SIX POUND TROUT CAUGHT AT ST. J. CENTER

Oscar Astle Lands a Big Square Tail in Passumpsic River Sunday A. M.

Sportsmen had a real thrill Monday morning when A. Oscar Astle of St. Johnsbury Center walked through the streets carrying a fish that measured 27 inches and weighed almost six pounds. It was the handsomest California brown trout, popularly known as the square tail that has been seen in St. Johnsbury for many a day.

Mr. Astle caught the fish under the iron bridge at the Center by the depot at 6 o'clock Sunday morning. He knew the big fish was there and he started out with the determination to land him. He got his pole, some stove pipe wire for his line and the customary worms and prepared to land the denizen of the deep. He hooked the fish all right, but in pulling him out of the water the fish worked himself free and dropped on the shore. Mr. Astle dropped his pole and jumped on the fish, grabbing him by the gills and securing the prize.

Mr. Astle tried to land this fish a year ago, but the big fellow was too wary and up to Sunday had outwitted all fishermen who tried to get him on their hook. The fish must be several years old and probably escaped when a fireline from the United States Hatchery and worked his way up the Passumpsic river.

"Take them in your arms;
Look lovingly in their eyes;
Breathe pretty words in their ears;
And they'll all kiss—
From babies to grandmothers."
Says Lew Cody in
"THE BELOVED CHEATER"

DON'T FAIL TO HAVE CALEDONIAN-RECORD FOR YOUR VACATION

Don't fail to have the Caledonian-Record with you on your vacation. All you need to do is to drop into the office in St. Johnsbury or in Newport and leave your vacation address and 25 cents or mail us your order with the money. The paper will be mailed you direct every night.

When you are sitting on the veranda at that seashore hotel, or when you have returned to camp at night from that fishing trip, or when you're back to the hotel from a tramp in the mountains, you will find the Caledonian-Record, filled with the doings of the home folks, there to greet you.

The cost of this service is only 25 cents for two weeks. You cannot afford to be without it. You are placed on the special vacation mailing list and the paper goes to you as fast as Uncle Sam's service can handle it.

Woman's Club Will Hold Lawn Party

The annual lawn party of the St. Johnsbury Woman's Club will be held Thursday afternoon at three o'clock on the grounds of the Woman's Club House Association. The executive board meeting will be held at 2 o'clock at the Club House. Mrs. B. A. Palmer, chairman of the social committee, and Mrs. Ida P. Brooks, chairman of the music committee, are preparing for a delightful afternoon, and all club members and invited guests will be welcomed to the one social function of the Club's summer activities. Through the courtesy of Mrs. A. L. Bailey a piano is to be installed for the program of the afternoon, which will consist in part of music by a ladies' quartet and readings by Miss Shiril Elloff, one of St. Johnsbury's talented young ladies.

FOSTER-WHITE

Miss Helen Foster, daughter of Mr. and Mrs. S. H. Whiting of 29 Portland St., and Laverne H. White of Hardwick were united in marriage at the North Congregational church parsonage on Saturday, June 26, by the Rev. F. B. Richards.

Mr. White is employed at the Fairbanks Scale Works. The couple left on a short trip after which they will reside in St. Johnsbury. A host of friends unite in extending best wishes for a long and prosperous life of happiness.

\$60,000 LOSS BY FIRE AT HOME FOR BOYS

FAIRFIELD, Me., June 28.—The Prescott Memorial building at Hinkleley containing the administrative offices of the Good Will Home for Boys and Girls conducted by Rev. George W. Hinkleley, was burned today. The loss was placed at more than \$60,000.

To Read and Remember
The chief cause of the ill health of the American people is CONSTIPATION. If the waste of the body is not properly disposed of daily, indigestion must result. When there is indigestion there is an improper assimilation of food, loss of flesh, and in time a general run-down condition affecting the whole nervous system and often causing disease of various organs.
THE AMERICAN LITTLE LIVER TABLETS is the "Best General Regulator." They act as a general tonic to the stomach and bowels; nature is simply aided in doing her work properly and good health results. They are purely vegetable. Dose—One or two at night as needed. In case of chronic constipation, one half to one glass of hot or cold water, night and morning is helpful.
THE AMERICAN THROAT TABLETS have been carefully compounded to meet the general demand for a general throat tablet, to be dissolved in the mouth for hoarseness, sore throat, tonsillitis, coughs and colds. As children cannot gargle, and the American Throat Tablet is as palatable as candy it is the remedy par excellence for them. They are helpful to the stomach and cannot be surpassed as a preparation to be kept in the house at all times. Directions—Dissolve one in mouth every hour or two as needed. Small children, one-fourth to one half tablet.
NAZOL is an antiseptic, soothing nasal ointment for CATARRH AND COLDS. It is composed of Boric Acid, Sodium Chloride, Menthol Oil of Eucalyptus and White Petrolatum,—a formula that meets with the approval of physicians.
NAZOL is put up in heat metal tubes. If you have catarrh, or cold in the head, try Nazol. These preparations can be procured of your regular dealer, or will be sent by mail upon receipt of price.

BABY KILLED AS RESULT OF AUTO CRASH

Car of Berlin, N. H., Family Struck by Speeding "Road Hog" on Hurlburt Hill

A nine-months old baby, the son of Mr. and Mrs. P. A. Sloat of Berlin, N. H., was almost instantly killed and Mrs. Sloat severely cut and bruised when the Ford car which Mr. Sloat was driving was "ditched" by a speeding autoist on Hurlburt Hill in Waterford Sunday afternoon. The "road hog" disappeared without waiting to find out the extent of the damage to the Sloat car or to learn the fate of the occupants. The police are now searching for the driver of the speeding car.

The accident took place near the watering trough on a sharp curve on the Hurlburt hill road. A speed maniac rounded the curve and side-swiped the Ford car with such force that the car was thrown into the ditch. The rocks by the side of the road forced the car to such a sudden stop that the Sloat baby was thrown from the car and landed on a pile of rocks. The baby's head was so crushed that it died within a few minutes.

In the car with the Sloat family was Mr. and Mrs. John McKenzie and wife and child from Gorham, N. H. Mrs. Sloat was severely cut and bruised by striking the side of the car but was not thrown out. The injured were taken into the Remick house at the top of the hill and Chief of Police Finley of St. Johnsbury notified and a call made for Dr. E. H. Ross. They hurried to the scene but Dr. Ross found the baby had died almost instantly and he administered treatment to the others in the car so that they were able to proceed home.

The party in the Ford car got but a very meager description of the car which struck them. Chief Finley has a fair description of the machine and its driver and hopes to land the man in court.

ANARCHISTS START DISORDERS IN ITALY

ROME, June 28.—Reports of disorders in widely different parts of Italy show a plot to overturn social order throughout the entire country. Unemployment is given as the reason for the strike and rioting. At Cadore, Venetia, red flags have been hoisted above the municipal buildings. Discontent which has been long held under restraint at Piombina, has burst out violently and soldiers and police are protecting. Many on each side have been killed and wounded.

REPORT SHIP SUNK WITH 2000 SOLDIERS

LONDON, June 28.—Two thousand British, Austrian and Finnish prisoners of war were drowned when a Bolshevik steamer was sunk in the Neva river according to a dispatch to the Central News. A report from Stockholm would seem to confirm this dispatch saying a ship was sunk on the 6th of June with 2000 prisoners of war on board.

HUNGARIAN MINISTRY REPORTED RESIGNED

VIENNA, June 26.—The Hungarian ministry has resigned according to a telephone dispatch from Budapest and it is reported that Count Albert Apponyi, former premier, is head of a new coalition government.

\$100.00 FIRE LOSS AT NEWTON, MASS.

NEWTON, Mass., June 28.—The lumber mill of the Strangman Mfg. Co., was destroyed and several tenement houses and smaller manufacturing plants were damaged today by fire. All the apparatus of this city and emergency details from Water-town and Waltham were called. The loss was estimated at upwards of \$100,000. The blaze started in the sawdust blower probably from friction. Two men were trapped by the flames but were rescued by fellow workmen.

ST. JOHNSBURY BEATS ORLEANS BY 11 TO 1 SCORE

Fairbanks A. A. Now Has Team Second to None in Northern Vermont

Fairbanks A. A. took the Orleans baseball team into camp Saturday afternoon at the Campus by the score of 11 to 1 in a game that was interesting up to the sixth inning when the St. Johnsbury batters got to Sutton, the Orleans twirler, and batted him all over the field for five runs. Up to that inning it was a two to nothing battle with good baseball every minute.

Sutton got into a number of hard pinches but each time worked out safely. In the second inning there were three men on bases but Sutton retired the side without a run. In the third inning three St. J. men got on bases but Sutton worked out of the hole with one run against him.

In the sixth, however, the St. Johnsbury boys walked off with the game with wallop. The team batted around and the ball was dropped for safe hit in about all parts of the field. This ended the game so far as interest was concerned for the Orleans aggregation could only work out one run in the ninth inning.

The Fairbanks outfit is now ready to tackle about anything that treads the diamond in this part of Vermont and New Hampshire. The management is looking for a game with the Sherbrooke team which has twice defeated Newport and which now remains about the only team of its own caliber in this section. A game with Sherbrooke would now be a big drawing card.

Vitty, the Passumpsic youth who played on the Norwich University team, is a twirler who has a wonderful future in the classic game. Under Heorle's direction he pitches heady ball, in steady in pinches and has the speed and variety to keep his opponents guessing every time they come to bat. Only four hits were made off him in Saturday's game. The fielding of the Fairbanks team was nearly perfect there being but one error against the nine.
Coach Heorle has accomplished wonders with his team and even more is expected now that the team is really rounding into shape. The St. Johnsbury fans consider it rather a misfortune that Newport has not a

GOV. COOLIDGE RECEIVED LL. D. FROM U. V. M.

Gives Strong Address at Burlington at the Commencement Exercises

(Special to the Caledonian-Record)
BURLINGTON, June 28.—The gymnasium of the University of Vermont was crowded this morning at the annual commencement exercises and the address of the occasion was given by Gov. Calvin Coolidge of Massachusetts, who received the LL. D. degree from the University. Gov. Coolidge held the closest attention of the audience in an address full of patriotic utterances, much of which here follows:

"Vermont was fashioned by men with an overwhelming desire to be free. They had their hardships and their problems, but these differed from those of the original colonists, whose chief effort in their formative years was for existence. Here was never any doubt about their ability to survive in their contest with nature. What was to be the outcome of their contest with nature? What was to be the outcome of their contest with men was not so sure. They could exist, but they could be free and independent. The answer was found in the deep determination of a hardy people to deserve freedom by establishing a government of laws supported by institutions for public enlightenment. Envoyned, they founded a state, unlettered they established a university. With the directness of men inspired they drew freedom from the source that exists throughout all generations, a knowledge of the truth.

"The University of Vermont is the direct product of the American Revolution. The Declaration of Independence was little more than a year old when the constitution of this State was adopted. It established a Commonwealth founded on equality, education and piety. The men of that day did not believe in monarchy. They believed in despotism. They believed in liberty under the law. They did not believe in ignorance. They believed in intelligence. They recognized that the people were coming into a new estate. Thereafter they were to rule. There was to be a democracy, an aristocracy. They believed the people should rule because they believed the best should rule. It was their purpose to secure this result by education and enlightenment. To this end schools were provided by town, by county, by state, the common school, the academy, the university.

"The people were to be educated at public expense. So it happened that this university first conceived amid the terrors of a revolutionary war was to be chartered in 1791, not as the function of a church, but as an instrument of the state, a religious institution but not denominational, to minister to the intellectual requirements of the people, a royal university to educate the King.

"The world has just experienced the six most eventful years in human history. Whole continents have broken with the east. Dynasties have ended. Empires have fallen. This has come not from the pre-conceived

Key-note Speech Given by Chairman Cumming Had Approval of President Wilson

(By the Associated Press)

SAN FRANCISCO, June 28.—Assembling at noon today for their first session, delegates to the Democratic National convention heard a keynote speech by National Chairman Cummings and perfected preliminaries, clearing the way for the real work of finding a presidential candidate.

Twelve o'clock noon was fixed for the opening, but hours before that time ticket-holders gathered in the spacious buildings which seats more than 12,000 persons. Decorations of the convention hall were simple with the stars and stripes as the dominating features. The seats of the 1920 delegates were compactly assembled close to the platform and stretched almost to the width of the hall. Except for a patriotic touch by the presenting of the colors by a detachment of marines at the opening, preliminaries were not unlike those of other conventions. The outstanding feature was the keynote speech understood to have had the approval of President Wilson.

With the preliminaries over the four big convention committees will get down to work. The greatest interest as usual centers in the committee of resolution where the party issues will be fought out with good prospects, that some of them will reach the convention floor for final decision. The subject of keener interest manifestly was the impending prohibition fight but talk of candidates was gaining more and more attention. The latest turn of the McAdoo boom furnished a new angle, but its precise effect on the relative situation of the candidates was not yet clear.

Announcement that the former secretary despite his declaration that he did not want the nomination would be willing to accept it, was variously accepted by the several elements in the fight. The Palmer and Cox managers sought to discount the apparent significance of the McAdoo announcement. Among the best informed the general opinion was that it still was too early to forecast definitely the winning candidate.

State commissions similar to the Federal Trade commission are a feature of a plank on profiteering proposed by William Jennings Bryan. The plank says: "The Democratic party pledges the nation to rid it of the profiteer and to close the door against the return. It will endeavor to eliminate all unnecessary middlemen by the

Watch That Dollar
Get as much for it as you gave.
The almighty dollar of yesterday! Not as mighty now, perhaps, but spent wisely it still has a lot of its old time power.
Don't buy merely because prices seem moderate, buy with an eye to true value, quality and service considered, then only can you be sure prices are moderate.
Maintenance of quality and giving of true values continue as our business standards.
