GENERAL BUCKNER DECLARES FOR McKINLEY

John M. Palmer's Running Mate Favors Republicans

General Simon B. Buckner, of Kentucky, who, in 1896, was the candidate for Vice President on the National Democratic ticket, has returned from a trip abroad.

"The advices that I have re-ceived from Kentucky make me believe that the McKinley Electors will receive a majority of the votes cast in that State.
"The real, simon-pure Demo-

crats of Kentucky, have no sympathy with either Bryanism or Goebelism. Bryan, in his trip through Kentucky, identified himself with Goebelism and drove away from his support the real Democracy of the State. The candidacy of Mr. Bryan on the Kansas City platform is in opposition to the principles of true Democracy, and his election would be a menace to civil liberty. I am not going to take the stump for anybody, but I shall do what I can to secure the re-election of

Mr. McKinley.
"The Goebel law is a remarkable measure. While the vote for Governor in many precincts was

thrown out, it was allowed to stand as far as it related to members of the Legislature. The latter elected J. C. S. Blackburn to the United States Senate, but I can not conceive that that body will seat him. I think that I am not exaggerating when I say that at the election in which Mr. Goebel was a candidate for Governor 20 per cent of the honest vote of the State was thrown out and nullified to permit the issuing of a certificate to him. A similar state of facts would prevail this year but for the fact that Congress can take a hand in investigating the returns. Goebelism means that it matters not how the people may vote, so long as Goebelites can do the counting. The Repub-licans might carry every county in the State but one, and then the State Election Commissioners could, with only that one county, legally declare the Electoral vote for Bryan. Whether the Goebelites would dare to do this remains to be seen, as their action would be subject to review. by Congress."

P. H. Carlin, Brooklyn, N. Y., leading builder and contractor: "The election of Mr. Bryan would be a lamentable mistake. If I did not sincerely believe this I would not turn my back upon the political teachings of my life. A series of disasters would follow his election to power. All confidence abroad in our financial stability would be destroyed, whether free silver could be at once adopted or not. Gold would be hoarded by the banks for self-protection, law or no law."

Stephen A. Foley, life-long Democrat, and formerly county judge, Lincoln, Ill., believes in expansion, in continuing the present prosperity and balks at free silver.

General William Crooks, formerly St. Paul, Minn.: "In my opinion the administration of Mr. McKinley, in dealing with the questions that have arisen and have been most serious and difficult, has been honest, patriotic and national, and the American people will not forsake him while he is engaged in doing their will and upholding bravely, as he has, the honor of the

nation at home and abroad." Oscar Straus, Minister to Turkey, New York: "I am called a gold Dem-ocrat because I am opposed to a dishonest dollar. I opposed Bryan in 1896, and I will oppose him again."

LEADING GERMAN DAILY HAS LEFT W. J. BRYAN

The New York Staats Zeitung, that some time ago supported Bryan on the question of imperialism, has deserted his banner, and come out squarely for Mc-Kinley. The cut is the severest Bryanism has yet received in the East. The Staats Zeitung admits that the current is strongly against Bryan, and says there is nothing in the Bryan cry of im-perialism and militarism. It is against him on the money question. The Staats Zeitung is one of the most powerful German papers in the country.

Mr. Cleveland's reply to Mr. Green is as follows:

"Buzzard's Bay, Oct. 7, 1900.

John S. Green, Esq. Dear Sir: I have received your letter, inclosing a copy of my letter written more than five years ago to the business men of Chicago. I had not seen it in a long time, but it seems to me I could not state the case better at this time if I should try. I have not changed my opinion as therein expressed in the least. Yours truly, "Grover Cleveland."

The letter was written five years ago to William T. Baker, George N. Smith, John O. Roche, T. W. Harvey, David Kelly and Harry S. Robbins, in response to an invitation to visit Chicago in the interest of sound money. Some of the striking extracts are: "If the sound money sentiment abroad in the land is to save us from mischief and disaster it

"The discredit or depreciation in the financial centers of any form of money in the hands of the people is a signal of immediate loss everywhere.

"If reckless discontent and wild experiment should sweep

HOPES FOR BRYAN'S DEFEAT

Louis Windmuller, the New York of the currency, and the Democratic merchant, who in previous campaigns has been recognized as the exponent of the views of a large number of citizens of German descent and who up to the disruption of the Democratic party by Bryan was a prominent gold Democrat and a contributor to the literature for former campaigns, has announced that his views regarding the fitness of the two presidential candidates have in no wise changed from those he entertained in 1896.

'Although a gold Democrat then," said Mr. Windmuller, "I voted for Mr. McKinley, believing that to vote for third party candidates was to throw away a vote. I can say now that I have never been sorry for making the choice I did then. I believe now as I did then that Bryan's election would be a national calamity and that all those who really care for the country's welfare have nothing else to do but to support Mr. McKinley. All other questions are of minor importance beside that

managers may boast all they want to, but the fact is that a vast majority of the German-born voters regard this question as the paramount one, beside which 'imperialism,' so-called, cuts no figure. The trust question is hardly worth talking about for the reason that both parties have concluded that trusts are bad things. I regard Mr. Schurz as deluded respecting the Philippines. The Philippine question is so much on his mind that it has pre cluded him from looking impartially at the situation in its entirety. His judgment, in fact, seems to have been completely overclouded by it.

"I consider Mr. Bryan a dangerous man for the reason that he seeks to arouse class hatred and panders to socialistic and populistic tendencies. He should not be elected, and it is the duty of every business man, every working man and of all who love their country to see that he is

BRYAN'S DEFEAT WILL PRESERVE NATIONAL HONOR

Edward S. Bragg, soldier, statesman and life-long Democrat, came out squarely for President Mckinley in a speech at the Pabst Theater, Milwaukee, on October 11th. He did more. He exhorted the Gold Democrats, at whose solicitation he publicly made known his views, to do nikewise as a step essential to the preservation of national honor. General Bragg said, among

other things:
"The heart of this great people has always beat loyal to the government when the war trump sounded, and has never tolerated, and will never tolerate, encouragement to a public enemy, while he is robbing, fighting, slaying the brave men, your sons and brothers, whom the government has sent forth to do its mission, whether that enemy be an Englishman or Mexican, a Spaniard or a Filipino.

"The result of '06 is as a thricetold tale. Wisconsin, never lacking in its duty where State or National honor is concerned, set the badger stamp of condemna-tion on Mr. Bryan's 16 to 1, in-dorsed by over 100,000 plurality. Are you ashamed of this record, and would you undo it? No, my fellow badgers, we will stand to our guns in the second battle as we did in the first.

"He who knows Mr. Bryan knows that he has never abandoned 16 to 1. The carrying into effect of his financial theories is the great purpose of his life. He is honest, if not practical, and he has never said, and he never will say, he has aban-doned it. He would not abandon

it at Kansas City.

"I have said Mr. Bryan is an honest, if not a practical, man. What he says he believes he can do, and will never falter in his

attempt to do it.
"He is a dreamy idealist. He talks and acts and believes, if he were President, by a wave of his magic wand, as 'twere, he can make a desert blossom; that he can do away with want and misery, and make all his subjects prosperous and happy. In other words, that he is possessed of the mysterious power that can make the world an Utopia, if you

give him a chance. "Such a man is a delightful companion, an estimable mem-ber of society, but a wild bull in a china shop would not be more dangerous to the safety of the crockery than such would be to the safety of the State, if entrusted with the management of

GERMAN PAPER LEAVES BRYAN

The German Tribune, of Leavenworth, Kansas, the only Ger-man paper published in that State, has left Bryan's standard. The reasons for the change are that the Tribune believes in prosperity and sound money, and that the cry of "imperialism" is false. The Tribune supported Bryan four years ago. It has a circulation of 13,000 weekly all over the State, and 5,000 daily in Leavenworth.
