GATES HALF-SOLE TIRES

Get these three ideas firmly in mind:

First

They Cost Only 1/2 As Much

Second

They Are Puncture-Proof

Third

They are Over-Size, stronger and better than the Tires now on your car.

GATES HALF-SOLE TIRES are built like other Guaranteed Tires. Only the finest and most expensive fabrics and rubber are used.

Your worn casings hold the air pressure and Gates Half-Sole Tires take all the wear of the road.

This is the mechanical principle which is revolutionizing the tire industry.

300,000 Car-Owners are saving 1/2 and getting 5,000 to 15,000 more miles from the tires they used to throw away.

Before you discard another worn tire, investigate.
