

LYNCHED BY MOB

ANGRY FARMERS MAKE SHORT WORK OF A YOUNG NEGRO.

ATTEMPTED TO ASSAULT A GIRL

HANGED TO A TREE AND HIS BODY RIDDLED WITH BULLETS.

ONSLAUGHT ON NEGROES FOLLOWS

VOLLEYS ARE EXCHANGED AND MANY OF THE NEGROES SHOT DOWN.

Thebes, Ill., April 28.—An unknown negro about seventeen years old was lynched by a mob of angry farmers near the village of Santa Fe yesterday afternoon for attempting to assault the ten-year-old daughter of Farmer Branson Davis, and this was followed by a general onslaught upon a colony of negroes living in tents who were engaged in bridge construction work. The tents were burned and many negroes were shot, but so far as known no one was killed. Hundreds of shots were exchanged but no whites were hurt.

Branson Davis lives half a mile east of Santa Fe, a small village near here. While his ten-year-old daughter was in the barnyard yesterday the negro accepted her. She ran but he seized and her screams brought her mother to the rescue. The negro fled. Officers were notified and were

Soon in Pursuit.

News of the assault spread rapidly among the neighboring farmers and resulted in an angry mob starting in search of the assailant. The negro was meanwhile captured by officers and was brought to Santa Fe, where the mob of farmers was met. A scuffle resulted, during which the farmers secured the negro. He confessed to the crime but begged for mercy. Without a word the mob started with the prisoner toward the new bridge being constructed across the Mississippi river, where he was hanged to a tree without ceremony or delay. After the body had dangled in the air for a few moments it was riddled with bullets. The officers endeavored to disperse the mob, but their efforts were unavailing.

A rush was made for a colony of several hundred negroes employed on bridge construction work and living in tents near the bridge. The negroes saw the mob coming and opened fire. A fusillade followed and the whites fled with effect and many of the negroes were shot down. None of the mob was injured, and it is not known exactly how many negroes were wounded. The mob pressed forward notwithstanding the steady fire until the negroes turned and fled toward a nearby wood. They took their wounded with them. The mob then fell upon the tents and burned them. After accomplishing a general work of destruction, the mob dispersed. Extra police were sworn in and the village is under heavy guard. Excitement is intense.

Santa Fe is a village in the extreme southwestern portion of Illinois, near the Chicago & Eastern Illinois railroad.

COL. BOBLETER IS BRIGADIER.

Veteran Militiaman of New Ulm Voted Promotion.

St. Paul, April 28.—Joseph Bobleter of New Ulm, colonel of the Second regiment, was elected brigadier general of the Minnesota national guard and he will assume command of the brigade May 1. The election was held last evening at the state capitol. The position was made vacant by the retirement of Gen. W. B. Bend, who has been at the head of the state's troops since the guard was organized, thirty-two years ago. The recent passage of the Eberhardt military bill made it impossible for the national guard officers to hold their rank longer than ten years without re-election, and Gen. D., April 28.—Troop A, the cavalry organization belonging to the South Dakota national guard and stationed at Deadwood, has been ordered mustered out for the good of the service, and the order has received immediate compliance.
