

## 112 HOMES VISITED BY SCHOOL NURSE

MISS EMMA POTTER'S REPORT  
ON FEBRUARY ACTIVITIES  
IS INTERESTING.

MINOR AILMENTS AND DEFECTS  
FOUND AMONG PUPILS OF  
LOCAL SCHOOLS.

A report which should prove very interesting and instructive reading for parents whose children attend the local public and parochial schools, was read at the regular monthly meeting of the board of education, Monday evening of last week. It is the report of Miss Emma Potter, school nurse, relative to her activities during the month of February.

### 112 Homes Visited.

One of the important duties of the school nurse is to visit the homes of pupils, where a conference with the parents is deemed necessary for the best interests of the children. During the past month, Miss Potter visited no less than 112 homes, which no doubt have benefited as a result thereof. These visits are made without cost to the parents and often give the nurse an opportunity to be of some assistance to people who could not afford to pay for this service. It is a humanitarian service.

### Examined Many Pupils.

Miss Potter visited all of the grade buildings, as well as the Lutheran and Holy Trinity Catholic parochial schools, during the past month, and we glean the following data from her report to the board of education:

At the Emerson building, eight pupils were re-examined, but no new defects were found. A number of children were excluded from attending classes, as follows: On account of chicken pox, 3; mumps, 1, and whopping cough, 7; a total of 11. Four pupils received treatment for defective teeth, one had his glasses re-fitted and another received ear treatment. The total number of defective and still untreated children was 41.

Two pupils at the Washington building were excluded on account of colds, while four others have received dental treatment. According to Miss Potter's report, there are still 30 defective pupils in this building who have not as yet been treated.

There were four pupils re-examined at the Franklin building, but no new defects were found. One scholar was excluded on account of having a cold, while two others have received dental treatment. The number of defective and still untreated children is five.

In the Lincoln building, 25 pupils were re-examined, but new defects were not a parent. Two children were found to have enlarged tonsils, while another had defective teeth. Two of these were referred to a physician or a dentist for treatment. Five scholars were excluded from attending classes on account of contagious diseases, as follows: Mumps 3 and whopping cough and chicken pox, one each. The treatments received by pupils in this building were as follows: Tonsillectomy, 1; dental treatment, 2. Twenty-two defective children were still untreated when Miss Potter made out her report.

### Lutheran School.

The number of pupils examined by Miss Potter at the Lutheran school was three, of whom two were found to be defective. One of these children was afflicted with a nasal obstruction, while the other's teeth were defective. Both of them were referred to a physician or a dentist for treatment. Four children were excluded from attending classes, namely, three for chicken pox and one for mumps. The number of defective children who have not as yet received medical attention is seven.

### Holy Trinity School.

At the Holy Trinity Catholic school 49 pupils were examined, of whom 26 were found to be defective. The afflictions, as classified by the school nurse, were as follows: Defective teeth, 16; defective vision, 1; defective hearing, 1; enlarged tonsils, 10; orthopedic defect, 2; skin disease, 1. Seventeen scholars were referred to a physician or a dentist for treatment, while six were excluded on account of being afflicted with the mumps. The nurse's record of treatments of pupils of this school is as follows: Teeth treated, 10; glasses fitted, 1; glasses re-fitted, 1; ear treated, 1. Thirty-six defective children had not as yet received treatment.

## THE BARNABYS, DRAMATIC ENTERTAINERS AT ARMORY.

Unique Program in Store for Patrons Of New Ulm Lyceum Bureau Entertainments.

The last of five entertainments given by the Midland Lyceum Bureau of Des Moines, Iowa, under auspices of the New Ulm Lyceum Bureau, will be held at the Armory next week Wednesday, March 17. Those who have attended these concerts and lectures do not have to be told that the performers engaged for these occasions are true artists in their respective lines. Something unique will be offered next Wednesday by The Barnabys, Paul Jones Barnaby and Dorothy McGaw Barnaby. They present a dramatic program of great variety and high artistic standing, consisting of humorous and dramatic readings, character impersonations in make-up, piano solos and musical readings, monologues and great moments from great plays. The greater part of the material used in the program is original. The program abounds in good humor, and is well balanced with enough of music to give variety.

### IS 84 YEARS OLD.

Mrs. Maria Lehmann celebrated her 84th birthday in a close family circle. A number of her close friends were also present at the occasion which took place Friday, February 27. Mrs. Lehmann is one of the oldest pioneers in the city having come here in the spring of 1857. She has been ailing for a number of years. One of her two sons, Paul, is a resident of this city, while the other, Fred F. Lehmann, lives in Sioux Falls, S. D. The *Review* joins with Mrs. Lehmann's many friends in wishing her many happy returns.

## NEW PROPRIETOR AT LYRIC THEATRE

THEO. MELZER PURCHASES LOCAL PLAYHOUSE ON SO. MINN. STREET.

J. O. AND C. L. REED OWNED PICTURE TEMPLE SINCE APRIL 1, 1919.

Theo. Melzer, owner of the Fair Store at the corner of Minnesota and First North streets, is the new proprietor of the Lyric Theatre, since April 1, 1919, in the possession of J. O. Reed and his son, C. L. Reed. The attractive movie house, which for some time was known as the American theatre, has made many friends under the able leadership of Mr. Reed, Jr., and Mr. Melzer expects to keep the good will of these movie fans and possibly increase their number. There will be no change in the policy of the management as far as the high standard of pictures is concerned. The Paramount pictures which are viewed in all parts of the country to the entire satisfaction of movie house visitors will remain an essential part of the weekly program.

### Goes To Minneapolis.

Mr. Melzer who took possession of the play house early last week went to Minneapolis on Wednesday to take the necessary steps in arranging for continuance of the contracts entered into by Messrs. Reed with film companies there.

### To Return To Sioux Falls.

The Reed families who have made many friends here during their short stay intend to return to Sioux Falls, S. D., where they had their former home. A death and a case of illness in the family made it desirable for them to make this change. It is said that their enterprise here was a big financial success.

### "Flu" Has Subsided.

Miss Potter closes her report to the board of education with the encouraging statement that the influenza epidemic seems to have subsided and that the attendance is good in all grades.

### HUGO ROSE CONVALESCING.

Hugo Rose who, in an accident at the Eagle mill several months ago, suffered severe internal injuries was able to leave the hospital Saturday a week ago. For more than three months he received medical treatment at this institution and even now his health has not been restored to normal. There is hope for his full recovery, though, according to the opinion of the doctors in whose care he has been.

## TAX COLLECTIONS TOTAL \$175,715.08

INCREASE OF \$57,561.81.—STATE GETS \$33,825.11, COUNTY, \$44,283.52.

CITIES, VILLAGES, TOWNSHIPS, 52,944.14.—\$44,662.31 FOR SCHOOLS.

The largest March settlement in the history of Brown county was completed Thursday evening, when County Auditor Louis G. Vogel and County Treasurer Henry J. Berg compared figures of their respective offices, showing that a total of \$175,715.08 had been collected in taxes in Brown county between Jan. 1 and March 1, this year. This settlement is larger by \$57,561.81 than that of March, 1919. The fact that the enormous work connected with the settlement was completed in less than four days proves the excellent manner in which the two county officials conduct their records. After the reports from the various banks throughout the county, relative to the tax collections made by them, had been received, the work of figuring out the settlement went forward and was carried out without a hitch. As usual, Messrs. Vogel and Berg have the distinction of being the first county officials to report their March settlement to the state auditor.

### Get Biggest Share.

The cities, villages and townships in Brown county get the largest share of the March settlement this year, namely, \$52,944.14, as compared with \$39,691.99 last year. The second largest amount goes to the school districts, 88 in number, which receive a total of \$44,662.31. The school districts were apportioned the sum of \$35,912.50 out of the March settlement last year. The county's share of this year's March settlement amounts to \$44,283.52, as against \$30,014.41 last March, while the sum to be paid the state this year is \$33,825.11, compared with \$12,634.37 in March 1919.

The statement for the March settlement for 1920 reads as follows:

| State.                             |             |    |         |
|------------------------------------|-------------|----|---------|
| State revenue                      | \$27,272.82 |    |         |
| State school                       | 5,072.75    |    |         |
| State university                   | 206.17      |    |         |
| Mortgage tax and money and credits | 1,273.37    |    |         |
| Total                              | \$33,825.11 |    |         |
| County.                            |             |    |         |
| County revenue                     | \$12,792.82 |    |         |
| County poor                        | 5,717.67    |    |         |
| County road and bridge             | 22,976.32   |    |         |
| County ditch                       | 2,328.67    |    |         |
| Penalty                            | 468.04      |    |         |
| Total                              | \$44,283.52 |    |         |
| Cities, Villages and Towns.        |             |    |         |
| New Ulm                            | \$18,493.53 |    |         |
| Sleepy Eye                         | 9,915.36    |    |         |
| Springfield                        | 5,230.14    |    |         |
| Comfrey                            | 1,878.05    |    |         |
| Hanska                             | 900.26      |    |         |
| Evan                               | 432.69      |    |         |
| Cobden                             | 288.83      |    |         |
| Albin                              | 863.95      |    |         |
| Bashaw                             | 1,193.14    |    |         |
| Burnstown                          | 1,325.48    |    |         |
| Cottonwood                         | 811.99      |    |         |
| Eden                               | 1,079.04    |    |         |
| Home                               | 1,002.17    |    |         |
| Lake Hanska                        | 889.05      |    |         |
| Leavenworth                        | 955.05      |    |         |
| Linden                             | 1,341.38    |    |         |
| Milford                            | 882.25      |    |         |

| 18                                 | 174.49      | 61 | 138.36  |

(Continued on page 2.)

## CAN'T EVEN GET TOBACCO IN GERMAN AUSTRIA.

Ferdinand Turnherr Tells of Hardships Endured on Trip to Fatherland.—Much Suffering.

In a letter written to Peter Kitzberger of this city, Ferdinand Turnherr, a former resident of New Ulm, who left here shortly before the Christmas holidays last year to return to his birthplace, Dornbirn, Vorarlberg, Austria, the latter tells of the hardships endured by him enroute to Europe, as well as of the suffering encountered upon his arrival at his destination.

Mr. Turnherr crossed the Atlantic on a French steamer and the journey required five weeks' time. Provisions ran low and the passengers and crew were forced to be satisfied with greatly abbreviated rations. The writer states that the expenses of his trip, from the time he left New Ulm until arriving at Dornbirn, were over \$300. He was obliged to wait in New York for 12 days, before being able to secure passage, as he missed the steamer on which he was to sail by a small margin.

Mr. Turnherr expresses regrets for having left the United States, owing to the great hardships and suffering encountered in Austria. He complains of not being able to secure any smoking tobacco, as it is not to be had at any price. A quart of milk costs 150 heller (pre-war exchange value about 30 cents) and all necessities of life are scarce and very expensive. It is hard to obtain a bare living.

Mothers club will meet Friday evening, 7:30 at Mrs. Geo. Hopen on South State Street.

Miss Adela Maass of Gaylord is a guest at the home of her brother-in-law and sister, Mr. and Mrs. Wm. Schroeck.

## LOCAL QUINTETE BESTS SLEEPY EYE

GAME AT MANKATO SATURDAY EVENING WAS FAST AND FURIOUS MILL.

FINAL GAME OF CONTEST WITH MINNESOTA AT LAMBERTON FRIDAY, P. M.

No wonder the sun is shining brightly! The New Ulm high school quint wrested the honors from Sleepy Eye at a fast and furious game which was staged in Mankato, Saturday evening, and as a consequence the heroes are being idolized by local basket ball fans and "fanettes." They deserve all the credit given them, for it was no small task to work their way to the enviable position now held by them.

### Meet Minnesota at Lambertton.

Now for the final mill to decide the district championship! This will take place at Lambertton, Friday afternoon of this week, when the fat local quint will meet the husky lads from Minnesota, who defeated Tyler for the high honors in the west end of the district with a score of 26 to 24. One lone basket turned the trick and put Minnesota in the winning class. The victors at Lambertton will represent this district at the state basket ball tournament to be held at Carleton College, Northfield, Wednesday, Thursday and Friday of next week. And we all hope that his honor will be conceded to our invincible quintette.

### The Mankato Game.

Monday's Mankato Free Press contained the following information relative to the game played in that city between New Ulm and Sleepy Eye Saturday evening:

New Ulm high clearly demonstrated its superiority over Sleepy Eye high in the basket ball game at the Y. M. C. A. Saturday night by a score of 25 to 18. The tears fought it out every second of the contest but the better basket shooting ability and guarding of the New Ulm players was soon apparent in the first half. New Ulm secured five field goals to two for Sleepy Eye in this half which was 11 to 3 at the end. Sleepy Eye scoring four on free throws to one for New Ulm.

In the second half the winners slowly pulled away and by some clever work by Esser and Shapiro increased the lead to 25 to 18. Winning this game, gives New Ulm the right to meet Tyler or Minnesota for the championship of the district.

## GOVERNOR ROASTS 3 PARTY LEADERS

SMITH, CARPENTER AND RAHN CHARGED WITH ATTEMPT TO CONTROL C. O. P.

EXECUTIVE'S WAIL DISCLOSES BREAK AMONG PLUNDER-BUND FORCES.

Governor Burnquist has "spilled the beans!" In a scizzing statement given out at the capitol for publication, Minnesota's chief executive goes after Ed. Smith, Fred H. Carpenter and A. A. D. Rahn, prominent republicans of Minneapolis, whom he charges with attempting to oust the governor's secretary, Gustaf Lindquist, as state chairman, because Burnquist failed to appoint Carpenter as chairman.

### Anxious To Get Control.

The governor says: "These men have been and are anxious to get control of the politics of this state. Their policy has come to be one of rule or ruin. They well know that the attitude of the present administration has been and is one of independence; that it is at all times against any corporations or individuals when it thinks they are in the wrong and for these that it feels are in the right. It is evident that this Minneapolis clique is not satisfied with such a position. What they want is an administration that is for them whether they are right or wrong.

### Destroying Party, He says.

"If this Smith-Carpenter combination is Republican, they should help build up the Republican party. Instead of doing that, they are attempting to destroy it. Why they are doing so is evident from the facts that I shall disclose and which I feel the people of the state ought to know.

"In the last campaign, E. E. Smith was very anxious to have Mr. Carpenter appointed state chairman. Because of his connection, I felt this to be inadvisable. I took the position that I wanted Mr. Lindquist as the campaign manager, for I knew he had no affiliation with any interests or factions that would lead to any embarrassing complications in the independent course I wished to pursue.

### See Aid for N. P. League.

"Certain reporters, who have been on intimate terms with the Smith-Carpenter element, are now engaged in fomenting the opposition of men who are not familiar with the facts. The attitude thus assumed is one that will assist the Nonpartisan League and the enemies of the Republican party. The last attack on the state chairman which was inspired by them because of a letter written to a former employe at the latter's request, stating my position on the presidency, is an illustration of the smallness of their tactics.

### Threat to Ruin Administration.

"During the regular legislative session, Mr. E. E. Smith served notice on me that he would ruin the Republican administration of this state if I, as governor, opposed in any way the proposed convention bill which I felt would mean a return to the old boss-ruled convention system.

"Since refusing to appoint Mr. Carpenter as state chairman and taking the position that I took on the proposed convention bill this Smith-Carpenter faction have endeavored in every way possible to embarrass the Republican chairman chosen at my suggestion—Mr. Gustaf Lindquist.

### Discloses Serious Break.

The governor's lamentation directed at the three prominent Republicans mentioned above, discloses a bad break among the plunderbund forces in Minnesota and created quite a stir in political circles throughout the state. It is taken as an indication that Gov. Burnquist realizes that he has reached the end of his gubernatorial career and that his accusations are but a parting shot at his party enemies. At any rate, the opportunity is ripe to elect the gubernatorial candidate selected by labor and the farmers.

## INTERESTING LECTURE BY BUSINESS EXPERT.

Commercial Club Committee Secures G. W. Sulley of Dayton, Ohio.

"The Troubles of a Merchant and How to Stop Them" will be the subject of an interesting lecture by a business expert, G. W. Sulley of Dayton, Ohio, for the benefit of the businessmen of New Ulm. Mr. Sulley is the business lecturer of the National Cash Register Co., and his services were secured by a Commercial Committee consisting of A. Schulte, Andrew Saffert and Chas. A. Stolz.

Mr. Sulley's talk will be illustrated by an interesting film which tells the visitor a big, gripping story of a merchant who was a failure and became a success. The picture points out lessons from which every business man may profit and it is said that merchants who have seen the film are enthusiastic over it.

The lecture will be held at the Armory on Thursday, March 18, and it no doubt will prove of interest and benefit to our local merchants and businessmen.

### TO AID CHILDREN.

Attention again is called to the meeting which has been arranged for tonight, Wednesday, at the Lecture room at Turner Hall for the discussion of plans how to best centralize the relief work in the city for the suffering children in Central Europe. All ladies taking an interest in this work are invited to attend the meeting.

Herman Radtke, son of Fred. Radtke of this city, and the latter's son-in-law, Henry Schmiesing, both of Lucan, visited at the Radtke home this week.

## THE GRAND UNDER NEW MANAGEMENT

THEATRE ON NORTH MINNESOTA STREET LEASED TO OUTSIDE CORPORATION.

G. W. SCHLOTTMAN WILL BE STOCKHOLDER AND ASSISTANT MANAGER.

New Ulm's new movie house, The Grand, which was completed about two months ago also has changed hands as far as its management is concerned. On Saturday, March 6, this popular play house on the north side was leased to the United Theatre Corporation of America for an indefinite period of years. G. W. Schlottman, the owner, became a stockholder in this corporation, which has taken over the management of the local motion picture theatre.

### Mora Man Is Manager.

Guy Tyler of Mora, Minn., is the new manager of the Grand theatre. Mr. Tyler was the owner of a theatre at that place and he is said to have had a large experience in this line of business. With the assistance of Mr. Schlottman he intends to make the Grand theatre one of the centers of amusement for young and old in this city by securing only the best that can be had in the movie market.

### Have 20 Theatres.

He will have the necessary backing and assistance of his corporation, which at present is running 20 picture houses in the larger cities of Minnesota, South Dakota and Iowa. Two of these theatres are located in Minneapolis, the center of the movie world in the Northwest.

What prompted Mr. Schlottman to enter into this agreement with the United Theatre Corporation was his desire to be relieved of some of his burdens. The Grand hotel will remain under his management as heretofore.

### CANDIDATE FOR GOVERNOR.

Willis M. West, formerly a professor at the University of Minnesota, will probably be the choice of the Nonpartisan League for its gubernatorial candidate. Mr. West is a member of the Committee of 48, which had a convention in St. Louis last December, when it adopted a platform favorable to the organized farmers and labor. He is also an ardent supporter of the World War Veterans' Auxiliary. While not extensively known throughout the state, Mr. West would make a very acceptable candidate and would no doubt fill the governor's chair efficiently and creditably.

## UNIT OR PLANT STILL UNDECIDED

CITY COUNCIL CONSIDERING ALL SIDES OF WEIGHTY PROBLEM.

SALE OF CITY BONDS MEETS WITH FAVOR, SUBSCRIPTIONS SHOW.

That the "city fathers are still in doubt in regard to the best solution of the "plant" problem was shown at an informal meeting held Monday evening at the council chambers, which was attended by representatives of the different banks and by the members of the Board of Public Works. The question is whether, under the circumstances, it will be best to add another unit to the present power plant or to build an entirely new structure. The discussion at the meeting, which centered about the bond issue which will have to be floated in either case, showed that no decision was reached by the council in regard to this question, but it was emphasized that all due consideration should be given the present inflation of prices and the financial situation of the city's treasury.

### To Call For Bids.

In a short outline of the situation, City Attorney Dempsey who, together with the members of the finance committee, has made a special study of the problem pointed out that the best way to arrive at a fair and correct solution of the problem would be to advertise for bids on both the addition of a separate unit and the erection of a new plant. Then, the council could decide for the one or the other. Following this, the bond issue could be taken up, and the people would know exactly what proposition to vote on.

### How To Float Bonds.

The discussion of the bond issue, of how the bonds should be handled, was the real object of the meeting. This was stated by President B. F. Krook in his opening remarks and again during the course of the meeting when the remarks of some of those present drifted away from this subject. Mr. Dempsey explained in his talk that the state law limits municipal bonds to 5 per cent, but that it permits the sale of these bonds to citizens or banks direct. The question would be how they should be handled. Mr. Dempsey proposed to sell the bonds through subscription lists.

### Committee Appointed.

The bank representatives were asked what their opinion was in regard to the bond issue and in what way they would be willing to aid in floating the bonds. After a short deliberation in the committee room, A. L. Boeck stated that the bank representatives present would present the matter to their various board of directors and that they personally as bank officers would speak favorably to the boards. As far as they themselves were concerned they would do everything in their power to advertise the matter, Mr. Boeck stated. The other bank members present were L. B. Krook of the Brown County bank, F. H. Krook of the Citizens State Bank, and Ed. A. Stoll of the State Bank of New Ulm. President Krook thanked them in the name of the council and proceeded to appoint a committee which is to take care of the sale of the bonds in case they are favorably voted upon by the people. This executive committee consists of the finance committee of the council, the mayor, the city attorney, Ferdinand Crone, J. A. Ochs and Geo. Marti. It was left to them to select other members of the committee.

### More Revenue Needed.

Another matter discussed at the meeting was to find ways and means how to increase the present small income of the city. Members of the Board of Public Works took part in this deliberation and it was generally conceded that something has to be done to make both ends meet in the financial transactions of the city. Attention was called to the present flat assessment of \$65 for sewer extensions. F. D. Minium told the council that the ordinances in other Minnesota cities do not provide for any fixed sums but that the property owners there are assessed according to the amount of cost of a certain improvement. The assessments vary according to the nature of the work. The matter will be taken up at a meeting of the Board of Public Works with City (Continued on page 2.)
