## WAS BEST EVER SEEN HERE

LEAGUE BALL GAME YESTERDAY DELIGHTED HEARTS OF BEMIDJI FANS.

THE ATTENDANCE NEARLY REACHED 2,000.

Duluth Won From Crookston by a Score of 3 to 2—An Exciting Game.

In the best game of ball ever played in Bemidji, Duluth won from Crookston yesterday by a score of 3 to 2. It was a fast exhibition and was witnessed by a crowd of nearly 2,000 people.

The grounds were in fine condition, and were as good as any team could ask, aside from the fact that the outfield had not been cleared out as far as is usually in city grounds. This did not interfere with the playing, however, and few balls got hit across the leveled outfield. None of them found the timber. Crookston got her two scores on an error on the part of Duluth in the seventh inning. Lyons, on second base, made a wild throw to home plate letting in two runs.

The players were all in good form and did excellent work. Duluth squeezed in four errors, however, and Crookston fell only one short of that number. Gehring, Duluth's pitcher, had a good delivery, and there were no criticisms offered on the work of Freeman, the man who twirled the ball for Crookston.

Gerard caught for Duluth. This was his third game of the season, and he was merely picked up as a sort of scrub to take the place of Cline, the regular man, who had split his hand in making a catch the day before. The new catcher by his brilliant work at the bat surprised not only the spectators but his brother players as well. He made the best batting record of anyone in the game, and got to third on one of his big hits. He got to first every time he stepped up to bat. His work behind the bat was good, but showed a lack of practice.

Following is the line up of the two teams:

Crookston: Quigley, third base; Beyette, second base; Burns, center field; Cameron, first base; Higgins, left field; Hutter, right field; White, short stop; Howard, catcher; Freeman, Pitcher.

Duluth: Quillen, third base; Lyons, second base; Kennially, first base; Lambert, center field; Shepard, short stop; McCoy, right field; Harris, left field; Gehring, pitcher; Gerard, catcher.

Score by innings:

	R	H	E
Duluth	0	1	0
Crookston	0	0	0

Two-base hits, Harris, sacrifice hits, Quillen, Shepard, Burns; stolen base, one; base on balls, off Freeman, one; off Gehring, one; struck out, Gehring, five; Freeman, one.

NOTES ON THE GAME. In spite of the great size of the crowd it was a very orderly one. There were no disturbances of any kind. The roofing was not so loud as it would have been if a home team had been in the contest, but was of a very healthy nature.

Betting was not heavy, but a number of small bets were placed. Crookston seemed to be the favorite with those sportively inclined, but the backers of Duluth won out.

The diamond was rather dusty but was level as a floor. The ball players expressed themselves as being well pleased with it. They were delighted at the size of the crowd. The grand stand is a large one, but was not big enough to accommodate all who tried to secure seats. It is as big as is usual in such cases, however, and will answer all ordinary purposes. The bleachers were not up. When they are constructed they will afford seating space to hundreds and will relieve the grand stand.

## A SUGGESTION

L. H. Bailey Offers a Solution of the Band Support Question.

Attorney L. H. Bailey has offered a new and novel suggestion which, if acted upon, will make the Bemidji band self-supporting. His plan is to allow the organization the exclusive privilege of selling refreshments in the new ball grounds, at the ball games, fairs, or anything else along these lines which may be held there, in exchange for their services whenever needed.

It is thought that this project if rightly managed would afford ample compensation to the boys for their work. It would do away with all bother now attendant upon getting the band out, and would result in a harmonious adjustment of the money question.

Both the band and the fife and drum corps turned out yesterday. The drum corps appeared early in the morning and played until along in the afternoon, marching through the streets of the town and down to the dock where several selections were rendered.

## 3,000 PEOPLE

The Excursions Into Bemidji Yesterday Brought More Than That Number.

The three excursions into the city yesterday were even more successful than had been predicted. Over 3,000 visitors were brought to Bemidji on them and the town presented a busy appearance throughout the day.

The special from Blackduck, with four cars, was first to arrive. It got here about 10 a. m., and had 250 people on board. The specials from Melrose and Grand Forks, each with thirteen full coaches, arrived at 11:30 and 11:50 a. m. Every seat was filled and people were standing in the aisles. The train from the west had to stop taking on passengers long before it reached Bemidji, and a large number of excursionists were forced to come on the regular at 12:40. Aside from the regular excursion train from the south a good many people came on the regular from Duluth, getting here at 3:20 in the afternoon.

A large proportion of the excursionists attended the ball game, but many of them were content with boating on the lake and walking along its shores.

The two big excursion trains left on the return trip at 7:30 in the evening. The Blackduck train was later in starting.

## KNOCKED INTO THE RIVER

GREAT NORTHERN FIREMAN MEETS DEATH IN PECULIAR FASHION.

WAS STRUCK ON HEAD BY BRIDGEWORK.

Accident Occurred Saturday Evening While Train Was Crossing Mississippi.

Fred Neiman, a fireman on the Great Northern railway, was killed last Saturday night about 8:30 o'clock while the train on which he was working was crossing the Mississippi bridge. He was knocked from the engine into the river. No one saw the accident but it is supposed that the fireman was struck on the head by the structure work of the bridge while on the running board fixing a light.

The engineer missed Neiman just after the train had crossed the bridge. The train was stopped and the crew started on a search for the missing man. A brakeman six cars back of the engine, while his car was on the bridge, had seen a hat floating on the water and something he took for a man's body. Before the men had time to institute a search along the river they learned that the body of their comrade had been picked up by a boat crew. Authorities were notified and Coroner Henderson, arriving at the scene of the accident and finding an inquest unnecessary, ordered the body taken to Naylor's undertaking rooms. An abrasion of the skin on the side of the head showed where the unfortunate man had been hit. The blow must have caused instantaneous death.

The train was an extra going east, in charge of Conductor A. J. Miller. Neiman was a man about 40 years of age. He leaves a wife and two children, who reside at South Crookston. A brother arrived in Bemidji yesterday and took the body to Crookston.

## WEDDING PRESENT.

The Beltrami County Bar association last Saturday presented F. W. Street with a handsome leather upholstered chair as a wedding present. The piece of furniture was a beautiful one, richly upholstered, and cost \$40. There was no presentation speech, the chair being sent up to the house, but Mr. Street later expressed his appreciation of the gift to the donors.

## KILLED A BEAR

Photographer Reed and Harry Bliler Engage in Exciting Hunt.

R. W. Reed and Harry Bliler were mixed up in a bear killing yesterday. In company with Ed Kerr, a settler living a few miles west of town, they tracked a two-year-old black bear into a swamp and killed him with a club. Kerr had a gun along, a combination rifle and shotgun, but it was not used for fear the hide would be spoiled.

Sometime ago Mr. Kerr told Mr. Bliler and Mr. Reed that there was a bear in the vicinity of his place. He said that when he got it located he would let them know. Yesterday morning they received a message from him stating that he knew where to find bruin, and the local hunters immediately set about making preparations for the hunt. Mr. Reed took his camera along and they caught the 3:20 train west.

They were met at Solway by Mr. Kerr, and he conducted them into the woods between Wilton and Solway, a considerable distance from the track and about ten miles from Bemidji. The track of the bear was found on the edge of a swamp. A half mile of walking along his trail in the damp ground brought them to the animal.

The bear started to run but was soon overtaken and surrounded. Several good negatives were made of him by the photographer, and then Mr. Kerr approached bruin and dispatched him with a few well directed blows of a stout club, finishing the work by running his knife in the bear's shoulder. Excitement for a brief period was intense, and all concerned indulged in rapid actions to escape the animal's claws. It was dark before the party got out of the woods. The bear's head is to be mounted. The hide at this season is of little value.

## PLAY MORE BIG GAMES HERE

ALL NORTHERN LEAGUE TEAMS TO APPEAR IN BEMIDJI THIS SEASON.

A GAME FOR BEMIDJI NEXT SUNDAY.

To Be Series of Contests—Hibbing and Bemidji Will Play.

The ball game yesterday was such a success in point of attendance that there will be a series of league games here during the summer. There will probably be one next Sunday, and a game nearly every Sunday thereafter until the season is over. It is said that every team in the league will have appeared here before the close of summer, some of them two or three times. It is not positively decided as yet who will play here next Sunday if there is a game, but it will probably be Duluth and Crookston again.

The attendance yesterday was better than at some of the best league games played in the Northern league circuit this season, and managers of both teams signified it as being their desire to play at Bemidji whenever an opportunity offered. The other organizations in the league are also willing to come here, now that the grounds are in shape.

Bemidji and Hibbing are arranging for a game which is to be played here in the near future. The date has not yet been set. Hibbing has a fast team, but the locals expect to come out victors. Their success with the Grand Rapids aggregation furnished them with a considerable degree of self confidence, and they feel equal to meeting any nine in northern Minnesota, outside the league.

A crew of men will be kept at work improving the grounds until they are as good as any in the state. They are better now than those at Superior and Duluth, and will soon be unsurpassed anywhere in the northwest.
