

COMFREY GOES MAD FROTHS AT MOUTH

(Continued from 1st page)

after asked Sheriff Julius for protection. Apparently it looked to the Comfreyites as tho they were getting the worst of the fight that they had started and they immediately found it necessary to call upon the Sheriff of the county for protection.

Warrants Issued.

A warrant for the arrest of Phillip Mueller who committed an assault upon Alex Waibel was sworn out Saturday and no doubt further warrants will be sworn out against some of the ring leaders in this dastardly outrage.

The incident at Comfrey rather spoiled the entire trip for the boosters and quite a number went home from there. Others proceeded on their trip to New Ulm via Hanska and Searles. At Hanska they had no difficulty altho H. Chambard, the real estate dealer, started in to make a demonstration but he did not go any farther than that.

New Ulm Entertains Farmers.

The party arrived at New Ulm shortly before 7:00 o'clock and proceeded to Turner Hall park where they rested for several hours and listened to music rendered by Holmeister's Band. Quite a number of the citizens joined the boosters and visited with them while they were in the city. For the cordial reception given the farmers of Brown County by the citizens of New Ulm the boosters feel truly thankful and have requested the Review to extend to the citizens their sincere and heartfelt thanks.

In point of attendance the booster tour was certainly a success. Over 200 cars started from Sleepy Eye, the rallying point at 10:00 o'clock in the morning Friday and proceeded from there to Springfield via Cobden where they stopped in the park immediately adjoining the village and had their lunch. They were accompanied by the "Jolly Farmers Band" of the town of Leavenworth who played at every place where a stop of any moment was made—except Comfrey.

"CASCARETS" WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach,
Sluggish Liver and Bowels—
Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

UNION HOSPITAL

Miss Lucynthia Niche, of Gibson submitted to an operation last Friday. Mrs. Otto Buenger, of Sleepy Eye was brought to the hospital Friday. She has been operated on. Mrs. R. M. Hicks has fully recovered from her recent illness. She left the hospital Monday. Miss Irene Mord, of Winthrop underwent an operation last Friday. Mrs. Aug. Blank, of Nicollet who has been taking treatments at the hospital was well enough to leave Friday. Mrs. Wm. Gerber, of Walnut Grove was operated on Monday. Misses Helen Sandquist, of Lafayette and Alwina Asmus, of Gaylord were operated on last Saturday.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet
and fresh inside, and
are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal. Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do. The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

HARRY JOERN AEROPLANE PILOT

Last week's Review stated that the friends of Harry Joern had not heard from him for quite a while but the mail this week brought a very interesting letter dated May 22. His friends have passed it on to the Review so that the boys who get the paper may hear from their old school mate. He speaks of receiving a letter from New Ulm dated April 22, and says he is glad to know the chickens here are "doing their bit." He continues: "They are industrious little creatures in this country, and there seems to be no end to eggs. At the flying school where I have been I nearly lived on eggs because the food was so poor. However, I have finished there and have moved to an American camp and it surely is a fine place. The food is wonderful and we have good service and since coming here two days ago I have already noticed a change and I am feeling much better."

"At last I am a pilot, having passed all the required tests and am proudly wearing the two silver wings. If everything goes all right, I will be a first lieutenant in about six weeks and the commission will be very welcome after having waited all this while. "I am now waiting to go on the flying list to take up advanced flying on the faster machines. Our pay is to be reduced from \$100 to \$75. However, when I get my commission, I will be all right. It was news to me about Ben Seifert. I didn't even know he was over here."

"I must tell you about some flying experiences I had while passing my brevet tests. One test is to go up 2000 meters (3 feet equals 1 meter approximately) and stay at that height an hour. I started out one cloudy morning with a fur-lined combination suit, went up to 1500 meters and was to the clouds. I searched until I found a "window", an opening in the clouds, and circled around until I was above the clouds and climbed until I was up 3400 meters. Above me the sun was shining while below the clouds it was dark with here and there, the sun peeping thru to the ground. It became quite cold and I had to blow my nose occasionally and I stuck the handkerchief in my fur boot so I could get it easily. Well, the handkerchief froze stiff before I got down and there was still ice in it when I landed. But above the clouds it was wonderful. The clouds are puffy, fleecy white masses of fog and they roll and tumble around and here and there a tall column of cloud rises up a hundred feet above the rest and looks like a sentry on guard. I had been up there for some time when all at once I saw a falling star burn up about 300 yards ahead of my machine and I am still wondering what would have happened if it had hit my machine."

"The rest of my trips were without mishap or excitement, aside from one day when it was very rough and bumpy weather. I saw one fellow try to cut down some trees with his aeroplane wing but he only cut down three or four before the machine came down but he wasn't hurt at all. "The weather has been wonderful the last week and this is indeed Sunny France. The country, too, is all green and very picturesque, so it is really enjoyable to be out."

Harry closes his letter with kind remembrances to all his relatives and the "fellows at the store" and to the Retzlaffs, and with a few jokes showing that he is carrying around with him memories of the fun he had in Little Old New Ulm.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm
tender little Stomach, Liver,
and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

MOTHERS CLUB MEETS

The Mothers Club which was organized about a month ago held their first meeting last Friday at the Congregational church. The following program was carried out: Solo, Mrs. Higgs; Paper: Are Our Children Truthful? Mrs. C. I. Stone; Reading, selected, Mrs. F. H. Krook. General Discussion of what work should be taken up for the year. There are about twenty members of the club and they mean to give earnest effort to solving some of the problems that mothers of small children encounter. Announcement of the meetings will appear in the Review in advance of each meeting in order that all may be sure to be present, as the club very much desires to be a real help to its members thru steady assistance and cooperation.

BURNQUIST LEADS IN EARLY RETURNS

(Continued from first page.)

In several of the towns and voting precincts no democratic votes were cast at all. New Ulm cast 148 votes for the Democratic gubernatorial candidates, of which number Fred E. Wheaton received 126 and W. L. Comstock 22. Altho it was conceded all around that Lindbergh would carry New Ulm by a good majority but few expected that it would be so large as it turned out to be. Lindbergh received 800 votes to Burnquist's 234 thus carrying the city by 566 majority. This is certainly a vindication for Dr. L. A. Fritsche who was suspended and removed by Governor Burnquist as mayor of the city and no doubt it was meant as such by the voters.

In the Towns of Sigel the voters almost made it unanimous, giving Burnquist only one vote and Lindbergh 137. Other towns also showed up as veritable strongholds for Lindbergh and the statement frequently made by the farmers hereabouts that they would "stick" had a practical demonstration in the results of the election.

Very few reports from Nicollet County are available at this time we go to press. In the towns of Lafayette, West Newton and Brighton Lindbergh got a very heavy vote. In West Newton 133 votes for Lindbergh and 10 for Burnquist. Lafayette 161 for Lindbergh and 85 for Burnquist and Brighton 48 for Lindbergh and 13 for Burnquist. In these towns also Congressman Davis received a highly complimentary vote and Bryer of Sibley County has the lead for the nomination of Senator from the counties of Nicollet and Sibley. In these three towns also Gieseke has a very good vote and the town of Courtland gave him all votes except four and it can be safely assumed that he will carry the nomination. Louis T. Precht has every reason to feel proud of the vote that he received in the townships mentioned and he is quite confident that he will secure enough votes to be one of the candidates who will run in the fall election.

There were only two contests for County offices, one for Representative and the other for Register of Deeds. From the incomplete returns it would appear that Louis Spellbrink and Anton S. Dorn carried the nomination and will oppose each other in the fall election and for the office of Register of Deeds Fred Christiansen, the present incumbent, and Ed. McGowan of the town of Eden will fight it out in November.

MILITARY WEDDINGS

Miss Minnie Schmockel of Pryor Lake, Minn., and Captain John Lauterbach of Redwood Falls were married at El Paso, Texas, last Saturday, June 8, according to a message received by relatives of Captain Lauterbach living here. Full particulars have not been received but so far as can be learned, Miss Schmockel, who left Pryor Lake for Camp Cody last Wednesday, arrived in El Paso Saturday and was met there by Captain Lauterbach. The marriage took place at once and Captain and Mrs. Lauterbach returned to Camp Cody where the captain is in charge of Company I. Mrs. Lauterbach will spend the summer at the camp with her husband.

Mrs. Lauterbach has been a resident of Redwood Falls for the past several years, having taught school here. She leaves hosts of friends here who congratulate both her and her husband and wish them all that is good in their life together. Captain Lauterbach is one of the "home" boys of whom Redwood Falls is very proud and of whom the townsmen expect splendid things. —Redwood Falls Gazette.

A message announcing the marriage of Lieut. T. Otto Streissguth was received as a pleasant surprise by his folks here Saturday. His marriage to Miss Gladys Burnside of Neenah, Wis., took place that day at Columbia, S. C., near Camp Jackson where the groom has been stationed for the past few months since leaving Camp Grant, Ill. Announcement of the engagement of the young couple was made last fall and the prospects of an early transfer of the

groom for overseas duty hastened the marriage. Mr. Streissguth is a son of Mrs. K. Streissguth of this place and prior to his enlistment was a practicing attorney at Gaylord, having enlisted in the second officers' reserve training camp at Ft. Snelling last summer. After receiving his commission he was transferred to Camp Dodge, Ia., then to Camp Grant, Ill., and later to Camp Jackson, S. C.—Arlington Enterprise. Lieut. Streissguth is a cousin of C. G. Reim of this city.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

Two young men, strangers in this community, furnished quite a little amusement to a number of our citizens late Monday afternoon. Who they were and where they came from nobody seems to know, neither is it definitely known what time they reached the city. When notice was first taken of them they had both fallen asleep in their car which they had parked in front of the Meine Clothing Company. They slept very soundly and the usual noise on the street was unable to wake them up. One of those who saw them could not resist the temptation to take a picture of them. It is interesting to know how they could sleep so soundly when all the thirteenth parlors had been closed Sunday and also Monday, being primary election day.

YES! LIFT A CORN OFF WITHOUT PAIN!

Cincinnati authority tells how to dry
up a corn or callus so it lifts
off with fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain. A small bottle of freezezone cost very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin. If your druggist hasn't any freezezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.
