Wednesday, April 26, 1922.

So the *Journal* admits they get their information from *Review* headlines. We knew the *Journal* depended on the *Review* for most of its local items, but we really expect you to look up your own front page information, brother, and not shove the blame for your mistakes on us. We have enough to do to answer for our own errors without yours being charged up against us too. You have two full-sized men acting as editors. Ought to be able to get your stuff without depending on us.

We are certainly in favor of economy in city affairs which will ultimately have a tendency to reduce the taxes which have climbed to dizzy heights but we can not approve of the action of the Council in reducing the wages of hand labor and team labor on the streets. If we are correctly informed some of the day labor is only employed three months during the year and none longer than six months. If they were employed the whole year round and paid the reduced schedule there would be no reason for complaining. As it is if they want to retain their job on the street force they can not take any other steady work but must always be on hand at the call of the street commissioner.

The action of the City Council in deciding to establish the auto camp in Turner Hall park which entails an expense of all the way from \$1000 to \$1500 to the city unless this expense can be raised by voluntary subscription, does not smack of economy where practically no expenses would arise to the city if the Tourist's camp were located in North German Park proper where there is fully as much room as there is in the Turner Park and which from every other viewpoint is fully as desirable if not more so than the Turner Park. We are more than satisfied that the majority of the tax payers would prefer to have the street force continue to receive the old wage, rather than to have the savings made by the proposed wage reduction employed in putting up expensive buildings on private property.

CREDIT GIVEN FOR PRACTICAL EXPERIENCE.

Miss Ida Koch, instructor of the local Normal Training Department of the New Ulm schools, has recently received from the State Department of Education the following communication which should prove interesting to those young teachers who are planning on continuing their work in the profession.

Graduate departments shall be organized whenever the required minimum number of eight high school graduates per department shall make application for enrollment.

The minimum scholastic requirements for admission to these departments shall be the completion of the full high school course, or sixteen credits.

The presidents of the State Teachers Colleges unanimously approved the

WE SAVE YOU MONEY

For good work, teleph. 409 or 1177L

following resolutions relative to the granting of advanced credit to students who complete the work of such graduate departments:

"Resolved, that a student who has graduated from the Normal Training Department of a Minnesota high school shall be entitled to twelve of the twenty-four credits required for graduation from the two year courses of the Minnesota State Teachers Colleges provided:

"A. That such student shall have graduated from a Normal Training Department which is maintained strictly on the post-graduate basis.

"B. That such student shall have had one year of successful rural school teaching experience after completing the post-graduate work in a Normal Training Department.

"C. That the student shall successfully complete at least two consecutive terms in the Teachers College from which she is to receive her diploma."

Any post-graduates desiring to enroll in such a department should notify the Superintendent of Schools immediately. Cards will be passed upon by the State Department not later than May 20.

CITY COUNCIL PROCEEDINGS.

At the last regular meeting of the city council here it was decided to accept the proposition of the Turner Society to use their park for a tourist camp. It is planned to make an agreement for five years and the city will erect a building for the accommodation of tourists. This building is to be 14 by 24 in size and will be made of brick which will be donated by the Aufderheide Brick Yards.

Counselor Aufderheide who made the offer of the donation said he thought that donations should be solicited so as to bring the expense to the city down to a minimum. A committee was therefore named, consisting of Charles Kuehbach, Frank Niemann, J. P. Graff, H. O. Schleuder and Henry Held. The building will be roomy enough to accommodate several parties at one time and there will be a fully equipped kitchen and lavatories.

Mayor Fritsche requested that the license of Wenzel Schloegel be revoked and that no license be granted to William Manderfeld who was asking for a transfer of the Schloegel license to him. The reason for the mayor's action in this matter was that he had received numerous complaints as to the method of conducting the place. The mayor stated that he frequently receives anonymous communications but he can not act upon any such thing and any one who wishes action must come out in the open. The council finally voted to grant the transfer of the Schloegel license to Manderfeld.

The appointments of the mayor were confirmed by the council as follows: City Attorney, Albert Pfander; City Marshal, Alvin Harmening; First Night Watchman, Ed. Wagner; Second Night Watchman, John Herzog; Third Night Watchman, Anton Groebner, Jr.; City Assessor, Julius Krause; Street Commissioner, Herman Schemann; City Engineer, F. D. Minium; Park Overseer, Albert Ring; Cemetery Keeper, Aug. Kuester; Member of the Park Board for three years, Albert J. Meyer; Member of Health Board, one year, Dr. Clarence Gieseke, two years, Dr. A. C. Amann; Poundmaster and Dog Catcher, Charles Clements. The only question of these appointments was that of street commissioner Schemann, but this appointment was confirmed the following evening at a reduction in salary of \$20 per month.

Other reductions in salaries were \$10 per month to those on the police force and the same reductions for the park overseer, cemetery keeper and street sweeper. Chief Harmening will receive \$115 per month and other members of the force \$90 per month.

Street work prices have been reduced by the council to 50 cents per hour for team labor and 25 cents and 30 cents per hour for hand labor. This is a cut of 20 cents per hour on team labor and 10 cents an hour on hand labor. The municipal plant salaries were referred to the members of the light and water committee for report.

The council appointments are as follows: Superintendent Electric Light and Water works, H. H. Huevelmann;

Street Sweeper, Gust Garbrecht; Janitor Municipal Building, Gust Meyer; Dairy Inspector, Dr. Clarence Gieseke; Fire Marshal, Chas. Brust, Sr. The New Ulm Review was designated as the official paper.

The salaries which will be paid to city employees not mentioned above are as follows: Mayor, \$100; Councilors, \$100; City assessor, \$1000; Health officer, \$100; Fire Marshal, \$75; Pound master \$50. All of these receive the amount stated for their year's service. The monthly salaries of the other employees are as follows: clerk, \$220; treasurer, \$50; attorney \$60; engineer \$195; Supt. of municipal plant, \$300; dairy inspector \$25; park overseer and cemetery keeper, \$65 each, and street sweeper, \$70.

NICOLLET CO. POPULATION INCREASING.

Births exceeded deaths in Nicollet county this year more than two to one, despite the fact that such a large number of pioneers have passed away during that time. The total number of births in the county was 268 and the number of deaths, exclusive of the state hospital, was 176. The statistics for the county are as follows:

| Births Deaths | |
|--------------------------------|-----|
| Belgrade | 16 |
| Bernadotte | 11 |
| Brighton | 8 |
| Courtland Village | 4 |
| Courtland Township | 18 |

CURIOSITIES OF DAILY NEWS.

Oddities and Novelties in Happenings of General Interest.

Suing his wife for divorce, a deaf mute of Chicago complains that his spouse used too much rough language in her finger talk.

In London a suit for "facticitation of marriage" has been filed by a man against a woman who annoys him by claiming to be his wife when she is not and never has been. This is the first legal action of the sort for more than a hundred years.

From Texas comes the tale of a physician who has discovered what is called a "truth serum," which, when administered to a suspected criminal paralyzes his imaginative faculties so that he can tell only facts and not thoughts which are not true.

New York has an inventor who has perfected a means by which rays of light, allowed to play upon the letters on a printed page, are converted into musical sounds, pleasant to hear, so that the blind can read through their ears.

Denver, Colo., is to furnish blind persons with police whistles, which, when blown at street crossings, will cause traffic cops to halt all traffic while the sightless cross the street in safety.

A Maryland legislator has introduced a bill which will make it illegal for more than two persons to ride on the front or three on the rear seat of automobiles, with the idea that it is crowding a machine which produces accidents. Some of his confreres have asked the author of the bill if he didn't mean it for street cars.

The suggestion to make the year consist of 13 months is not meeting with favor. Most people think the first of the month comes too quickly now.

GARDENER SCORNS SOCIETY BELLE

HAS NO USE FOR A SWEET-HEART FROM THE UPPER CRUST.

VIOLA DANA GETS HER WAY AS USUAL AND WINS MAN SHE WANTS.

"The Fourteenth Lover," which will be the big feature at Turner Theatre, next Sunday afternoon and evening, is a wholesome romance of a very fickle flapper, portrayed by the popular screen star, Viola Dana in the role of Vi Marchmont. Vi has thirteen suitors to start with and a father who wants her to concentrate on one. The one she concentrates on is the fourteenth, a gardener on her father's estate. He is a university man, but is not considered eligible by the wealthy Marchmont family. And Vi is not considered eligible by the gardener. He does not like these society girls whose lives seem remote from ordinary human emotions.

Willing to make Sacrifices.
But Vi's emotion is very ordinary and very human. She knows she is in love, and is ready to live in a hall bedroom, if necessary, to have the man of her choice. Her father steps in and discharges the gardener, whereupon Vi prepares to fit herself to become a gardener's wife. She takes up cooking, sewing and other economic arts, and conspires with the gardener's mother to overcome his pride. This leads her into a scandalous adventure, but St. Peter finds the fourteenth lover is really her only love.

An All-Star Cast.
Besides Viola Dana, the all-star cast of the "Fourteenth Lover" includes Jack Mulhall, Theodore von Eltz, Kate Lester, Alberta Lee, Frederick Vroom and Fronzie Gumm.

Mack Sennett Comedy.
Our comedy for next Sunday afternoon and evening will be one of Mack Sennett's latest and best laugh festivals. We will also have another of those beautiful hand-colored Prizmas.

Ladies Will Give Dance.
Eight members of the Ladies' Turner Class will appear in the Blue Danube, an artistic dance, as our spotlight number, and there will be an excellent musical program by our Orchestra de Luxe.

DRUGGISTS

Free Saturday Matinee.
We have secured another exceptionally fine program for our Saturday matinee, which starts promptly at 2 o'clock. Remember, everybody is welcome, so come and have a good time. Bring the whole family and your friends. Plenty of room for all. It costs you nothing to see these excellent educational and entertaining programs.

No Night Show Saturday.
There will be no evening show next Saturday evening, as we have decided to put on these extra performances only when there is an exceptionally big program. Watch this paper for announcements as to future Saturday evening shows.

Remember that we have three shows every Sunday, at 3, 7 and 9 P. M., and the admission is only 10 and 25 cents.

Yours for wholesome entertainment,
Adv. JAY E. GOULD.

POLITICAL.

The undersigned has filed as candidate for county commissioner for the Town of Milford in the Third Ward and solicits the voters' support.
adv. 17p August Backer.
