The city of Moberge S. D. is celebrating its 10th anniversary this month, during the week of Sept. 28 to 30. Mrs. M. Hellriegel is a member of the Invitation committee. A paragraph from their invitation letter will show the spirit of largeness that moves in those newer towns of the West.

"Moberge wants you at its Birthday Party; it regards you since you have friends in the city as its friend and guest. All guests are given FREE admission to all entertainments, including Picture Shows, Dances, Ball Games, Street Attractions, Balloon Ascensions, Band Concerts, and the Great Beef Barbecue served at noon on the 28th near City Park."

BIG IMPROVEMENTS COMPLETED

The millwrights who have been in New Ulm during the last three months installing several sifters in the Eagle Roller Mills returned to their home in Kansas City Tuesday.

The Eagle Mill has been installing the newest type of sifters which are more efficient and contain all of the latest improvements long this line. These machines were installed at a cost of nearly twenty thousand dollars and it has required nine millwrights from out of town besides the help of the workers regularly employed at the mill, about three months to install the same.

NEW HEAD OF M. & ST. L.

E. L. Brown, new president of the Minneapolis & St. Louis railroad and former vice president of the Denver & Rio Grande railway, has taken up his new duties and now has personal charge of affairs. He is a practical railroad man with many years of experience and comes well qualified to his new position.

For some time it has been reported that the Soo Line would purchase the M. & St. L. but this has been denied by one of the board of directors as the road is not for sale.

The general offices will be moved from New York to Minneapolis and other changes will be made later on.

C. W. Huntington will continue as vice president of the road.

Mrs. John Dengler and Mrs. Fred Weyhe of New Ulm left Tuesday afternoon for Winthrop where they will spend a few days with friends.

Harry Conroy, living on the Pine Ridge Indian reservation, captured the brother, who had escaped from the Jackson county jail. Conroy took the man into custody and held him until authorities arrived.

Threshing operations in the state are being conducted on the hour basis this year instead of on the old plan of threshing on the bushel basis. This system has been adopted because of the crop shortage.

Jacob G. Gross, a pioneer merchant of Freeman, committed suicide by firing several shots into his body. He was staying at the home of his sister at Bridgewater at the time. Dependancy is given as the cause of his act.

The year-old son of Fred Seguin, a farmer living near Elk Point, hanged himself. While playing on an iron bed the boy pushed his head through an opening at the foot. When the mother returned to the bedroom the child was dead.

Officers of the new regiment of South Dakota national guard which is being organized, announced after a conference at Sioux Falls that those who enlist with a desire to see service at once will be transferred to the Fourth regiment, now on the border.

The city council of Mitchell repealed the ordinance prohibiting the opening of theaters on Sunday, and as a result a legal battle is expected.

Retail clothing dealers of the state at a meeting at Sioux Falls organized the South Dakota Clothiers' association.

A number of Salem men who are financially interested in a banana plantation in Mexico have received word that the company lost a shipment of 16,000 bunches of bananas in the recent gulf storm. The ship on which the consignment was being carried was in the storm for sixty hours.

Poor crops in some sections of the state will have little effect on the enrollment of the Northern normal school at Aberdeen. President W. E. Johnson, with a large force of administrative officers, is getting things in readiness for what promises to be the biggest year in the history of the school.

Because the scale of wages in effect in the Minneapolis roundhouse of the St. Paul road has not been made effective in the roundhouse at Aberdeen sixty employes walked out. It is understood the men at Aberdeen are receiving 2 cents an hour less than the pay given the Minneapolis employes.

HUNTERS REPORT POOR LUCK

From all reports received from hunting parties, so far this season, game is rather scarce as no large bags were brought to New Ulm. The prairie chickens are not very plentiful this year owing, as reported by old hunters, to the cold wet weather during the time when the old birds were hatching and when the young birds were small. For a time the duck crop had every appearance of being good but as not many were brought to the city it would seem that water fowl are also scarce or hard to get at.

CASTING COVETOUS EYES.

Owatonna wants the New Ulm Machine Gun Company, at least one would get such an inference from an article that appeared in the Journal-Chronical a few days ago. Where the grounds for that rumor should come from is not known and one fact is certain and that is this city will not give up the company without a struggle. This company was organized several years ago by Louis G. Vogel.

The Journal-Chronical has to say as follows in regard to the matter:

"Following the return of Co. I and the Supply Co. to Owatonna and the mustering out of all the Minnesota National Guardsmen from active Federal service on the Texas border, this city may see the organization of a new guard unit here.

"A letter from Corp. Amos McCrady of Co. I, states that he has been chosen by Major W. T. Mollison, commanding the Second Infantry, with Serg. Craig of Co. B, Faribault, to represent his regiment at the school of officers and non-commissioned officers of national guard machine gun companies, at Fort Sill, Oklahoma, Corp. McCrady expects to be stationed at Fort Sill for the next two months.

"Friends of Corp. McCrady among members of Co. I declare that his appointment with that of Serg. Craig following its discharge from border service, will be recognized either in this city or in Faribault, and that the two men who will attend the school at Fort Sill will probably become commissioned officers of the new organization, either during the period of border service or afterwards."

FORMER SPRINGFIELD WOMAN KILLED

Mrs. Reuben Werner, formerly a resident of Springfield, was killed in an automobile accident at her home in LaPorte, N. D.

Three others in the car were more or less bruised and hurt.
