FARM HELP FURNISHED FREE.

The U. S. Employment Service is prepared to furnish free of charge to the farmer any kind of labor that he may need, whether it be ordinary farm hands, or building tradesmen, or other kinds of mechanics, or female help, or man and wife to work on a farm, or in fact any kind of help that might be desired. To these offices of the U. S. Employment Service the working man can come and register his desire to work, and the kind of work without charge or fee. This is a peculiarly appropriate time for securing good farm hands because of the season of the year. The possibilities of making good selections at the present time are much better than they will be in four or five weeks when public improvements, building operations, and manufacturers resume their normal capacity. It is therefore urged upon the farmers that they list their wants early so that they may be assured a better grade of help.

Dr. Piper from Sanborn who recently was discharged from army service is spending several weeks at Chicago. He will return later to resume his practice at Sanborn.

Rev. G. E. Gamelin, formerly pastor of the German Methodist church at Sleepy Eye, died recently at a Minneapolis hospital. He had been at Sleepy Eye only for a few months when his illness forced him to resign his position. Afterwards he and his wife lived at his sons residence in Princeton.
