

GAZETTE CLEANINGS.

The verandah on the west front of the Optic block is being made four feet wider.

The foundation of the Street Railway Company's new stable on Twelfth St. is being laid.

There is a touch of fall weather in the atmosphere, and the rainy season may be pronounced over.

A number of the boys are in from Mineral Hill to lay in "grub" for the fall and winter campaign.

Mr. J. J. Fitzgerald informs us that he made two transfers of real estate and rented three houses yesterday.

The masonry work, including the coping, on the Plaza Hotel is completed. Mr. Hugh Pritchard is the contractor.

Las Vegas may expect a visit in the near future from Gen. P. H. Sheridan and family, who are now sojourning at Manitou Springs, Col.

A fifteen year old boy named Elmer Anderson committed suicide recently in Washington county, Iowa, by drowning himself in a pond.

The display of fruits and vegetables at the grocery and fruit stores in town is decidedly creditable. A washout now would be advantageous to the sellers.

Mr. A. C. Lamke, of Kansas City, will shortly open a wholesale liquor house in West Vegas in the room formerly occupied as the Park Restaurant.

Prof. Robertson showed us the result of an assay of five specimens of ore from the Eureka mine in Grant county which gave an average of 2,191 1/2 ounces of silver or \$2,510.50 to the ton.

Work on the new church is being pushed vigorously. The committee will order stained glass for the front window at once and put in similar ones in the side as soon as convenient.

The mail from the east was on time yesterday, for a wonder, but the train from the south was about the usual six or eight hours late. We have had no mail from that direction now for two days.

Judge Sumner has had his foot quite painfully hurt, and his proverbially serene temper somewhat ruffled, by one of the workmen on the hotel letting a brick fall without giving him notice to stand from under.

The new car stable on 12th street will be 42 by 77 feet, built of brick and will be so arranged that the cars can be run into one department for shelter when not in use. The horses will be stabled in one, and it will also contain sleeping apartments for the drivers.

A score or more of Pueblo Indians came in yesterday morning from Ysleta bringing melons, grapes and other fruits which they exposed for sale upon the sidewalks, or peddled out around town at prices calculated to remind one of the first strawberries in an Eastern metropolis.

Cards are out for the marriage of Miss Addie M. Roberts to Mr. George F. Wheelock on the evening of Wednesday the 14th inst. at St. Paul's Episcopal Church in Las Vegas. Mr. Wheelock is a partner in the firm of Roberts & Wheelock and Miss Roberts is one of our most pleasant and attractive young ladies.

The negro Daniels, who shot Hugh Pritchard, was taken before Justice Jose Montoya yesterday. His attorney waived examination and he was admitted to bail in the sum of three hundred dollars to await the action of the Grand Jury at the next regular term of the District Court.

We were shown yesterday by Mr. E. Levy a private letter from Southern Arkansas, which indicates a truly deplorable state of affairs from the effects of the protracted drought. No rain has fallen since the 21st of June and the supply of water in many places is so nearly exhausted that cattle and horses are dying of thirst.

A cutting scrape occurred between two fragile Cyprians in Pueblo, Sunday morning in which one of them came near losing her life; a Kansas City traveling man came near being an important witness; and another man ran away to keep from testifying to what he saw, and where he saw it. Moral—keep in good company.

At a meeting of the members of the Presbyterian church evening before last Prof. John Robertson, Mr. D. P. Shields and Mr. B. B. Borden were elected trustees for the ensuing term. The newly elected trustees met at Prof. Robertson's office yesterday and organized by electing Prof. Robinson chairman and Mr. Shields secretary.

Might not some of our citizens who have surplus money, profit by the suggestion that rents are very high in Las Vegas and the demand for houses greatly in excess of the supply; by building some neat and comfortable residences for rent? In growing towns in the States a great deal of money is being invested in this way and it pays a better profit, than any other investment. This being true there, would certainly warrant the experiment here.

Interest in Mexico Mines.

General Juan M. Zuloaga of Batuchi-que, State of Chihuahua, was a passenger on the Pacific express yesterday bound for Paso del Norte. The General is a member of one of the most influential families of the State, and, although a comparatively young man, is a man of powerful influence. He belongs to a family of fighting men and has greatly distinguished himself both in Indian wars and in the numerous revolutions into which Mexico has been plunged. It was a pen of the General's who killed the renegade Chief Victorio. He is just returning from a two month's visit in New York whither he went with Dr. A. R. Hammond, the mining expert, to dispose of one of his mines in the Sierra Madre mountains. He sold the "Dolores" mine, a property well known in Chihuahua for \$500,000, and refused \$1,000,000 for another mine. A mining engineer will visit Chihuahua to look up the latter property for a New York company in a few weeks.

Gen. Zuloaga reports that there is great and growing interest manifested in Chihuahua by New York capitalists now that railway construction is being rushed rapidly ahead. When he went East he expected that it would be necessary to go to London to dispose of his property, but he found that useless. There is so much interest taken in Mexico mines in New York, he reports, that it is a by no means difficult matter to dispose of a good mine at good figures. He will be called to New York on business again in November and will then very likely spend a few days in this Territory and probably in this city.

A Mill Wanted.

Capt. Lea, of Roswell, on the Pecos, informs us that the people of that section earnestly desire that a grist mill be built at Roswell. A splendid mill site can be secured there, and as it is one of the best farming sections in New Mexico, with no milling facilities within two hundred miles, it would soon pay for the outlay in building the mill. The water power is splendid and constant the year round, and can be utilized at very little cost. The country is rapidly settling up with energetic farmers, and the opportunity is a good one for a good mill and competent miller. Wheat grows very fine at Roswell, although but little attention has been given it as yet. They need it badly to grind their corn for this winter. The climate is healthy and beautiful, and the miller who will go there will receive substantial aid from the people. Communications on the subject should be addressed to Captain Lea at Roswell.

The Panhandle Road.

It will be remembered that last year a considerable sum of money was subscribed by Las Vegas and expended by proper committees in fixing the road down Olguin Hill, thus making it a passable freight road to the Red River and Panhandle. The road was built all right and in good shape, but the road from Olguin Hill to Las Vegas is not so good. There is a hill or two on this route which is sadly in need of work and which operates to our great disadvantage. From the Olguin hill the road is good to Watrous, and the points on the railroad north, while to this place it is bad. Our citizens must look into this and have the necessary repairs made that Las Vegas may enjoy the full advantages which her commercial importance entitles her to in the trade with the citizens of the Canadian valley.

A first-class little pistol play was indulged in by a darkey near the Trinidad House yesterday morning. It seems that an unknown darkey had entered the side door of the Trinidad House, and thinking himself unobserved, went up stairs to the room occupied by Mrs. Blubaugh, and entering, locked the door and commenced ransacking a trunk containing a gold watch, chain and other valuables. An attaché of the house noticed the darkey entering the house, and at once notified Mr. Blubaugh, who started after him, discovering him in the room before mentioned, when a scene occurred. As the culprit had not secured anything he was let go, and was about making tracks across the lots in the direction of the waterworks when darkey No. 2, a dishwasher employed at the Trinidad, seized a six-shooter and started in pursuit, firing at the fleeing darkness. The heel of darkey No. 1 proving to be the biggest part of him, caught one of the bullets, and there lodged, but further than that no damage was done. The wounded son of Africa has not since shown himself, and it is not known how badly he was wounded.—Trinidad Times.

We understand that two of the disciples of Esculapius at our neighboring health resort, have suddenly deserted the tenets of the schools in which they were trained and treated each other by the process heretofore confined to the school, known as "Slapping Doctors." We are not informed in regard to the character of the malady for which this mutual drubbing was administered, nor did we learn whether the pulse, temperature etc. of the victims indicated improvement or otherwise. We beg to express the hope, however, that this class of practice may be confined strictly within the limits of the profession.

PERSONAL.

Sam Shoemaker is over from Union. W. C. Hadley went down to Glorieta yesterday.

Wm. Pinkerton of the Wagon Mound is in the city. I. H. Herbert, the druggist, is back from the States.

Sol and Willie Rosenthal arrived from El Moro, Wednesday. John Chapman has sold out his transfer business to Capt. H. Hutton.

C. F. Meyer of Santa Fe and A. D. Ler, of Douglass, Kansas, are at the Summer House. Captain Lea in company with J. C. Blake and C. B. Smith got off for Roswell yesterday.

Miss Laura Stephenson and Miss Anna Murphy of Topeka are registered at the Depot Hotel. Casimiro Barola, Rafael Chacon and Juan Vigil of Trinidad are stopping at the St. Nicholas.

Mrs. H. Bell and children started on the belated train last night for a visit to friends in Kansas City. Mr. F. J. Weber had no auction yesterday. He says his auction machine is out of order on account of a severe cold.

Dr. Skipwith is not going east on a visit, as was inadvertently stated a few mornings since, but Mrs. Skipwith is, in a short time.

Charles L. Hubbs, formerly of the Kinsley Republican has arrived and will stay in New Mexico. He has mining interests in Mineral Hill.

Dr. H. P. Peebles and family of Pittsburg are among the recent arrivals. Dr. Peebles after canvassing the situation has concluded to locate.

A. H. Gage is now fulfilling the duties of Agent C. P. Hovey during the latter's absence at Topeka. Ed. Moore takes Mr. Gage's place at interim.

We were favored yesterday with a pleasant call from J. H. Brown of the New Placers who is on his way east. Mr. Brown is a half owner in the "Iowa" mine a property which is showing up very large assays and a fine body of ore.

Mr. Randall, a genial and intelligent gentleman of New York whose arrival we noticed a few days since, has accepted temporary employment in the office of Dis. Supt. Thomas J. Seeley. Mr. R. will soon bring his family and become a citizen of Las Vegas.

Mr. A. Danziger, formerly with N. L. Rosenthal, now has charge of the clothing and gents' furnishing goods department of Marcus & Clemm. Mr. Marcus is now in Chicago buying goods. This firm is doing a big business and were fortunate in securing the services of Mr. Danziger as he is an experienced salesman, a scholar and a gentleman.

The telegrams of yesterday indicate that the President is better, and the hearts of fifty millions of free people go out in gratitude for the change. In no matter affecting a man of such prominence, has there ever been witnessed such unanimity of sentiment as in the sympathy with which the whole people have watched the heroic struggle as it went on in the White House. The painful expectancy with which men in all sections, and of all political parties and prejudices have waited and watched for the bulletins, the eager inquiries heard on every hand for this news first of all; attest the strong hold which the heroic sufferer has upon the affections of the American people, and the magnificent manhood he has evinced in every crisis of the great struggle has intensified their sympathy and heightened their esteem, and it may be truthfully said that no man at any time in our history has been dearer to the whole people than James A. Garfield is to-day.

A. Mennett, with Browne & Manzanaras, has returned from his purchasing trip to the East. He bought a magnificent stock of goods, including the finest line of dry goods ever brought to New Mexico. This house is preparing to do an immense trade this fall and winter. They have recently rearranged their goods, fitted up a room on the second floor and otherwise enlarged their facilities. They are prepared to wholesale goods on the most favorable terms to purchasers, and dealers throughout the Territory will find it greatly to their advantage to consult their prices and inspect their goods. They have the goods from which to select and can furnish them in any quantity.

Stronger Light.

EDITOR GAZETTE: Is it not about time that the gas company should get the pipe across the bridge repaired so that we may have the full benefit and beauty of gas light on the West Side? Under the present arrangement it gives but a ghastly and feeble glare a great part of the time. That new pipe should be hurried up. CONSUMER.

A stone crossing three feet wide and ninety-eight feet long, is being laid from Blanchard's corner to the First National Bank, in West Vegas. This is a much needed improvement and might be profitably imitated in other quarters.
