INVESTIGATION.

It has been announced at the interior department at Washington that Charles Joseph Bonaparte had accepted the invitation of Secretary Hitchcock to take charge of the investigation of certain Indian territory affairs and officials.

The scope of the investigation, it is said, will embrace all matters that have been printed or may come to notice reflecting upon the official character, conduct or acts of the Dawes commission or the inspectors for the Indian territory.

The investigation will also be extended to such other persons and things in the Indian territory, over which the interior department has supervision, as may be deemed by Mr. Bonaparte to be for the welfare of the service, or as may be referred to him by the secretary of the interior.

TRUSTEE BOWSER ironically suggested at the council meeting Monday night that slot machines be placed in the village school house. It was stated that this would be a simple way of defraying the expense of putting up the addition to the building. This action would be in keeping with Bemidji's outside reputation.

THE Standard Oil Company is charged with having "salted" wells at Beaumont. All octopuses are salt water animals, though they do appear rather fresh at times.

Alma, Wis., Sept. 16.—A special train consisting of an engine and two cars, carrying President James J. Hill of the Great Northern and the Northern Securities company; President Harris of the Burlington, the first and second vice presidents, Chief Engineer Breckenridge and other officials, struck a washout a couple of miles south of Alma while going at a moderate rate of speed. The locomotive hit two big rocks brought down by the storm and the front end was badly damaged and put partly off the track, shaking up the train.

THREE PRISONERS RELEASED.

Cannot Be Connected With Valley Springs Bank Robbery.

Sioux Falls, S. D., Sept. 16.—Three of the five men who were arrested on suspicion of having been implicated in the sensational robbery of the Minnehaha County bank at Valley Springs early last Saturday morning have been released from custody, nothing having developed that would connect them with the robbery. The two men who are yet in custody are the ones who were seen at Brandon, between this city and Valley Springs, last Thursday and Friday, and who took a train for the latter place late Friday night.

STATUE OF GOV. RAMSEY.

Minnesota's War Governor in the Statuary Hall.

St. Paul, Sept. 16.—Minnesota will probably take advantage of its right to have statues of two of its leading citizens placed in the famous statuary hall of the national capitol at Washington for selecting, for one, Former Gov. Alexander Ramsey. The suggestion was presented to the state historical society last night in a resolution introduced by Greenleaf Clark, directing that the next state legislature be memorialized to appropriate funds for a statue of the war governor.

KILLS BABY IN SLEEP.

Held Child by Throat to Keep it From Being Stolen.

Pottsville, Pa., Sept. 16.—By her own confession, Mrs. Alexander Rifkin, a young married woman of McAdoo, killed her own child, which was born several days ago. Coroner A. L. Gillars, who has just finished an inquest, said in an interview, that the woman told him a pathetic story of how she strangled her baby during her sleep. She said to the coroner that she had a dream during which he distorted mind became impressed with the fact that some one had seized her child and was carrying it away. In her frenzy she held on to the infant with all the force she could muster. When she awoke with a start she found that she had been holding the babe by the throat and had actually strangled it to death. The unfortunate mother is overwhelmed with grief. She is under bond for court.

BONAPARTE IN CHARGE.

He Will Conduct Investigation in Indian Territory.

Washington, Sept. 16.—It was announced at the interior department yesterday that Charles Joseph Bonaparte had accepted the invitation of Secretary Hitchcock to take charge of the investigation of certain Indian Territory affairs and officials under the jurisdiction of the department of the interior. The scope of the investigation, it is said, will be sufficiently comprehensive to embrace all statements within the knowledge of the interior department, including all that have appeared in the public press, and all other matters that may, at any time, come to the notice of the investigating officials, which, in any respect, reflect upon the official character, conduct or acts of the Dawes commission, or any member thereof, and the inspector for the Indian Territory.

And the Northern Pacific has a new and very Low Rate for Colonists and Homeseekers in effect from September 15 to November 30, 1903.

This gives the Farmers a good chance to go homeseeking, after crops are harvested, or any others who wish to move into the growing, teeming, improving Northwest to visit it at a trifling expense.

The finest valleys in the Northwest, good for grain, hay, fruits, root crops, for mixed, stock or dairy farming, for irrigation or not, as one wishes, are found along the Northern Pacific or its branch or connecting lines. The growing, thriving towns are found there, too. It is a great country.
