Mr. Charles Weschcke of St. Paul, formerly of New Ulm and Springfield, writes us that he intends to give a description in next week's paper of agricultural lands near Kensal, N. D. Realizing that many wrong statements have been made about North Dakota he suggests to any readers who wish to know the truth that they write home on any subject pertaining to the state and he will answer to the best of his ability. Naturally because of his greatest interest in farmlands located in Foster and Stutsman Counties in the southeastern part of that state he knows more about this particular locality. He has made dozens of trips there since 1912 so is in a position to write from experience. Watch for Mr. Weschcke's descriptive article next week. Adv. 14
