## DENIES STORY

**Allen Stewart Declares the Log Rolling Match was Not a Fake.**

Allen Stewart, the champion log roller, who was defeated in the match on the Fourth by Geo. Riviere, emphatically denies that the outcome of the match was prearranged.

Speaking to the Pioneer this morning Mr. Stewart said: "I was fairly beaten. I did my best to win, and I wish you would tell the public there was nothing on the fake order in the match. It is true that the prize money was divided equally among the four of us, but when we entered the match we had no idea who would come out winner. If the log had been lighter so that it could have been more easily controlled the match might have resulted differently. It is hard for a man to use any science on a heavy Norway pinenineteen inches through. I am not complaining, however, for it was as fair for one as the other."

### Bright vs. Duff.

The suit brought by S. E. Bright against J. W. Duff for the recovery of \$30 on a promissory note was tried before Judge Achenbach this morning. A judgment for the plaintiff was entered. Attorney P. J. Russell appeared for the plaintiff and Attorney J. L. Reynolds for the defendant.

## CORNER LOT

**F. B. Hannafin Gets Lots at Corner of Beltrami Avenue and Third Street.**

F. B. Hannafin yesterday purchased from Bacon & Brown the lot on the southwest corner of Third street and Beltrami avenue for \$6,000. It is understood that there will be no changes made in the building on the lot this year, but that next summer a brick block will be constructed on that corner.

### Dr. E. H. Marcum Located Here.

Dr. E. H. Marcum, who recently located in Bemidji, is now pleasantly situated in offices above the Palace restaurant, which are completely fitted with the latest and most approved instruments known to medical science for the practice of his profession. The doctor is well prepared for the work which he has set out to do. He is a graduate of the Hahnemann Medical college of Chicago, and for two years was a teacher in the dissecting rooms of this noted institution. Aside from this he has for the past year been assistant to F. H. Honberger in his hospital confinement cases. Thus he is thoroughly fitted to be an expert in surgery. Dr. Marcum is also a graduate of the Northwestern College of Ophthalmology of Chicago, and of the Ustion Medical Society of the World.

### For Sale.

\$560—80 acres two and one-half miles directly north of the thriving city of Bemidji; this is a level piece of land with small timber; it should make a good general or stock farm; includes the N $\frac{1}{2}$ , SW $\frac{1}{4}$ , Sec. 28, Twp 147, Rge. 38.

\$1000—200 acres in compact body, five miles north of the town of Turtle River, two miles from shipping station, five miles from Tenstrike; my reports show black loam soil with clay subsoil; several thousand posts and poles, which will sell readily at neighboring stations; also includes good meadow land; this is as good land as grows in Beltrami county. SW $\frac{1}{4}$  of NW $\frac{1}{4}$ , W $\frac{1}{2}$  of SW $\frac{1}{4}$  Sec. 5, E $\frac{1}{2}$  of SE $\frac{1}{4}$  of Sec. 6, Twp. 148, Rge. 32.

## FOREST FIRES

**Government Will Make a Study of Them in Northern Minnesota.**

A study of forest fires begun in the South this spring will be continued during the summer in Minnesota, Wisconsin and Michigan by a party under H. J. Tompkins of the government bureau of forestry. Tompkins will inquire into the methods used by the inhabitants in putting out fires, and determine, if possible, how these methods may be improved. He will then attempt to devise some general system of fire control for the states visited so that the bureau, if called on, will be able to furnish their legislatures with recommendations for fire laws based on a thorough knowledge of the conditions. This is the first step in the direction of a thorough examination of conditions in the timbered sections of the Northwest.

### New Sidewalk.

The council met last night, but transacted little business. There were two sidewalk petitions in which it was voted to grant. One of the walks which it is proposed to build starts at the intersection of Eighth street and Minnesota avenue and will run southward along the west side of Minnesota avenue to Fifth street.

## FOND OF CASH

**Madame West Leaves Town, Likewise Debts and a Bad Reputation.**

Miss Hortense Shay, who came here from Eveleth six weeks ago and established herself as a dressmaker under the name of Madame West, surreptitiously left the city Monday morning on the 3 o'clock train. She left several debts and a bad reputation.

Miss Shay took with her, it is claimed, cloth for a dress belonging to a young girl who was working as her assistant, besides goods of other of her customers. She owed for room rent, electric light rent, board and, as near as can be ascertained, for everything else she took upon credit while in Bemidji. She had a strange aversion for a cash business, except when the coin was coming her way.

### DEATH IN AN AWFUL FORM.

**Engineer Slowly Scalds Before Helpless Spectators.**

St. Paul, July 7.—John E. McGowan, an engineer on the Northern Pacific railroad, was killed at 10:30 yesterday when his engine jumped the track at Dellwood, White Bear Lake. His right arm was broken near the shoulder and his left leg was fractured below the knee. Death resulted from being scalded. The train was only a short distance from Dellwood station when the track sank beneath the weight of the locomotive. The coupling of the engine and tender broke and the engine tipped over on the right side, where McGowan was sitting with his hand on the lever. He was caught with his hand under the cab and was pinned to the ground. The steam began to escape and the engineer was slowly scalded to death while hundreds of lake visitors watched him die and were powerless to render any assistance.

### BABY FALLS INTO BONFIRE.

**He Is Unable to Get Up and Is Roasted Alive.**

St. Paul, July 7.—Wladyslaw Malecki, the six-year-old son of Albert Malecki, was fatally burned by falling into a bonfire early last evening while playing with some companions near his home. He died at 11:30 last night. While he was playing with some other children they started a fire with some old paper which they picked up. The blaze was only a small one, but as the child was running to escape one of his companions who was chasing him, he stumbled and fell face down in the fire. He was unable to get up. His clothing caught fire and by the time he was dragged from the fire he was frightfully burned about the waist, the flesh being roasted almost to a crisp.

## TAMS BIXBY'S FORECAST

**Makes a Wager That Heatwole Will Be a Candidate for Governor.**

**BETS A \$40 SUIT OF CLOTHES WITH A FRIEND.**

**Believed Bixby Has Reason to Believe Heatwole Will Run.**

The St. Paul Dispatch publishes the following dispatch from Washington today:

Chairman Tams Bixby, chief of the Dawes Indian commission and promoter of the town of Bemidji, in which he is interested, for the land office, indulged in a political prophecy the other day.

It was, in fact, more than a prophecy, for Mr. Bixby wagered a \$40 suit of clothes with a former congressman from Minnesota that Joel P. Heatwole will be an active candidate for governor next year.

Coming from this source, there can hardly be any doubt as to Mr. Heatwole's real intentions.

He has been regarded all along as the probable manager for Mr. Dunn's gubernatorial campaign, and there are some Minnesota politicians who still insist that Heatwole and Dunn have an understanding.

But Mr. Bixby's wager and his positive manner of declaring that Heatwole would be a candidate, would indicate that the former congressman is preparing for a campaign.

### SOUTH DAKOTA WOMAN BURNED.

**Fatal Gasoline Explosion Occurs at Redfield.**

Redfield, S. D., July 7.—Mrs. George F. Johnson died last evening at 8 o'clock as the result of burns received from a gasoline stove. She leaves a husband and two children, Harry E. Johnson, a prominent merchant of this city, and Grace Johnson Bartlett, the wife of a well known contractor at Lead, S. D.

### Tornado Does Damage.

La Crosse, Wis., July 7.—A tornado passed four miles south of Bangor, eight miles east of here. It demolished a large barn and laid trees and vegetation low for a distance of three miles. No one was injured.

### Chickens Destroyed by Rain.

Clontarf, Minn., July 7.—Rains in this vicinity have caused almost a total destruction of the prairie chickens "crop" this year, as many dead chicks and eggs are now floating on the waters of meadows.

### GRAVE TELLS WOODS TRAGEDY.

**Probable Burial Place of Unfortunate Deer Hunter Is Found.**

Clintonville, Wis., July 7.—While looking over timber land in Forest county Messrs. A. Van Zile and R. Miller of this city made a gruesome find. In the dense forest, where the axe of the woodsman has never resounded, they found a grave. The surroundings indicate that the grave probably contains the remains of some unfortunate deer hunter. During last season three men went into the woods in quest of deer and were never heard of afterward, and this may be one of them. The conditions of the ground show that the grave was dug and leveled off some months ago, when the ground was frozen.

### WOULD LYNCH OFFICER.

**Jamestown Mob Threatens to Hang Enoch Russell.**

Jamestown, N. D., July 7.—An angry crowd gathered in front of Spangler's billiard hall last evening and threatened to lynch Officer Enoch Russell, following the fatal shooting of W. W. Hamlin. Russell attempted to arrest a drunken man in Spangler's and was resisted. In the encounter the officer was thrown to the floor. He drew his revolver and shot twice, one bullet entering near the heart of Hamlin, who was standing near by. When threats of lynching was made special officers attempted to disperse the mob which gathered and pleas were made to let the law take its course. Russell was spirited away and the crowd dispersed.

## WORK OF VANDALS ON THE POINT

**The Beautiful Young Birch Trees Are Fast Being Destroyed.**

**IS PROPOSED TO ARREST AND FINE THE OFFENDERS.**

**If Necessary A Fence Will Be Placed About The Park.**

The White & Street Townsite Company is finding vandalism strong on Diamond Point, where there is a beautiful growth of young birch trees. It is the wish of the company to make the Point one of the beauty-spots of Minnesota, but the vandal with the itching for birch bark is rapidly putting the ghost trees at the mercy of wind and rain by girdling them for the bar. A guard has been put on, who will get the names of the tree destroyers, and the company proposes to make an example of the first offender caught. If the vandalism cannot be stopped a barbed wire fence will be built along the shore to keep off unwelcome visitors.

## WISH TO REMAIN

**Indians Do Not Want to Move to the White Earth Reservation.**

According to reports received at the Indian bureau at Washington, the officials at White Earth are having considerable difficulty in removing the Indians at Mille Lacs in accordance with the provisions of the act passed at the last session of congress.

Agent Michelet reports that while the majority of the reds desire to go to White Earth many of them express a preference for Leech Lake. The Washington authorities want the Indians to go to the former agency, as there is adequate land there for allotments. Provision cannot be made for the Indians at Leech Lake.

The White Earth agent has been instructed to make a thorough report on conditions at Mille Lacs and to submit an estimate of the cost of transportation of the Indians and the amount that will be necessary to supply them with the equipment authorized by congress. Every effort will be made by the Washington officials to have the Mille Lacs Indians go to White Earth.

The Daily Pioneer want columns are good result getters. Try them.

## STARTED WORK ON GROUNDS

**Carpenters Making the Town Ready to Receive the Old Soldiers.**

**G. A. R. ENCAMPMENT TO BE BIGGEST YET HELD.**

**Indian Sports Will Be Features of the Four Days' Splendid Program.**

No effort is being spared to make the coming G. A. R. encampment to be held in Bemidji July 21, 22, 23 and 24 the biggest district encampment ever held in any of the central states. It will equal some of the state encampments in size.

Today a crew of carpenters started work on the grounds. There is considerable carpenter work to be done where the tents are to be pitched, also on the several arches to be placed about town, and the carpenters will be kept busy from now until encampment time. A Japanese house of comfortable proportions is to be erected in the park. This will be the headquarters for the old soldiers.

A great variety of seats will be provided, and it is planned to have seating space sufficient for several hundred people.

Wednesday, July 22, will be ladies' day, and the program will be devoted exclusively to the ladies of the G. A. R. and W. R. C. The presiding officers and their respective staffs will be present, and the ladies' organizations have proved a royal entertainment. The national presidents of both associations will be here. Mrs. Lodusky J. Taylor of Le Sueur, Minn., is president of the W. R. C.

Every week new features are added to the already attractive program. It has been recently decided to have Indian dances, dog feasts, canoe races and other Indian sports features of the four days' program. Chief Bemidji, the famous peace chieftain of the Chippewas, after whom the town is named, will be present with his tribesmen.

A special rate of one and one-third fare has been granted by all the roads from all parts of the state, and the tickets will be good for one week.

One hundred and sixty acres of good pasture and water two and one-half miles from town for horses and cattle. Inquire at Big Feed barn. 58-tf

**REED & KNUTSON**  
Blacksmith and  
Wagon Makers  
BEMIDJI, - - MINNESOTA

REED & KNUTSON have opened a blacksmith and wagon shop one door south of The Pioneer, and are prepared to handle any and all work in their line and guarantee satisfaction to all comers. Mr. Reed makes a specialty of horseshoeing and general blacksmith work, and his work is too well known to need any introduction to the people of this vicinity.

Mr. Knutson has been in the employ of the St. Hilaire Lumber company for four years, and comes well recommended by that company.

Give the new firm a chance to show you what they can do, and you will not be disappointed
