ESSIG AND VICINITY.
Mrs. Wilbur Strate of Searles returned home Tuesday after a few days' visit at the home of her parents, Mr. and Mrs. H. J. Albrecht.

Ernie Schulz is nursing some boils on his face and hand.

Miss Dorothy Isaacs of Sleepy Eye visited our school (Dist. 50) Monday of last week.

Arthur Lambrecht gave the blood that was necessary to give his mother, Mrs. Gust. Lambrecht, a blood infusion. Mrs. Lambrecht was very weak, but is feeling better.

A large party of friends gathered at the home of Mr. and Mrs. Val. Knees Sunday evening to help the former celebrate his birthday anniversary. The evening was spent with card playing and other amusements and a delicious luncheon was served.

Speckman Brothers shipped a carload of stock to St. Paul last week, and another carload this week.

N. W. GYMNASTS ARRANGE CONTEST

NEW ULM TURNERS ENTER TWO CLASSES IN ANNUAL EVENTS AT U.

ATHLETES OF THREE STATES WILL TAKE PART IN SATURDAY MEET.

Next Saturday, March 25, the Northwestern Athletic Meet at the University of Minnesota will take place. This will be the twelfth annual contest of the Northwestern Gymnastic Society and two classes from the local Turn Verein will take part in the competition. The contestants are divided into several classes depending upon the ability of the different performers and the New Ulm men have entered the competition as Class B and Class C. The members of the former team are Walter Engelbert, Thomas Pfander, Reinhold Kunze, John Heymann, Hugo Schleuder, Jr., Cornelious Schneider, and the other team consists of Kurt Bell, Frank Niemann, Jr., Herbert Buschers, Herman Bong, Art Fiemeyer and Harry Joern.

At University Armory.
There will be work on the horizontal bars, parallel bars, side horse, flying rings, tumbling, and club-swinging. Last year one hundred and seventy competitors took part in the 11th annual contest which was staged at the Armory of the University. The St. Paul Turn Verein took highest place with a score of 96.11 points. Knights of Columbus came next with 95.2 points, St. Olaf College third, University of Minnesota, fourth, University of Wisconsin fifth. There was some splendid work done and an audience of nearly 500 people witnessed the exhibition, showing the interest that is taken in gymnastic events nowadays.

Winners Last Year.
Last year's individual all-around championship was won by Ernest F. Carlson of the University of Minnesota; Joseph Zikan, Sokol Society, stood second, and Elmer Mangney, Minnesota, third. Carlson took first place on the horizontal bar, parallel bars and rings, John Curtin of Wisconsin won the side horse event, Lawrence Carlson of Minnesota captured the tumbling honors, and Walter Porth of Wisconsin won the club swinging.

The Class B championship went to A. Grossman of the Turnverein St. Paul, while his teammates, W. Perl and H. Perl, took second and third places.

In Class C, the novice division, Fritz Strand, St. Olaf College, won the highest honors; Perry Olson, South High School, Minneapolis, was second; H. Simerson, St. Olaf, stood third.

In addition to the plaques, cups and medals awarded to teams and individuals, over 100 certificates of the society were granted to competitors for excellent work.

A feature of the program was the display of Bohemian national dances by men and women of the St. Paul Sokol Society in their native costumes. The institutions represented last year were the following:

St. Anthony Turnverein, Minneapolis; Sokol Society, New Prague, Minn. Citizens Club, Minneapolis. South High School, Minneapolis. Knights of Columbus, St. Paul. Luther College, Decorah, Iowa. Stout Institute, Menomonie, Wis. Turnverein, New Ulm, Minn. St. Olaf College, Northfield, Minn. St. Paul Playgrounds. Sokol Society, St. Paul. University of Minnesota. University of Wisconsin.

All of these and others will probably take part this year. A number of New Ulm people expect to attend the Meet.

H. E. Fay, who is now cashier of a bank at Belle Plaine and who at one time was assistant cashier at the Brown County Bank, has been selected as the new cashier of the State Bank of Lambertson. He has already rented the Dr. Wachter home and will remove to Lambertson with his family in the near future.

Wilhelmina Katz passed away at the home of her daughter Mrs. John Reardon of Lambertson, Monday, March 6. The deceased was at one time a resident of the city of New Ulm having lived here five years. She was born in Germany April 22, 1841 and came to America with her family in 1868. From New Ulm the family removed to Renville and later to Oklahoma where they lived for four years. Prior to coming to Lambertson nine years ago they had spent three years in North Dakota. Mrs. Katz is survived by five daughters and five sons. Funeral services were conducted at the German Lutheran Church Friday afternoon, March 10.

"FLAPPER" FLOPS IN "ENCHANTMENT."

Interesting Angles Treated in Marion Davies' Picture.

Have you a daughter of the "flapper" age whose ways are beyond understanding—who thinks the world was created for and around her—who you love with all your heart but cannot quite comprehend?

Are you a "flapper" yourself? Admit it. It is the best age after all, for it is the one time in your life when you have a very high opinion of yourself. And do you find it hard to educate your mother and father? Don't they seem to you a little old-fashioned, a little behind the times?

Is your best girl a "flapper"? You may think this is the most unkindest cut of all. It isn't, for she will not only grow out of it but while she is in it she is an adorable chatterbox who thinks herself as nice as you think her. But did you ever try to tame her? It is a perilous thing and may cost you her love if you don't do it well.

These three angles of the "flapper" question are three of the most interesting angles in present day life. All three viewpoints are presented and worked out in "Enchantment," a Cosmopolitan production for Paramount starring Marion Davies, which will be shown at the Lyric Theatre tonight. In support of Miss Davies are: Forrest Stanley, Tom Lewis, Edith Shayne, Arthur Rankin, Corinne Barker and other notable players.

COUNTY DITCH ESTABLISHED.
Judge Olsen Decides Adversely On the Project of a Game Refuge at Rose Lake and the Ditch Will Now be Constructed.

Last Wednesday Judge I. M. Olsen made his order denying the application of the plaintiffs who sought to enjoin the County Commissioners of Brown County in laying out County Ditch Number 49. This action was brought by the State of Minnesota through Carlos Avery, individually and as State Game and Fish Commissioner of the State of Minnesota and John Polta who sought to enjoin the County Commissioners from draining Rose Lake which forms a part of the drainage project covered by County Ditch 49.

In his findings, Judge Olsen says that County Ditch Number 49 is designed to drain the wet lands and furnish outlet for the further drainage of a basin of approximately 2500 acres of agricultural land in Brown County and that the soil is rich and suitable for agriculture and that the construction of the Ditch will be of public benefit.

The Court also finds that Rose Lake has an area of 149 acres and that it is no longer of sufficient depth to be of any use for fishing, boating or water supply and that it is a feeding ground for wild ducks and that wild ducks are hunted and shot thereon in fairly large numbers by many hunters during the open season and that the lake is also inhabited by numerous muskrats and that such muskrats are trapped and caught therein every season.

The Court is also of the opinion that because more than six months elapsed before the starting of these proceedings that neither of the plaintiffs can now collaterally question the order laying out said ditch. The Court further finds that John Polta, one of the plaintiffs, is a resident and tax payer of the city of New Ulm and resides more than ten miles from this lake and owns no real property which would in any way be affected by the ditch in question; that Carl Avery, individually, has no interest in the matter; and that the State of Minnesota in its sovereign capacity has an interest in meandered lakes as trustee for the public of its rights in such water.

The order establishing County Ditch Number 49 was made by the County Board of Brown County August 30, 1920. Now that the Court has dismissed the injunction proceedings, there seems to be nothing in the way of having the County Commissioners go ahead with the project.

WATONWAN WILL STAGE CROW HUNT.

(Continued from page 1.)

staged to start on the morning of April 23 and ends 6 P. M. Monday May 1st. Prizes will be paid by our club for Watonwan County as follows: On old crows, \$10.00, \$3.00 and \$2.00; for young crows \$3.00, \$2.00 and \$1.00 and egg prizes of \$2.50, \$1.00 and 50 cents. "Only the heads of the crows are to be brought to the committee; Frank J. Appel, George Hartung and Fred Uhorn at the rear of the St. James Garage, where credit will be given. Eggs will be delivered to the same Committee.

This is what we are doing in Watonwan County and this is also just what we ask the adjoining counties to do in co-operation with us on these same days. We want to ask you to begin your publicity at once, form the necessary committee in your organization if you have one and if you have no organization FORM ONE.

"We have 543 members in our club here and will make it 700 within the next thirty days. If you cannot form your organization just now try and get together on this crow hunt.

A National Crow Hunt.
"A National Crow Hunt has been inaugurated in the United States this year and the campaign material issued says: "It is estimated that every year insects cause a loss of millions of dollars to the farmer, truck raisers and fruit growers. The farmers are the producers and whatever loss they sustain affects every consumer in the country. Song and game birds are the natural enemies of all insect life—song birds alone can keep in check the ravages of insects. Crows destroy birds, birds destroy insects, insects destroy crops—therefore, kill the crows and save the crops. April, May and June are the proper months of the year to make an organized attempt to eradicate these pests. Their nests are usually repaired or built anew the latter part of March and four to seven eggs are laid early in April. The period of incubation covers 17 to 18 days and the young remain in the nest about three weeks after hatching." We sincerely hope that this will meet with your favor for immediate action.

Yours truly,
WATONWAN GAME & FISH CLUB,
Harold A. Lamb, sec'y.

How Firestone Has Reduced the Cost of Tire Service

Size	Jan. 1921 Prices	Jan. 1922 Prices	Reduction
30 x 3 Fabric	\$18.75	\$ 9.85	47%
30 x 3 1/2 "	22.50	11.65	48%
30 x 3 3/4 Cord	35.75	17.50	51%
32 x 4 "	56.55	32.40	43%
33 x 4 1/2 "	67.00	42.85	36%
33 x 5 "	81.50	52.15	36%

HOW the cost of building quality tires has been brought down to the lowest level in history was explained by H. S. Firestone, President of the Company, to the stockholders at the annual meeting on December 13, 1921.

- All inventories and commitments at or below the market.
- Increased manufacturing efficiency and volume production reduced factory overhead 58%.
- Selling costs reduced 38%.

Mr. Firestone stated, "This reduction in prices is made possible by our unusually advantageous buying facilities, and the enthusiasm, loyalty, and determination of our 100% stockholding organization."

"Due credit must be given to Firestone dealers who are selling Firestone tires on a smaller margin of profit. This brings every Firestone saving direct to the car owner."

The saving through first cost, plus the saving through high mileage, doubles Firestone economy and is daily adding new fame to the Firestone principle of service.
