**THE NECESSITY**  
 FOR THE SPECIALISTS.  
**Dr. Wagner & Co.**

**DR. H. WAGNER** is fully aware that there are many physicians, and some sensible people, who will condemn him for making the class of diseases a specialty, but he is happy to know that with most persons of refinement and intelligence a more enlightened view is being taken of the subject, and that the physician who devotes himself to relieving the afflicted and saving them from worse than death, is no less a philanthropist and a benefactor to his race than the surgeon or physician who by close application excels in any other branch of his profession. And, for the sake of humanity, the day is dawning when the false philanthropy that condemned the victims of folly or crime, like the lepers under the Jewish law, to die uncared for, has passed away.

**Young Men**  
 Who may be suffering from the effects of youthful follies or indiscretions will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. Wagner will guarantee to forfeit \$500 for every case of seminal weakness or private disease of any kind and character which he undertakes to and fails to cure.

**Middle Aged Men.**  
 There are many at the age of 30 to 50 who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient can not account for. On examining the urinary deposits aropy sediment will often be found and sometimes small particles of albumen will appear, or the color will be of a thin, milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. W. will guarantee a perfect cure in all cases, and a healthy restoration of the genital-urinary organs.  
 Consultation free. Thorough examination and advice \$5.  
 All communications should be addressed
