A MARVELOUS INSTRUMENT

Mr. Edison, thinking over all the great inventions that have come from his master mind—the electric light, the moving picture machine, and hundreds of others—says that this is his favorite invention, his new phonograph with the Diamond Stylus Reproducer. You'll think so too. It is so marvelously lifelike—so sweet and pure in tone, so clear and real. It plays the Diamond Amberol records and gives all the fine results of the highest-priced musical outfits—it can not be described in print, you must try to know how wonderful it really is. Imitations, even costly ones, can not come anywhere near equaling it—and look at the difference in the cost!

ROCK-BOTTOM OFFER

When you try it you'll realize how many years of costly experiment and almost constant work Mr. Edison must have put in to make it so real and lifelike. And there is no reason on earth why you, too, should not own this amazing instrument now that we offer this rock-bottom price. It's a wonderful bargain! Certainly there is no reason left why you should be satisfied with anything less than this genuine Edison marvel.

REMEMBER—No Other IMITATION costing 3 times this amount can give you REAL MUSIC.

Also Remember the **EDISON Record** is the only Record which is practically unbreakable and will not wear out.

It's your duty to yourself and your family to inquire today. Do it now. Don't wait until prices have risen.
