VOTE PROGRESSIVE TICKET ON NOV. 7

TAKE TROUBLES TO BALLOT BOX. SUPPORT FARMER-LABOR NOMINEES.

ELECT ROMBERG, KRAMER AND SPELBRINK TO THE LEGISLATURE.

Voters of Minnesota will have an opportunity to elect a United States Senator, a Governor, other state officers, Congressmen, members of the state legislature and county officers at the general election November 7.

When voters go to the polls they will receive three ballots, samples of which are produced elsewhere in the Review, giving the names of candidates running for office. One of these is the state ballot, another the county ballot and the third a ballot giving the two Constitutional amendments to be voted on by the people.

Three Parties In Race.
The three parties which have entered candidates on the State ticket are the Farmer-Labor, Democratic and Republican. The campaign has centered about the heads of the tickets of these parties. A short sketch of each of these principals follows.

Dr. Henrik Shipstead, Farmer-Labor candidate for the United States Senate, has pledged himself to work for the interests of the farmers and wage earners. Two years ago, as a candidate for governor on the Farmer-Labor ticket, he polled 281,402 votes. If it had not been for the Harding landslide he would probably have won out.

Dr. Shipstead's Record.
Dr. Shipstead served for two years as mayor of Glenwood, Minn., and then went to the state legislature where he made a 100 per cent labor record. He was selected to head the Farmer-Labor ticket because of his thorough progressiveness, his knowledge of the problems of the farmers, his interest and support of the workers, and his broad gauged view of all national problems.

The chief opponent of Dr. Shipstead is Frank B. Kellogg, present Junior Senator from Minnesota and candidate for re-election on the Republican ticket. Senator Kellogg was an attorney for the steel trust for 15 years before elected to the Senate. He was counsel for the International Harvester company after his election, and during his six years in the Senate he has voted in the interests of big business and not the common people.

Kellogg Voted For Tariff.
Senator Kellogg cast his vote for the Fordney-McCumber tariff bill which will raise the cost of living by \$4,000,000,000. The bill was drawn by eastern manufacturers to protect them from foreign competition and the rest of the country must pay the bill. It gives the farmer a slight protection on some things he raises but charges him five times as much for articles he must buy.

DEER FINDS NO PLACE LIKE HOME

LEAPS FENCE AT THE SCHELL PARK AND ROAMS FOR ELEVEN DAYS.

RETURNS FRIDAY, ANXIOUS TO JOIN COMRADES IN ENCLOSURE.

After 11 days of liberty during which it roamed over a wide area, a beautiful doe belonging to the August Schell herd returned to the deer park last Friday. During its rambles a number of persons caught glimpses of the fleeting animal but it did not stay in any place long.

The doe leaped over the eight foot wire fence of the park on October 16 when efforts were being made to capture it. A dog in the pasture took after the frightened animal and without hesitation it ran at full speed to the fence and sailed over the top. The plan was to send the deer to the Mayo park at Rochester.

Deer Frightens Cows.
Joe Schnobrich in Sigel township reported two days later to E. A. Hagberg of the Schell company that his cows had come galloping into the barnyard the previous afternoon. Running to find out what the trouble was, he had seen the deer disappearing into the woods. Other glimpses of the deer were reported 20 and 30 miles from here.

Deer Years For Home.
Having tired of its pleasure trip and seeming to have come to the conclusion that there is no place like home, the deer returned to the Schell park last Friday. When a brewery employe was going to work in the morning he noticed the doe standing on the hillside and casting longing eyes toward its kin in the park. The gate was opened and the animal rushed through happy to be at home again.

Second Escape From Park.
During its sojourn the animal had evidently tapped many a good hay stack for it was in excellent condition, Mr. Hagberg reported.

This is the second time that there has been an escape from the Schell Park. Back in 1914 a tree blew over breaking down the fence. Eight deer walked out but all, with the exception on one, returned of their own volition and were recovered.

RECEIVES SPANISH SWINDLE LETTER

LOCAL MERCHANT ASKED TO AID BANKRUPT IN SPANISH PRISON.

The old Spanish swindle letter has again made its appearance in New Ulm. This game to extract money from the pockets of the unwary has been tried out in this country for 30 or 40 years and is not expected to find many new victims at the present time.

The letter which has been received by a local merchant is as follows:
Madrid, 29-9-22
Dear Sir:
Being imprisoned here by bankruptcy I beg your aid to recover a sum of \$360,000 I have in America being necessary to come here to raise the seizure of my baggage paying to the Registrar of the Court the expenses of my trial and recover my portmanteau containing a secret pocket where I have hidden one check for that sum.
By reward I offer the third part viz \$120,000.

I cannot receive your answer in the prison but you must send a cablegram to a person of my confidence who will deliver it to me.
Awaiting your cable to instruct you all my secret.
Yours truly
R. de L.
P. S. First of all answer by cable not by letter as follows:
Clemente Platero
Lista Telegrafos
Bilboa, Spain.
Postmaster Fred Pfander explains that about a year ago several of these letters were received here and this last missive is taken to herald a new outbreak.
The swindle is worked, according to postoffice inspectors, by a gang in this country who have an accomplice in Spain. If the person who receives the letter is foolish enough to send a cablegram he is approached again by the gang who endeavor to extract from him what money he has.

LA FOLLETTE TO SPEAK TONIGHT

WILL URGE THE ELECTION OF SHIPSTEAD IN SPEECH AT MANKATO.

COUP ALARMS MACHINE. MANY NEW ULM PROGRESSIVES WILL DRIVE DOWN TO HEAR ADDRESS.

Senator Robert M. La Follette will speak at the Mankato Armory tonight (Wednesday) in his only campaign address for Henrik Shipstead, Farmer-Labor candidate for United States Senator, outside of the Twin Cities. This is the message which has been received by Dr. L. A. Fritsche, Mayor of New Ulm, from Arthur Schaub, prominent St. Paul attorney. It is confirmed by press dispatches. Many New Ulm progressives are planning to drive to Mankato for the meeting which will start at 8 p. m.

Bringing Senator La Follette into Minnesota to campaign for Mr. Shipstead is the greatest sensation of the campaign and has thrown terror in the Republican machine ranks. In an effort to counteract La Follette's influence the machine arranged a hasty meeting last night at the Mankato Armory and is running opposition meetings to the Senator in the Twin Cities.

Fights Special Interests.
Senator La Follette comes into Minnesota in a fighting mood having defeated the same interests which are opposing Shipstead by some 200,000 votes in his state of Wisconsin at the primaries. He will come to Mankato tonight direct from North Dakota where he campaigned Monday and Tuesday in the interests of Lynn J. Frazier, candidate for United States Senator. Senator La Follette will speak Thursday at the Minneapolis Armory and Friday at the St. Paul auditorium.

Secure Auditorium.
The auditorium at St. Paul was secured for Senator La Follette's address after the Minnesota State Fair board under pressure of the Preuss-Kellogg machine refused the use of the Hippodrome at the State Fair grounds. Although the State Fair board brought Vice President Calvin Coolidge to Minnesota last fall to make a speech before the grandstand to a State Fair audience it refused the progressive Senator of Wisconsin permission to speak in one of its buildings.

Canfield Obeys Machine.
During negotiations for the use of the Hippodrome, Thomas H. Canfield, secretary of the State Fair board, characterized Senator La Follette as "Pro-German" and a "Socialist." Following the refusal of the Hippodrome arrangements were made to secure the Peoples' church for the St. Paul meeting as the Auditorium was not available. But by a last minute coup the progressive forces rented the Auditorium through a shift off in its schedule of engagements.

Senator La Follette will speak to 8,500 persons in behalf of Henrik Shipstead in the St. Paul Auditorium while for the same night the Republican machine has secured the Garrick theater with a capacity of less than 1,500.

Attorney Burton A. French of Minneapolis was in town yesterday looking after business matters in connection with a death claim in the case of Roy Dysart who died as the result of injuries sustained in an accident. After settling up the business Burt tarried awhile to visit with old friends. It will be remembered that Mr. French was associated with Albert Steinhauser in the law business before he entered the service in 1917.

THREE YOUNG MEN SWIM ON SUNDAY TO COOL OFF.
Swimming in the big Cottonwood river last Sunday, October 29, was the interesting experience of Fred Naumann, athletic director of Turner hall, Dr. Kurt Bell and Frank Niemann. The three young men went out for a hike and by the time they reached the Big Cottonwood river were so warm that they felt the need of a cooling swim. They reported the water warm.
The maximum temperature recorded in New Ulm Sunday was 79 degrees, Alex Henle, volunteer meteorologist, reported. This is a record for this time of year.
With the rain Monday night the mercury dropped to 40 degrees Tuesday morning. The total precipitation for Monday and Tuesday was more than one inch, Mr. Henle said.

OFFER REWARD OF \$300 FOR CHICKEN THIEVES

Town and county authorities are offering \$300 reward for information leading to the arrest of chicken thieves who have been raiding coops in West Newton, according to information received by the Review from August S. Strate, West Newton town clerk. Mr. Strate declares that thieves have raided his coop and many of his neighbors. They come in the middle of the night and are thought to travel in a high powered automobile.

ANNA D. OLESEN ATTACKS KELLOGG

DEMOCRATIC NOMINEE EXPOSES CORPORATION RECORD OF SENATOR. PLEDGES VOTE TO UNSEAT NEWBERRY IF SHE IS ELECTED.

With a campaign cry of "Eventually A Woman in the United States Senate, Why Not Now?" Anna Dickie Olesen, Democratic candidate for this office from Minnesota, drove into New Ulm in her Ford automobile Thursday and addressed an audience in which the women largely outnumbered the men at the Armory.

Mrs. Olesen scathingly attacked the record of Senator Frank B. Kellogg and confidently assured her audience that she would be elected to the Senate from Minnesota. She was introduced by F. W. Johnson as a "brilliant, courageous, little woman who measures up to the requirements of the high office."

Aks For Support.
"I have campaigned as strenuously as a man, speaking as often as seven times a day," Mrs. Olesen said. "I have already won the election and am now piling up a majority. Don't vote against me because I am a woman, but support me because my vote in the United States Senate will be progressive on the great issues of the day."
"There are some who believe that if the predatory interests are satisfied politically the people should be. Nations have gone to the wall which followed this doctrine. I believe that the people must control legislation, not the corporations."

Last Congress "DID Us."
"The last Congress was not a do-nothing Congress as many charge. It did us with the highest kind of a tariff which forgot the great central west. Predatory interests placed their seal and stamp of approval on its work."
"The members of President Harding's cabinet possess twice as much money as any other cabinet in the history of the country. They think in terms of millions of dollars while we are accustomed to think in terms of dollars. They belong to the Packard crowd which is levying tax on the Ford crowd."

Kellogg Represents Trusts.
"Frank B. Kellogg belongs to the Packard crowd. For 15 years he was the paid attorney of the United States steel corporation, the greatest trust in the United States. He doesn't represent the common people of the state."
"The Fordney-McCumber tariff bill which was put over on the nation by this Packard crowd will raise the cost of living four billion dollars. Senator Kellogg voted for that bill. The bill represents the eastern manufacturing concerns and the wool growing states of the far west. It ignores the middle west."

Living Costs Are Increased.
"The bill increases the cost of fertilizer \$48,000,000, of sugar \$115,000,000 and of cost of living for women, \$1,000,000,000. The tariff will increase the cost of overalls, leather gloves, cotton gloves, buttons, pins and almost every common article which persons buy. It will not however increase the cost of telephone poles, railroad ties or water."
"By this tariff the present Congress has declared the worst trade war in history upon Germany, Austria and other European countries. America shuts out European goods which Europe could sell here and receive money to buy from us. What the farmer wants is a market in Europe for his goods."
Farmer Gets the Cobs.
"Advocates of the tariff bill, including Senator Kellogg, declare that it gives farmers protection. They know full well that the American farmer exports and does not import. The bill gives him \$1 protection and charges him \$5 for products. It is as if a bushel of shelled corn went to eastern

ELECTRIC LIGHTS WILL BE CUT OFF

COUNCIL DECIDES ON DRASTIC STEP TO COLLECT ACCOUNTS.

POLICE WILL COLLECT BILLS WHICH ARE NOT PAID ON TIME.

The light committee of the City Council has decided that no more mercy can be shown residents of New Ulm who are delinquent in paying their bills. Hereafter bills which are not paid by the twenty-fifth of the month will be turned over to the police department for collection. If the police cannot get the money, the lights will be disconnected.

Payments Are Slow.
The committee decided upon the need for drastic action last week after William Backer, city clerk, reported that every month there was between \$300 and \$600 which could not be collected on time and that some of the accounts were questionable.

Electric lights are billed from the fifteenth of one month to the fifteenth of the other and the bills are mailed out the first of the month. If the account is not paid by the twentieth of the month or five days after it is due, a ten per cent penalty is attached.

Police Will Collect.
The committee decided to put into effect its new regulation at once and Chief Alvin Harmening has now in his hands 25 or 30 bills for collection which were not paid by October 25. Police officials are asking each of the delinquents to pay at once and if the money is not forthcoming Superintendent H. Huevelmann will be instructed to turn the lights off without delay.

No Reason For Exceptions.
The light committee points out that this is the practice followed by private corporations and is necessary for good business. Because New Ulm owns its own plant there is no reason why any exceptions should be made to first class business procedure in the opinion of the committee.

Hugo Gebser returned Monday evening from a two months' visit with his brothers in Idaho.

FIRE THREATENS MACHINE SHEDS

FLAMES EXTINGUISHED BEFORE MUCH DAMAGE DONE. LOSS IS \$1,000.

A fire breaking out on the roof of the F. H. Retzlaff warehouse on the Chicago and Northwestern tracks last Friday afternoon threatened for a few minutes to destroy the structure but was quickly extinguished by the New Ulm volunteer fire department. The loss will not exceed \$1,000, fully covered by insurance, according to Mr. Retzlaff.

Wind Carries Grass.
Section men were burning the grass between the Chicago and Northwestern and Minneapolis and St. Louis tracks when burning tufts were carried by the wind to the roof of the warehouse. The shingles caught fire and an alarm was turned in.

Hole Burned in Roof.
The fire department responded immediately and using chemicals extinguished the flames in short order. A hole was burned in the roof and shingles damaged. Because the warehouse is a frame structure the fire would have been difficult to stop had it once got a start.

MOTOR INN BAR IS CLOSED FOR GOOD

COURT ORDERS SHERIFF TO SELL PROPERTY, WHICH HE HAS SEIZED.

ACTION AGAINST PFAENDER AND GRAFF DISMISSED. REINKE TO LEAVE.

The abatement proceedings to close the Motor Inn, 10 South Minnesota street, came to an end Saturday when at a hearing before Judge I. M. Olsen it developed that Helmuth Reinke, proprietor, had gone out of business, and counsel for J. P. Graff, the new owner of the building, informed the court that hereafter the structure would only be rented for a legitimate undertaking.

"The nuisance has abated itself," W. T. Eckstein, county attorney, said. "Since the remedy sought has been secured and the new owner can be depended upon to see that the place is conducted in the proper way, the state does not feel disposed to inflict punishment or a fine on any one."

Judge Olsen Enters Order.
Judge Olsen entered an order finding that the place, as conducted by Reinke, had been a nuisance and ordering the sheriff to sell the articles including a bar and back bar which he had seized. He dismissed the action against Albert Pfander and J. P. Graff who had been named as defendants with Reinke in the original proceedings and ordered that property covered by a chattel mortgage of Mr. Pfander's be released by the sheriff.

Ask Nuisance Abated.
Both H. N. Somsen, as attorney for Mr. Graff, and Mr. Pfander joined in asking the court to abate the nuisance. Mr. Somsen declared that since Mr. Graff had secured control of the building on October 2 he wanted Reinke ousted so that he could rent it for legitimate purposes. Mr. Pfander said that the chattel mortgage which he held included one ice box, one cash register, six chairs and a table seized by the sheriff but had no connection with any bar or utensils for the dispensing of liquor.

Reinke To Leave City.
Albert Flor, attorney for Mr. Reinke, informed the court that the Motor Inn had been closed since the abatement proceedings were instituted on October 16 and that his client had sold out his property at an auction last Friday. He asserted that Mr. Reinke was going to leave New Ulm for St. Paul where he had secured a position.

Affidavits Are Read.
Mr. Eckstein read a number of affidavits from federal prohibition agents as the basis of the state's action to close the Motor Inn. The affidavits were signed by Z. A. Pattison, A. H. Tetzlaff, John Stone, Kenneth I. Weld and Dwight F. Raines. They recited that on different occasions from March 29, 1922 to August 16, 1922, the agents had bought drinks of white whiskey "commonly called moonshine," and diluted alcohol in the Motor Inn. On August 14 Pattison alleged that he had purchased a pint of moonshine for \$2.50, which showed an alcoholic content of 33.7 per cent when it was analyzed by the government chemist.

Eckstein Addresses Court.
Mr. Eckstein explained that Mr. Graff and Mr. Pfander had been named as defendants with Reinke in the proceedings because the law provided that owners and agents of real and personal property included in such case should be cited to appear. He asserted that William Rosenbrook, named as owner of the premises in the original proceedings, had never been served as further investigation indicated the building had been purchased by Mr. Graff previous to the institution of the suit on October 15.

Red Cross Chapter To Plan For Roll Call.
C. A. Stolz, president of the East Brown county chapter of the American Red Cross, will call a meeting some time this week to make plans for the annual roll call which will begin on Armistice day, November 11 and continue until Thanksgiving day.

Judge Charles F. Hall of Fergus Falls has been named as State director for the roll call this year. Judge Hall had active charge of the Liberty Loan drive during the war and more recently conducted a campaign for funds for the Near East and also directed Clean Up Squad work in behalf of the veterans of the World war. He is widely known throughout the state.
Judge Hall will direct all arrangements for the Roll Call and will be assisted by Miss Grace Hayes, who is the active representative of Red Cross service in Minnesota.

TOMSCHKE DEFEATS ANDERSON IN FAST MATCH

Joe J. Tomschke of Gibbon threw Fred Anderson of Chicago, for two out of three falls at the Turner theatre October 25 in one of the best wrestling bouts staged here in recent years. The first down went to Tomschke in 27 minutes, the second to Anderson in six minutes. Alex Vogel, promoter, expects to arrange a bout in the near future between Tomschke and Johnny Hoefler, champion of South Dakota.

Mrs. W. C. Cockroft underwent a minor operation at the Union Hospital on Monday morning.
