### PROUTY WILL FILED AGAIN IN ORDER TO SELL PROPERTY

Original Will Filed in Newport Shortly After Ex-Governor's Death

The report that was printed exclusively in the Caledonian-Record to the effect that the late Ex-Governor Herbert Prouty whose tragic death occurred over two years ago, has just been filed in Plymouth, Mass., (It was announced Plymouth, Vt., by mistake) is creating no end of surprise and conjecture in Newport, the native town of the Ex-Governor. Citizens of this city are wondering why two years should have elapsed before the executor of the estate should have filed the will, which includes several church societies in Newport among the beneficiaries.

Seeking a legal opinion regarding the apparent tardiness in filing the will of the ex-governor, the Caledonian-Record representative sought the services of Attorney Hubert S. Pierce, of the law firm of Smith and Pierce of this city. It was the opinion of Attorney Pierce that the supposedly first will led at Plymouth, and which has been lately given such wide publicity is nothing more than a copy of the original will which was filed at Newport more than two years ago. The fact that the original will was filed two years ago was apparently forgotten by some ambitious young reporter who was anxious to obtain credit for a " scoop". Thus the news was proved broadcast.

According to law, when a will is probated, certified copies of the same are sent to any and all of the towns in which the deceased is the possessor of real estate. In Plymouth and other towns the late ex-governor owned considerable property, to dispose of which requires another probate of the original will. The certified copy of the Prouty will was in all probability mailed to Plymouth by Judge of Probate, Ephraim J. Smith of Newport, two years ago.

Notary Public Blanche M. Spooner who has had much experience in the probating of wills, when interviewed also stated an opinion to corroborate that of Attorney Pierce.

Edgar Prouty, executor of the estate, told a St. Johnsbury reporter that it was a requirement of the law to file the will a second time in Plymouth, Mass., in order to sell some property in Mansfield Mass., which belonged to the estate.

### Charge Men With White Slavery and Smuggling

(Continued from page 1)

was rewarded by the confiscation of the contraband alcohol, which was taken together with the prisoners was taken to Newport.

A preliminary hearing was held before a United States Commissioner Walter H. Cleary Thursday at 5:30 p. m., when Attorney Frank Miles announced for the boot-leggers, Robarge, disclaimed all intimacy with the other two men, stoutly asserting that he simply had crossed the line on a little party of his own. Robarge is a married man and has three children.

It was Labreque who carried the automatic pistol, which he said was the property of his wife. Four loaded cartridges were also exhibited in court as part of the evidence. When Labreque perceived that he was about to be captured by the officials, he threw the pistol away in order that it might not be used as incriminating evidence against him. The pistol, however, was found by one of the customs officials.

Labreque described himself as the father of four children. He later obtained bail for himself and Le Bouchette, a single man, while Robarge got into communication with relatives who furnished bail for him.

Today, collector in charge of customs, James C. Ford, will bring another charge against the trio—that of white slavery. Miss Julia Legardin of Lincoln is being detained at the Immigration station, awaiting developments in the white slave prosecution which Mr. Ford will bring against the three boot-leggers. The girl was in the company of the men when they were apprehended by the Derby Line officials on Thursday.

### VERMONT BUYS \$76,000 IN WAR SAVINGS STAMPS

State Ranks Sixteenth Per Capita Among All States of Union

The aggregate sale of War Savings Stamps in Vermont this year, from January 1 to September 1, amounted to \$76,000. The state now ranks 16th per capita among all the states in the Union.

A letter received recently from Mrs. P. L. Higginson, director of the First Federal District, of which Vermont is a part, contains the following: "The response from Vermont from the Women's Clubs in taking up our conservation program, is the finest I have ever seen in any State."

Mrs. G. H. Stoll of Montpelier, director for Vermont, has secured Mrs. Robert Bliss of Montpelier, chairman of the Vermont Federation of Women's Clubs. As shown by Mrs. Higginson's statement, effective work along that line has been accomplished. Nearly all clubs have their own form of conservation or other programs.

The following letter from Mrs. Samuel Lamkin, national chairman of the Vermont Federation of Women's Clubs, is being sent by Mrs. Bliss to all presidents and State officers in Vermont:

"Will you suggest to your club women the idea of buying at least one War Savings Stamp on or before Thanksgiving day, as an evidence of their loyalty to all the 48,000,000 American women who are trying to establish the custom of saving? A woman in America buying some War Savings Stamp is a small, but her savings justify every Thanksgiving day."

The practice of thrift and economy on a basis even more extensive than during the war is necessary if we are to stabilize financial conditions.

### Borella Wins Two Out of Three

In his second meeting with Joseph Lafond of Franklin, N. H., the famous French water-weight, Charles Borella, undefeated water-weight champion of Vermont was returned the victor after one of the most hotly contested matches ever witnessed on the Newport squared ring. As to size, weight, and reach, the pair were almost equally matched, the Frenchman tipping the scales but a scarce five pounds heavier than the Border City champion.

Fastime Hall at Newport was filled with an enthusiastic and responsive throng of wrestling fans, who filled practically every available seat. It was an impartial crowd that applauded with just as much zest the clever points of either wrestler. And there were some thrilling moments during which the gathering was as silent as a tomb, to break in a jiffy into an uproar of applause, whenever one of the pugilists exhibited himself from the clutches of the other. The first fall went to Borella in 20 minutes and 20 seconds.

At the beginning of the second session, it was evident to all the spectators that Lafond had but a single purpose in view—that to work a successful toe-hold on his youthful op-

### Elderly People Need This In Medicine Chest

To relieve chronic constipation, always keep a bottle of Dr. Caldwell's Syrup Pepsin handy.

NEARLY all people as they advance in age suffer from chronic constipation. Many, however, are indifferent to the laxative they use, on the theory that "they are all alike." That is a great mistake.

Dr. Caldwell's Syrup Pepsin, for example, is a mild, gentle liquid laxative, and it does not lose its effect with repeated use. It so trains the bowel muscles that in time medicines of all kinds can be dispensed with.

A sixty-cent bottle of Dr. Caldwell's Syrup Pepsin will last many months. The prescription was written thirty years ago by Dr. W. B. Caldwell, a well-known family doctor, who is himself now in his 82nd year and can appreciate what chronic constipation must mean to elderly people; how it brings on headaches, heaviness and a general dull feeling.

Every home that has an elderly man or woman should be provided with a bottle of Dr. Caldwell's Syrup Pepsin. Eight million bottles were bought at drug stores last year. It is a truly wonderful constipation remedy.

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 514 Washington Street, Monticello, Illinois. Everybody now and then needs a laxative, and it's well to know the best. Write me today.

### COMMISSIONER DEMPSEY

Appreciative Sketch of Him from the Journal of Education

The following appreciative sketch of Vermont's new commissioner of education will be read with interest by his many friends throughout the state:

All in all we can think of no recent event in New England quite as significant, quite so full of promise as the unanimous election of Clarence H. Dempsey as commissioner of education of Vermont. He is the one man, whom we know, educationally, professionally, personally, equipped for that position at this time.

Our pet slogan of late has been the need of considering the place, the way, the time in educational progress. Mr. Dempsey knows Vermont. He is a New Englander. He will give the children of the Green Mountain state the opportunity to use Vermont as it is and as it has been as an educational laboratory. He will be the sympathetic with Vermonters today with a view to a new Vermont.

Mr. Dempsey will go about it in the right way. He has always done his work in the right way. He has had two unusually difficult school situations with which to deal. There was never a more inextricable tangle than that at Haverhill when he was there. There were strands of silk and steel, social flux and political hemp, with imported and domestic shoddy.

We wouldn't have wagered a last

### Newport High "Five" to Meet Barton Tonight

Tonight at School Hall, Newport, the local high school basketball "five" will pry off the lid on the winter season. The first game will be played between Newport High School and Barton Academy.

For a line-up Coach Borella will send to the floor Howard Goodrow for center, who will be aided by Larry Gardner at left forward, and Richard Prouty at right forward. Harry Savage, the diminutive but speedy right guard will be on hand tonight to turn in his usual clever exhibition. The other guard position will be filled by David Addison, who has graduated from last year's second team.

Berney Lee, faculty coach at Barton Academy is in town with his youthful charges and promises to give the local team a hard contest. Last year Barton boasted a fast, confident and, from all indications, will be even stronger on the basket-ball floor this year.

The game is scheduled to begin at 8:15 sharp and promises to be a live exhibition from the first blast of the referee's whistle.

Miraculous Bell.

A quaint-looking bell is known as the "Miraculous Bell of St. Paul" and is reported to be greatly venerated by the faithful folk of the Isle of Entz, France, in which spot it is reported to have been conveyed from England by a fish in the sixth century!
