Wm. Pfeiffer, Art. Schief John Clobes, and E. Gohnast, four sturdy nimrods, were fortunate enough to bag four deer, while hunting near Duluth last week. They brought their quarry to New Ulm Monday and are now busy telling their friends all about their hunting expedition.

Supt. H. C. Hess delivered an address at the Mankato state normal school last Tuesday afternoon, having been invited to discourse on "The Elementary School Program." Supt. Hess has devoted considerable study and effort to this subject and the normal school management desired him to give the students the benefits of his investigations.

Mr. and Mrs. Harry Heymann of Huron, S. D., are expected here today to spend Thanksgiving at the home of the former's parents, Mr. and Mrs. Otto Heymann, on Center street.

Special home-coming services in the English language will be conducted at the Nicollet Lutheran church by Rev. F. Koehler tomorrow, Thanksgiving Day, commencing at 10 o'clock. At the close of these services in honor of the returned doughboys, the church's service flag with 20 stars will be demobilized. All of the World war veterans of the congregation have returned home, with the exception of Christ. Ginke and Elmer Oslund, who made the supreme sacrifice.

SENATOR KELLOGG BLAMES PRESIDENT CONDEMNS DICTATORIAL STAND OF WILSON IN REGARD TO TREATY.

TREATY, WITH RESERVATIONS, SHOULD HAVE BEEN RATIFIED, HE SAYS.

"The Republicans Americanized the treaty. The Democrats killed it." This is the statement today of Senator Frank B. Kellogg, who arrived in St. Paul for a short stay before the opening of the regular session of Congress the first of next month.

Senator Kellogg said he believed that many Democratic senators were in favor of the reservations which had been proposed by the friends of the treaty who wanted to see it made safe for the American people, but voted against it because President Wilson so dictated.

Friends Prepared Reservations.

"I regret exceedingly that the treaty was not ratified with its reservations," said Senator Kellogg. "Many of the Republicans worked earnestly to accomplish this object. These reservations, which were adopted by a large majority of the Senate, were prepared, not by the members of the foreign relations committee, but by friends of the treaty, and were fair, reasonable, protected American rights and American interests, and did not destroy the treaty nor the League of Nations.

"At the end, the American League to Enforce Peace, including Mr. Taft, President Lowell of Harvard and the men who so earnestly worked for the treaty, indorsed all the reservations and urged ratification with them making only one suggestion, that the form of the preamble be changed, and if that had been satisfactory to the Democrats, we would have been willing to agree to it. The only difference on this point was, instead of having it accepted by our Allies by exchange of notes, to have the acceptance by acquiescence.

Only Reserved Rights.

"For months the treaty's friends on the Republican side advised the President and the Democratic leader that reservations, in substance like those passed, would have to be adopted, not only to ratify the treaty, but to make it safe and satisfactory to the American people. But they have all insisted, as the President has, that the treaty must be taken without the dotting of an "i" or the crossing of a "t."

"The Republican friends of the treaty day after day voted against every amendment which would necessitate sending it back to Germany, only voting for reservations which would not require that, simply reserving certain rights to the American people.

Wilson's Attitude Blamed.

"In the main, these reservations are what the President claimed the treaty meant in any event. If that was so, there was no reason for objection except the President's arbitrary attitude that what he had done must not be changed or defined. As a matter of fact, in my judgment,

some of the articles would not bear the construction which the President placed upon them, and it was the Senate's plain duty to make the meaning clear.

"I know that many members on the Democratic side who voted against the treaty favored these reservations only voting as they did because the President dictated it. The compromise talk on the last night of the session came with bad grace.

"They knew the reservations had to be framed and voted on before the resolution of ratification could be voted on at all, and that the only time for compromise was before a resolution of ratification was proposed, which had to be one calendar day after the reservations had been agreed to.

"And during all that time, they refused to entertain any compromise whatever and stood for the President's uncompromising attitude. As late as Tuesday morning, Republican friends of the treaty had a meeting and notified Mr. Hitchcock that if he had any propositions to make he should make them before the resolution of ratification came to a vote. He declined to make any."

"Senator Nelson and I from the beginning, with other Republicans, have done all we could to insure prompt ratification, with protection for America's interests.

"As a matter of fact, the Republicans Americanized the treaty, the Democrats killed it. We believe that the greatest good can come to this people and that we can reach highest destiny through a spirit of American nationalism. We are differently situated from many European nations. Over there are many different races existing under different commercial and social conditions. What would protect them would not protect us.

All the valuable obligations necessary to an effective League of Nations were preserved. The agreement for arbitration, the obligation not to go to war without first having submitted the question to arbitration or to the discussion of the Council and the League, and all the machinery for the adjustment, conciliation and settlement of disputes remains.—St. Paul Pioneer Press.

**DARKEN GRAY HAIR,
LOOK YOUNG, PRETTY**

Sage Tea and Sulphur Dark
So Naturally that No-body can tell.

Hair that loses its color and lustre or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

J. H. FORSTER

NEW ULM, MINNESOTA

TO ALLEVIATE SUFFERING.

At a meeting held in the St. George Hall, Sunday evening, it was decided to undertake a drive for the benefit of the starving and suffering people of Germany and Austria. The parish was divided into six districts and two committee men appointed for each district. The drive was inaugurated Monday and will continue throughout the week. It is expected that the solicitors will meet with a ready response from the people of the parish, as assistance is needed at once to alleviate the terrible suffering in Central Europe. At the meeting Sunday evening, considerable interest in the matter was manifest and all showed a willingness to help.

Dominik Tascheny of Nicollet was a New Ulm visitor last Thursday.

J. W. Schouville and Herm. Weiske of Nicollet transacted business in New Ulm last Thursday.

The Sunday school board of the Methodist church will meet at the parsonage this evening.

Mr. and Mrs. Cyril Walrath of this city are the parents of a son, born last week Tuesday.

Miss Irene Stamm will spend Thanksgiving Day with relatives and friends at Minneapolis.

Dr. and Mrs. H. W. Rieke and little daughter, Marlye, expect to spend Thanksgiving Day with relatives at Arlington.

The John Franta family is now comfortably located in their beautiful new home on North Minnesota street, which has been in course of construction during the past summer.

Walter Thom of Nicollet submitted to an operation for the removal of his tonsils at a local hospital recently. Esther Muesing of the same place was operated upon for adenoids and enlarged tonsils.

Miss Hattie Enter, daughter of Mrs. R. H. Enter of Nicollet, is recovering from the effects of an operation for appendicitis, performed upon her at a local hospital recently.

The annual convention of the Minnesota State Union, American Society of Equity, will be held at Minneapolis next Tuesday and Wednesday, Dec. 2 and 3. One of the principal matters to come before the convention is the annual election of officers.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A good health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain and ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

COMMON WITCHHAZEL FINE FOR SORE EYES

It is surprising how quickly eye inflammation is helped by common witchazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash.
