Bemidji is a thriving, hustling,
up-to-date town, and any new
feature which will add to the
beauty of the town, such as ce-
ment walks, may be sure to re-
ceive hearty support from the
Bemidjites.—Crookston Times.

Forgot Maw.
An exchange says: A farmer
went to town to do some shop-
ping. On the way back the
thought came to him that he had
forgotten something. He took
out his notebook, went over every
item, checked it off and saw that
he had made all the purchases he
had intended. As he drove on he
could not put aside the feeling
that there was something miss-
ing. He took out his notebook
and checked off every item again,
but still found no mistake; he did
this several times but could not
dismiss the idea that he must
have forgotten something. When
he arrived home and drove up to
the house his daughter came out
to meet him, and with a look of
surprise asked: "Why, where is
maw?"

For Sale.
\$560—80 acres two and one-
half miles directly north of the
thriving city of Bemidji; this is
a level piece of land with small
timber; it should make a good
general or stock farm; includes
the N $\frac{1}{2}$, SW $\frac{1}{4}$, Sec. 28, Twp 147,
Rge. 33.

\$1000—200 acres in compact
body, five miles north of the town
of Turtle River, two miles from
shipping station, five miles from
Tenstrike; my reports show black
loam soil with clay subsoil; sev-
eral thousand posts and poles,
which will sell readily at neigh-
boring stations; also includes
good meadow land; this is as good
land as grows in Beltrami county.
SW $\frac{1}{4}$ of NW $\frac{1}{4}$, W $\frac{1}{2}$ of SW $\frac{1}{4}$ Sec. 5,
E $\frac{1}{2}$ of SE $\frac{1}{4}$ of Sec. 6, Twp. 148,
Rge. 32.

SHOW WAS GOOD

**Crowds of People Express Their
Approval of Campbell Bros.'
Exhibition.**

The great crowds of people,
numbering in the aggregate over
5,000 persons, witnessed two per-
formances of the Campbell Bros.'
circus Saturday, July 4. A
highly favorable verdict was
almost unanimously returned by
those who watched the shows
with critical eye.

The circus was the great fea-
ture of the day. Long lanes of
people lined the streets in the
morning when the parade passed
by, and all day the grounds
where the outfit was camped
were covered with sightseers.

The show was a good, clean
exhibition throughout and was
highly creditable to the manage-
ment. One of the most pleasing
features was the absence of any
graffers of any sort working in
connection with the show. Every-
thing seemed to be on the square
and perfectly orderly. There
were no rough characters in evi-
dence, and those connected with
the circus were courteous in
their treatment of persons at-
tending the performances.

The circus was replete with
thrilling performances. The fam-
ily of Japs, the other acrobatic
performers, the aerial artists,
the trained elephants, horses and
dogs and the funny clowns all
came in for a good share of ap-
plause. There were about 4,000
people at the afternoon perform-
ance alone. The management of
the show stated that the attend-
ance was the best they had had
this season.

Europe's Rulers in Visiting Mood.

Each year the crowned heads
of Europe are turning their at-
tention more closely to their
neighbors, to studying their in-
dustries and visiting their courts.
King Edward has made calls this
year upon "little brother" in Por-
tugal, upon the King of Italy, the
Pope and President Loubet of
France. Perhaps next he will
decide to visit this country, in
which case we can present him
with the finest beer he ever
tasted, besides other luxuries
known exclusively to Americans.
Golden grain belt beer, the de-
licious beef referred to, is both
table delicacy and tonic for the
home. It's good for all the fam-
ily, and should be kept constantly
on hand. Order of your nearest
dealer or be supplied by John F.
Essler, Bemidji.

CAN MAKE ARREST IN SALOON

**Judge Achenbach Says Offi-
cer Can Do This With-
out a Warrant.**

**RENDERED IMPORTANT DECIS-
ION THIS MORNING.**

**Was Claimed That Officer Could
Not Make Such
Arrest.**

Several saloon men of the city
have on different occasions ex-
pressed it as being their opinion
that a police officer had no right
to enter a saloon and make an ar-
rest without a warrant. These
ideas were dispelled this morn-
ing by Judge Achenbach when he
fined Andy Anderson and J.
Galant, the latter of Solway, \$5
each and costs, for fighting in
the Hub saloon.

Last Saturday night the men
were arrested by Officer Helmer.
They claimed that the officer had
no right to arrest them and the
case this morning was the result.
Judge Achenbach held that a po-
liceman had a perfect right to ar-
rest any man creating a distur-
bance in a saloon whether he had
a warrant or not.

Powerful Sermon.

Rev. Wolvern, the young minis-
ter of Pittsburg, Pa., who has
been holding Episcopal services
in the Odd Fellows' Temple
for the past few Sundays, deliv-
ered a powerful sermon last
night to a large and attentive
audience. The evident sincerity
of the minister, supplemented
by his strong powers of ad-
dress and clear and lucid method
of putting a subject before his
hearers has already built him up
a reputation, and each week his
congregations increase in size.

OUR CELEBRATION

**Hundreds from Outside Were in
Bemidji on July
Fourth.**

There were several hundred
outsiders who spent the Fourth
of July in Bemidji. The circus
was the main drawing card. The
trains from Blackduck both Fri-
day and Saturday were well filled
with people coming here to cele-
brate, and there were also a great
many from Cass Lake and from
other near points on the two
roads entering Bemidji.

A showery and cloudy morn-
ing put a damper on the early
Fourth of July celebration. Rain
began falling early in the morn-
ing and drove to cover many of
the small boys with their noise-
makers, and likewise old enthusi-
asts with their giant firecrackers.
The order issued by the chief of
police relative to firing crackers
only on the lake shore did much
to keep down the noise. Many
who would have otherwise shot
off the big crackers did not do
so because they were too lazy to
carry them down the lake. The
order doubtlessly averted much
damage, however.

The weather remained cloudy
up to late in the afternoon, inter-
fering extensively with plans for
outings and picnic celebrations.
It rained pretty steadily till 10:30
a. m.

Mill Improvements.

The smoke stack at the Crook-
ston Lumber company's mill is
being raised 40 feet and the en-
tire plant is being rewired. The
insurance companies caused this
to be done.

Haitiens Are Banished.

Washington, July 4.—According to
United States Minister Powell, at Port-
au-Prince, by a declaration of the
court of the North, more than fifty
Haitiens have been doomed to per-
petual banishment, among them being
the late President Firmin and family
and Gen. Salnave and brother.

MORE BOWLING

**The Challenge Issued by Married
Men Has Been Ac-
cepted.**

The bowling team, made up of
married men of Bemidji, which
recently won a series of matches
played with the bachelors and
then issued a challenge to any
team in the city to a game, has
had its challenge accepted. A
team has been made up for the
specified purpose of wreaking re-
venge upon the Benedicts for
their drubbing of the bachelors.
The date for the match has not
yet been set, but the game will
be pulled off within the next week
or two. The new team consists
of Happy Anderson, A. Wiler,
Mr. Riddle, T. Bailey and O. Pe-
terson.

KILLED BY HIS SON.

**Father Was Sick With Smallpox at the
Time.**
Canal Dover, Ohio, July 4.—Dr.
James Dixon was shot and killed last
night by his son. Dr. Dixon was sick
with smallpox, having contracted the
disease in helping a daughter to es-
cape quarantine. The son was con-
fined in the house with his father un-
der quarantine. The fact that Young
Dixon, when arrested, was taken to
the city prison, caused great excite-
ment and indignation.

MORRISON IS DEAD.

**Member of the Isthmian Canal Com-
mission Passes Away.**
New York, July 4.—George Shattuck
Morrison, a member of the Isthmian
canal commission, and one of the fore-
most civil engineers in America, died
in this city last evening. He was con-
fined to his bed about six weeks. Mr.
Morrison gained his reputation as a
bridge engineer from the five bridges
across the Mississippi, ten across the
Missouri and many others.

ITALIAN STEAMER GROUND.

**Seventy Passengers Rescued and
Landed at Marseilles.**
Marseilles, July 4.—The Italian
steamer Venezuela, from Genoa,
grounded in a fog off Salsner Island,
nine miles southwest of here. Its sev-
enty passengers have been landed,
and tugs have gone to the assistance
of the steamer.

NO HOPE FOR THE MEN.

**Fire and Smoke Prevent Rescue Work
at Hanna.**
Hanna, Wyo., July 4.—Of the 234
men entombed by the mine explosion
on Tuesday the bodies of only five
been recovered and all hope has been
abandoned. Fire and smoke are hin-
dering the exploration of the lower
workings.

Admitted to Naval Academy.

Annapolis, Md., July 4.—A number
of additional candidates for the naval
academy successfully passed their
physical examinations yesterday and
were sworn in as midshipmen. Those
who passed included J. F. Shea, North
Dakota; R. L. Spencer, Minnesota; R.
B. Stewart, South Dakota.

Killed by an Explosion.

Brazil, Ind., July 4.—The premature
explosion of a "shot" at Superior
Mine No. 1 yesterday afternoon in-
stantly killed Jesse Perkins and fat-
ally injured George Perkins.

Millions Added to the Assessment.

Cleveland, July 4.—Mayor Johnson's
fight to compel large corporations to
pay additional taxes was reopened
when County Auditor Wright an-
nounced that he had added \$2,787,204
to five public-service corporations.

Francis Joseph Keeps Them at Work.

Vienna, July 4.—As the deputations
have been unable to agree on the pro-
portions to be respectively contributed
by Austria and Hungary toward their
joint expenditure the present arrange-
ment will continue until 1909.

HE DEFEATED THE CHAMPION

**George Lefevre Won in the
Log Rolling Contest
Saturday.**

**CLAIMED THAT OUTCOME HAD
BEEN PREARRANGED**

**And That Prize Money Was
Divided Equally Among
Contestants.**

Allen Stewart, champion log
roller of the world, was defeated
by George Lefevre in the contest
held in Bemidji last Saturday. A
crowd of about 3,000 people wit-
nessed the match. It is claimed
by those in a position to know
that the outcome of the match
was a prearranged affair, and
that it had been decided before-
hand to let Lefevre win and then
divide the prizes equally among
the four contestants.

The log used is a heavy Nor-
way pine 19 inches through and
one on which no man can use his
science. This fact makes it ap-
pear all the more probable that
Stewart was willing to enter a
fake match, for on a log like the
one used it is not necessarily the
scientific man who wins.

The two preliminary matches
to decide who should enter the
final was to be decided by two
out of three throws. In these
Stewart won from Lackey, and
Lefevre from Roach. The two
victors then mounted the log,
and in anything but an exciting
match Stewart was defeated.
Money for prizes was collected in
the crowd and from the business
men before hand. It is said that
\$150 was collected in this man-
ner.

ADJUDGED INSANE

**Frank Burke Was Taken to Fer-
gus Falls This After-
noon.**

Frank Burke, 33 years old, was
adjudged insane in the probate
court this morning and
was taken to the Fergus Falls
asylum this afternoon. Dr. Hen-
derson and Dr. Morrison made
the examination.

The case is a peculiar one. On
June 22 Burke was examined
but he appeared so rational that
he was left in the care of a friend
to await developments. Develop-
ments came and for the last three
nights the friend has had no
sleep. Burke refuses to lie down
more than two or three minutes
at a time and he has to be con-
stantly guarded to be kept out
of mischief. His favorite trick
is to pull the bed clothes from the
bed and wind them around his
head, seemingly in an attempt to
smother himself. Burke was
married once but his wife left
him. He has lived in Bemidji
for three years.

REED & KNUTSON

Blacksmith and Wagon Makers

BEMIDJI, - - MINNESOTA

REED & KNUTSON have opened a blacksmith and wagon shop one door south of The Pioneer, and are prepared to handle any and all work in their line and guarantee satisfaction to all comers. Mr. Reed makes a specialty of horseshoeing and general blacksmith work, and his work is too well known to need any introduction to the people of this vicinity.

Mr. Knutson has been in the employ of the St. Hilaire Lumber company for four years, and comes well recommended by that company.
