County Auditor L. G. Vogel is busy figuring out the tax rate for Brown county this week. The county and state rate is a little lower than last year. The state tax this year is 3.70 mills, last year, 4.15; county, 5.90, while for 1915 it was 6.55; New Ulm, 42 mills, last year 41.2. The rate for the other cities and towns in the county will be completed within a few days.

Mike Holm of Roseau county, was elected Saturday a member of the Board of Managers of the Minnesota State Fair. He succeeds Thomas H. Canfield, of Lake Prairie, who was recently chosen secretary of the State Agricultural Association. The affair was given under the direction of Mrs. Miller, who read the dramatic features of four acts, one being read by Miss Kuester. Those taking part were: Miss Henrietta Hauenstein, Miss Cecelia Eibner, Mrs. Elmer Haeberle, Miss Pierce, Miss Turner and Miss Kuester. Among the musical numbers were: Piano duets, vocal solos, violin solos and piano solos.

Dr. Frederick Schneider of Evanston, Ill., delivered a lecture on Sunday School Work at the Methodist church Friday evening, to a good sized audience. The lecture was very interesting to those who attended.

Rev. E. F. Wheeler, pastor of the Congregational church, is recovering from the effects of a sprained back, sustained one day last week. He is just able to be out again, and expects to have fully recovered by next Sunday.

Mankato Old Fellows celebrated the fiftieth anniversary of the organization of the order in that city, Saturday evening. There were a large number of members present from the surrounding towns and an excellent program presented.

One of the Mankato Movie Theatres came near having a fire panic Monday night. A slight explosion occurred and some one in the orchestra yelled for the audience to get out. No one was hurt so far as known and the damage was but small.

Carmen, the 5-months' old daughter of Rev. and Mrs. G. Albrecht of St. Peter, died at Gaylord, Sunday afternoon, while the parents were on their way with the child to their home from Hutchinson. The little one was stricken with pneumonia and the parents stopped at Gaylord for medical aid and care. Rev. Albrecht is a son of Rev. C. J. Albrecht of this city, and formerly lived here. The members of the Albrecht family attended the funeral, which was held at St. Peter yesterday afternoon.

More than 100 members of the local camp of the Modern Woodmen of America, accompanied by the Ex-Regiment Band went to Mankato Monday night, to take part in the initiation ceremonies of some 200 candidates into the order at that place. The evening's program was preceded by a street parade of large proportions, headed by several bands. The initiation ceremonies were witnessed by members of the order from all parts of the surrounding country. The New Ulm contingent returned on the late night train on the Northwestern road.

When Rev. Joseph F. Sodja of Searles, drove up First South street from the Northwestern depot about 1:30 Monday afternoon, his Ford collided with a switch engine on the tracks of the M. & St. L., without making any impression on the locomotive. The car was quite badly damaged. The brakes on the Ford failed to respond and the minister became convinced that he would never be able to miss that engine, and he didn't. He considers himself extremely fortunate that he escaped injury.

Several prisoners at the county jail were "mugged" Monday morning. The photographs included those of Tom Kennedy and William Smith, caught last week in South Dakota, accused of robbing a harness shop at Sleepy Eye and a saloon at Springfield; Clifford Henry and Robert Loftus, held for trial, charged with robbing a store at Sleepy Eye. The pictures with their Bertillon records, of Art. Henderson and Robert Burnes, held for robbing a store at Comfrey, were supplied to the local officers by the St. Paul police.

Will there be Real Music in your home at Christmas?

There is no one so unmusical as to believe that a talking machine produces real music. At best, a talking machine, no matter how much it costs, no matter what artists make records for it, no matter what claims are made for it by its manufacturers, gives only a hollow imitation of the original music.

The NEW EDISON is not a Talking Machine

This new invention of the world's greatest inventor is in no real sense a talking machine. It represents more than two million dollars spent in research work by Mr. Edison.

It represents the achievement of his ambition to produce a musical instrument which re-creates all forms of music so perfectly that the original cannot be distinguished from the re-creation. By hundreds of tests, before hundreds of thousands of music lovers, it has been proved conclusively that when an artist sings—or plays—in comparison with the New Edison's Re-Creation of that artist's performance, it is impossible to distinguish the original from the re-creation.

The music critics of more than 200 of America's leading newspapers testify to this fact in the columns of their own papers. We shall be glad to show you what the critics say.

Hear this new Invention

Come to our store and let us give you a concert of Re-created music. Come at any time. You will always be welcome. There is no obligation to buy. We merely want you to hear what we consider the world's greatest musical instrument.
