Climbing Mountains.

Is a fascinating and invigorating pastime. It developes not the body only, but the mind. The Alpine Peaks of Switzerland have their counterpart in our own country, in the Sierras, the Cascades, and parts of the Rockies.

The greatest glacial peak of the United States is Mt. Ranier in Washington, more than 15,500 feet high. This magnificent mountain has 15 or more giant glaciers creeping down its sides and discharging their glacial detritus into the Columbia river or Puget Sound.

A climb to the summit of this is a mountaineering feat worthy of any mountaineer. For 25 cents Chas. S. Fee, Gen'l Passenger Agent of the Northern Pacific railway, St. Paul, Minn.—will send to any address an illustarted booklet called "Climbing Mt. Ranier" describing a climb over glaciers to the top of the mountain.

CASTRO GETS UGLY

HARSH INJUSTICE METED OUT TO FOREIGNERS IN VENEZUELA.

HUNTING DOWN ALL FOREIGNERS

PERSECUTION FOR THOSE WHO PRESENT CLAIMS AGAINST VENEZUELA.

GOVERNMENT MAKES NO MOVE

NOTHING DONE TO PREVENT REPETITIONS OF THE OUTRAGES.

Willemstad, Island of Curacao, Sept. 2.—Harsh injustice is being meted out to foreigners residing in the interior of Venezuela, where the local authorities are hunting down all foreigners who dare to present claims against Venezuela in accordance with the recent protocol. Near Coro a local tribunal refused to accept the testimony of five Italians. On the latter insisting on tendering their depositions three were arrested and thrown into jail. Two of them attempted to escape and were fired upon, one being killed. The Venezuelan government does not deny this occurrence, but is doing nothing to prevent repetitions. It is learned on good authority that letters sent to foreigners from the Italian and other legations instructing them to send in their claims, were seized in the post so as to prevent the claims from arriving in Caracas in time.

"Death to Foreigners."

Cumana, Venezuella, Sept. 2. — A gibbet was erected in a street of this city yesterday on which was hanged an effigy representing a foreigner and the populace beat the dummy with sticks amid shouts of "death to the foreigners."

Two leading traders, M. Palazzi, a Frenchman, and Herr Sprick, a German, were recently arrested in Ciudad Bolivar, by order of President Castro, for refusing to pay their taxes, which already had been collected by the revolutionists during the latter's occupation of the city. Many other persons were also arrested on the same charge. The French and German ministers at Caracas protested and obtained the immediate release of their fellow countrymen.

Gen. Rolando and two hundred of the rebel officers who were captured at Ciudad Bolivar have arrived at Maracaibo. They were incarcerated in the fortress at San Carlos with their feet in irons.

HAD THIRTEEN HUSBANDS.

Statement Made by Man Who Says He Is the Last Spouse.

Kokomo, Ind., Sept. 2. — According to a cross-complaint filed here yesterday, Mrs. Sarah Pohlman is the proprietor of thirteen living husbands, eight living in Ohio and five in Kokomo. Pohlman, No. 13, declares that the woman is forming a matrimonial trust with the purpose of cornering the available men of the country. He said that octopus-like she wants a husband for each tentacle to have and to hold, and that she has still plenty of unused tentacles to satisfy her ambition to break the world's record in matrimony. She is forty years old.

LORD SALISBURY BURIED.

Simultaneous Services at Hatfield and Westminster Abbey.

London, Sept. 2.—The body of Lord Salisbury was buried yesterday beside that of his wife in the burial ground of the Cecils at Hatfield. The arrangements were of the most private and simple character. All the children of the deceased were present, as were also Premier Balfour, Lord Selborne and a few intimate neighbors. Simultaneously a memorial service was held at Westminster Abbey, which was attended by representatives of King Edward, Emperor William and other members of royal and imperial families.

HUNDRED MILES AN HOUR.

Freight Train Runs Away but No One Is Injured.

Colorado Springs, Colo., Sept. 2. — A freight train got beyond control of the crew above Manitou and plunged down through Manitou into Colorado City at an estimated speed of 100 miles an hour. In Colorado City the train, which consisted of an engine, a caboose and sixteen loaded box cars, plunged into a switch engine on a siding, knocking the dead engine more than a hundred yards. The members of the train crew jumped and no one was injured. The estimated loss is $25,000

Burned to Death.

Cincinnati, Ohio, Sept. 2. — Fire caused a loss of $20,000 to S. H. Taft & Co.'s lumber yard. The charred remains of two unknown tramps were taken from the ruins of a box car that was burned while on the siding in the lumber yard.

Burglars Rob Postoffice.

Stewartville, Minn., Sept. 2. — The postoffice at this place was broken into last night and the safe blown open. The burglars only got about $2 in cash and a few stamps

WAR IS IMMINENT

ONLY A MIRACLE CAN AVERT CLASH BETWEEN TURKEY AND BULGARIA.

ASK TURKS TO JOIN REVOLUTION

MOVEMENT IS STARTED FOR AUTONOMY UNDER EUROPEAN CONTROL.

INCREASES GENERAL ANXIETY

CONSULS OF FOREIGN POWERS DISTURBED AT LATEST MOVEMENT.

Sofia, Bulgaria, Sept. 2.—Both in official and revolutionary circles the opinion is freely held that war between Bulgaria and Turkey is imminent and can be averted by nothing short of a miracle. It is not expected that either government will formally declare hostilities, but that the prevailing conditions will force on a war.

There is no question that large numbers of insurgents have recently crossed the frontier. An extensive outbreak in Northern Macedonia is possible any day.

Turks Asked to Join Revolution.

Salonica, Sept. 2.—Eternal vigilance is the price of life in almost any section of Macedonia. The situation among the races is so complicated that Bulgarians, Greeks and Turks alike are unable to distinguish friends from enemies. In some localities the Bulgars and Greeks are fraternizing against the Turks, in other districts Greeks and Turks are banded against the Bulgars, in still other places Bulgars, Greeks and Turks appear to be mingling in mutual sympathy with the Turkish civil and military authorities, informing them of the designs of the revolutionists.

Oppression has been the lot of the whole population of Macedonia, and the people cannot be expected to be forever submissive. The disaffection of what seems to be a small element among the Turks has encouraged a group of revolutionary Ottoman leaders to start a secret campaign of sedition. A manifesto is being circulated detailing the evils of the sultan's rule and requesting the Turkish inhabitants of Macedonia

To Cast Their Lot

with the insurgents. "Only thus," runs the appeal, "can the Macedonian Mussulmans ever know liberty, just laws, pure administration and tranquility. Macedonia with autonomy under European control would pass out of the realm of chaos into the realm of order, and men, women and children would lie down to rest at night unaffrighted by the specter of massacre. No Mussulman need fear that such a movement would entail abolition of the Mohammedan religious conscience. The suzeraine would guarantee religious and political liberty."

This appeal, though aimed at minimizing the evils, probably will have the effect of introducing a new ferment into the situation and increasing the general anxiety. The consuls of the foreign powers are particularly disturbed by it, since they fear that once a considerable body of Turks decides to aid the insurgents the assassination of consuls may be favored as certain to provoke European intervention.

No Change in Orders.

Washington, Sept. 2. — Chekib Bey, the Turkish minister, had a long interview yesterday with Secretary Hay. He refused to give an interview. After the interview Secretary Hay visited the navy department. If the Turkish minister requested that the European squadron be kept away from Turkish waters his request, probably, cannot be granted, even should this government desire to accede to it, as the navy department states that it will be impossible to communicate with either the Brooklyn or San Francisco until they arrive in Beirut.

Chekib Bey assured Secretary Hay that the Turkish government had done 'nothing wrong and will use every endeavor to protect American citizens residing in Turkey.

MINNEAPOLIS WANTS IT.

National Association of Letter Carriers Invited to Meet There.

Syracuse, N. Y., Sept. 2.—The fourteenth annual convention of the National Association of Letter Carriers opened here with nearly 1,000 delegates in attendance. President D. J. Keller opened the convention and reports of officers and committees were received, showing the organization to be in a prosperous condition. Partisans of Portland, Or., Minneapolis, Minn., and Quincy, Ill., are making a lively fight for the convention of 1905.

TERM IS SHORT.

Father Cushing Denies That He Is to Become a Life Prisoner.

Louisville, Sept. 2.—Father John H. Cushing denied the story from Denver that he had been ordered to Gethsemane, and there to remain practically a prisoner for life, because of his long fight upon Bishop Matz. Father Cushing has been sent to Trappist monastry for a month or less by Archbishop Falconio, and immediately thereafter will return to his diocese in Denver.
