

than the illumination, was the beautiful display of rockets, small wheels, Roman candles &c, which literally studded the elements for several hours with their brilliant glare. This was indeed a great ovation for the boys, many of whom cultivated their taste for the pyrotechnic art to the "last red."

Contemporaneously with this pyrotechnic display was that also of Terpsichore—where the young 'uns did "trip the light fantastic toe" through the mazes of the merry dance till the "wee hours of the morning"—when our usually calm and quiet little village, relapsed in statu quo.

Nothing occurred "neither by day, neither by night" to mar the general enjoyment of this national holiday. An Outsider.

The Liver Pills.

The Liver Pills of Dr. M'Lane were first used by him exclusively in his own practice. So efficacious were they in all cases of Liver complaint, that they became famous, and attracting the attention of the medical faculty, passed into general use. They act with great certainty and regularity; the patient almost immediately feels the dispersion of his disease, and is gradually restored to health. With some the effect is almost miraculous, frequently experiencing immediate relief, after having, for months, resorted to drugs and medicines of another description, in vain. Diseases of the Liver are very common in this country, and are often frightful in character. Those who experience any of the premonitory symptoms of this dangerous and complicated disease, should at once procure a box of Dr. M'Lane's Pills, and perhaps, thereby, be saved a world of misery.

For sale by Geo. Howard, Tarboro'—sold also by druggists and dealers generally—sold at wholesale by all the principal druggists in the United States.

Mr. RICHARDSON has purchased a residence, and considers himself as permanently located at Castalia.

The Schools will be under the immediate supervision of himself and Lady, under one and the same body of Trustees.

The Female School is near the Franklin line, three miles from the Male—a distance favorable to the seclusion and success of both Institutions. Mrs. R., who has latterly taught at Belford, has a celebrity which no comment of ours could affect.

A large neat edifice—similar to that of the Male Institute, is contracted for and will be erected immediately. Meanwhile Students will be accommodated in the old Academy—formerly known as Pleasant Hill.

The healthfulness of the place is proverbial. In short, the Trustees would assure their patrons, that they will carefully consider everything, and deem nothing unimportant, which will contribute effectually to the consummation of their educational enterprise, rendering the Institutions all that enlightened and Christian parents could desire for their children.

Board, including washing and fuel, \$6 1/2 per month.

First Session commences on the first week in January and ends first week in June.

Begs leave to return his sincere gratitude to the citizens of Edgecombe and its vicinity, for the very liberal patronage that has been extended to his father, and hopes that the desire hitherto manifested to serve the public, will merit a continuance of their patronage.

From the long continued illness of my father, (that the business may go on punctually,) it has become necessary for me to discontinue my business in Goldsboro' and return to the long-established stand in Tarboro'.

From a desire on the part of my father I have become sole proprietor of the

so well known by the citizens of this and the neighboring counties—and would say, that I shall continue to manufacture Furniture in every variety and style that would please the eye and heart of all Adam's race. Also I would say to the wearied, come and I will give you rest on those fine cottage and French Bedsteads, that are now going off as rapid as hot buckwheat cakes out of a cold morning at the magnificent Edgecombe Hotel. Also I will show you other styles of Furniture that are not going off quite so fast, and a few articles like old man Dogan's horse, when he had one thousand green pine rails upon him—but they are few. for Baltimore, and arrive at Baltimore early next morning, in time to connect with the morning train that leave for Philadelphia and New York.

By this comfortable and agreeable route, Passengers leaving Wilmington in the morning train, will arrive early the next morning at Baltimore, and reach New York the same evening, without loss of sleep, and with but one change of person and baggage between Weldon and Baltimore, and avoid entirely night travelling on Rail Roads.

To render this route worthy of the travelling public, the company have employed careful and responsible baggage agents, who check all baggage at Weldon through to Baltimore, consequently the traveller has no further trouble with his baggage until he reaches Baltimore.

The Chesapeake Bay Steamers also stop at OLD POINT, to land and receive Passengers, and Passengers who leave Weldon at 3 1/2 o'clock, P. M., arrive at Old Point the same evening.

An arrangement has been entered into, by the different Rail Road and Steamboat Companies, by which the same Through Ticket issued at Charleston, will leave it optional with the traveller to take either route at Weldon.

An accommodation train leaves Weldon every Tuesday, Thursday and Saturday mornings for Portsmouth, Norfolk and OLD POINT COMFORT. Passengers by either train for Old Point, will reach Old Point the same evening.
