St. Peter claims to own a real honest-to-goodness millionaire. He is Dr. W. N. Trench, at one time a well known dentist of that city. He lives in Florida, where he is engaged in the real estate business. Dr. Trench's business partner died recently, leaving the doctor one-sixth of his eight-million dollar fortune. The fact that he has not lived in St. Peter for a number of years doesn't dampen the ardor of the town a bit; it claims him, anyway. If the doctor should happen to go broke, St. Peter, like other humanity, would probably forget all about him.
