Wishing You All A Happy New Year

We have just ended a very successful year. Our records for the year show a splendid increase in our business. And we are very grateful for that.

But the thing that pleases us most is the number of new friends that we have made during the year. A great many new customers came to us during 1919; and most of them, we know, came at the suggestion of our old customers.

Steady growth of patronage, such as we have enjoyed, bespeaks much for our service. It shows that people are decided in their preference for the store that tries to make customers rather than merely sales.

For the year 1920 we pledge the continuance of the high standards by which our business has grown.
