisoners in the strong box. As a retaliation, Sheriff Curtis demanded possession of the building for residential purposes. Upon refusal of the commissioners to comply with the sheriff's demands the case was taken to the district court and the sheriff lost out.

During the month of July Mr. Curtis demanded possession of the jail corridors for the use of his prisoners. No heed was paid to the demand and soon the clerk of court and the register of deeds found their office doors locked. A hearing was held before Judge Olsen who ordered the doors opened.

The latest developments of the case are that the sheriff has taken out bonds and has appealed both cases to the supreme court.

Paraphrasing the poet, it might be said "In the fall the farmer's fancy gently turns to thoughts of corn." On the whole the corn crop in this vicinity is the most promising in several years. Farmers who have been picking their seed corn for the year return from their fields with glowing reports of a bumper crop. At Minnesota, according to the *Mascot* the corn crop this year shatters all records by selling at auction for twenty-two dollars an acre. Previous to this it was thought that corn had reached its pinnacle of value when it sold for seven-tenths dollars an acre.

RAIL MEN MAY STRIKE IN WALES

London, Sept. 11.—The situation in the railway world arising out of the demands of the men for an increase in wages of ten shillings a week has become increasingly serious.

At a meeting of 3,000 railway workers at Cardiff a resolution was adopted providing that unless the demands are conceded by Sept. 16 all railway work will be stopped in South Wales at midnight the 17th.

The resolution also stated that the advance in wages should date from July 1 and that the government should give a definite guarantee that in the future it will control the supply of food and regulate prices.

Judging from the government's attitude hitherto there is little likelihood that it will yield to such a demand.

Should the railway workers in the other parts of the country endorse the action of the South Wales men there is danger of a general railway strike.

The leaders of the men are working hard to obtain an agreement without calling a strike which would be regarded as taking an unfair advantage of the nation in time of adversity.

DANISH GOVERNMENT IN ANOTHER EFFORT

Copenhagen, Sept. 11.—The government will make another attempt to have the treaty for the sale of the Danish West Indies to the United States agreed to, and intends to submit a bill to the Rigsdag based upon the proposal made by the Conservative party.

The Conservatives suggested that, with the formation of a coalition cabinet, a parliamentary committee be appointed to examine into the negotiations for the sale of the islands and to make a report thereon within a limited time. It was proposed that after the making of the report a plebiscite be held, probably about the middle of October.

OFF FOR RECORD PRACTICE

Largest American Fleet Ever Assembled Will Engage.

Old Point Comfort, Va., Sept. 11.—Fifty-odd battleships, destroyers and supply ships of the Atlantic fleet will steam from Hampton Roads today for the Southern drill grounds off the Virginia capes to engage in what naval officers say will be the most important battle maneuvers and target practice ever held by the fleet.

With the fleet are more big ships than ever before assembled under the American flag, including the Pennsylvania, Oklahoma and Nevada, the newest super-dreadnoughts, which carry 14-inch rifles in the main batteries. In addition to the big gun practice, the new anti-aircraft guns of the latest battleships will be tested.

Commission Quits Brazil.

Rio Janeiro, Sept. 11.—The American financial and commercial commission, which is returning a visit made by Latin-American business men to the United States last spring, has sailed from Santos for Buenos Ayres.
