VOLUME 1. NUMBER 138.

BEMIDJI, MINNESOTA, THURSDAY, OCTOBER 1, 1903.

TEN CENTS PER WEEK.

END OF MOB RULE AT SOO

Men Implicated in Riots at Canadian Soo Are Arrested.

WORK HAS BEEN OFFERED THE IDLE MEN.

That, With Absence Destitution, Has Brightened the Outlook.

Sault Ste. Marie, Mich., Oct. 1. — The arrest of nine men charged with being implicated in the riot at the Canadian Soo Monday of a mob of discharged employees of the Consolidated Lake Superior company and an attempt of a number of the men forcibly to resist detention by the concern at Wilde station on the Algoma Central were among the developments in the situation at the Soo yesterday. Numerous requests by employment agencies for the services of many of the employees thrown out of work by the closing of the concern and its various affiliated companies, to which they are responding, and the absence of destitution have

Given the Men Hope, and, with the exception of the incident mentioned, everything was again quiet yesterday. Mayor Plummer up to yesterday has, with the sanction of the municipality, readily aided the needy, who are declared to be few, but he announced in a statement last night that with the arrival of a detachment of the militia to-day all unemployed men of the company who have refused to accept the offers of work elsewhere will be forced to leave. Last night and since the attack by the mob on the company's office, the local militia, reinforced by the police, has guarded the plant and offices of the company. But Order Was Observed yesterday, and communication between the two Soos, which was ordered stopped Monday night, was resumed. There are 500 woodsmen in the camps of the company, but as a measure of precaution the company, according to William Coyne, assistant to President Shields, will not allow them to come in until to-day, when all of the troops en route will have arrived. Although they are said by Mr. Coyne to be well provided with food and to have been given good sleeping quarters, the men, he says, are dissatisfied, which has caused them to protest against being left at Wilde station, which ended in a demonstration similar to that which occurred here Monday, but not so serious.

BIG STEAL ALLEGED.

Fraudulent Transactions Amounting to \$50,000 Charged.

Indianapolis, Oct. 1. — Addis S. Pratt of New York filed a complaint in the United States district court against Charles Medias, Emil Mantel and Harry R. Wallace, deputy county recorder, charging them with conspiring through the Western Undergarment company with Louis Levin of New York, lately of Indianapolis and now missing, to rob wholesale and supply companies of \$50,000 worth of goods used in making women's garments. The court issued an order summoning the three men to appear Thursday morning and show cause why a receiver should not be appointed for the company.

TROUBLE FOR AN EMPEROR.

Hungarian Premier Hands in His Resignation.

Budapest, Oct. 1. — In consequence of an adverse vote in the lower house of the Hungarian diet yesterday Premier Hedeveay again submitted his resignation and telegraphed to Emperor Francis Joseph begging for its acceptance. The resignation of the premier will be formally announced in the lower house to-day. Count Hedeveay resigned in consequence of his own party voting against him, on the ground that his reputation of the attacks made by the Austrian premier, Dr. von Koerber, upon Hungarian national rights in the reichsrath were not pronounced enough. The situation is critical.

Shot Dead on the Street.

San Francisco, Oct. 1. — Marie Jordan, saleswoman in a cloak store, was shot dead on the street yesterday by Edward de la Brosse, who then fired a shot into his head, inflicting a wound which probably will prove fatal. The tragedy was the result of jealousy.

British Steamer Lost.

Valparaiso, Chile, Oct. 1. — The British steamer Laurel Branch, Capt.

RUSH FOR LAND

Cass Lake Land Office Crowded With Seekers for Agricultural Lands.

The Cass Lake land office is besieged with settlers from all parts of the country seeking information about the opening of the half-million acres of Red Lake lands in the Big Fork country to take place Nov. 10. Full instructions have been forwarded from Washington to Duluth, Crookston and Cass Lake land offices. Commissioner Richards says that a larger area would have been opened but it was found that the surveys were erroneous and it was desired that the lands be in shape to give good title. They preferred to open those that were correctly surveyed. The other will be pushed as quickly as possible. The general office at Washington is receiving an average of 100 inquiries a day making inquiries about the opening.

SWAMP LANDS

Not as Much Agricultural Land in Reservation as Was Believed.

Of the 768,887 acres of land in the land in the Red Lake reservation located in the Cass Lake, Crookston and Duluth land districts, originally classed as agricultural land, it is now found that 522,000 acres are really swampland. Of this amount of swampland classified as agricultural there are 199,000 acres in the Cass Lake district, 280,000 acres in the Crookston district and 73,000 acres in the Duluth district.

Lost is Found.

Advertisements in the want columns of the Daily Pioneer are result getters. This has been demonstrated time and again. Yesterday morning Helmer Peterson, Western Union Telegraph operator, lost a valuable gold watch. A lost ad was inserted in the Daily Pioneer and this morning the watch, which was found by E. S. Kincannon, was returned. There were no marks on the watch, but the finder saw the little advertisement.

Lee, has been lost off Stewart Bay. Twenty-eight of her passengers and crew were saved. It is feared the rest were drowned.

Found No Indictment.

Elyria, Ohio, Oct. 1. — The grand jury which has been investigating the Reichlin murder case has reported no indictment. Nothing definite as to who killed Agatha Reichlin was brought out.

Arrested on Old Charge.

New Ulm, Minn., Oct. 1. — William Buggert was arrested and brought to the county jail charged with a crime committed in 1898. The charge is that he assaulted Barbara Schlagel, eighty-five years old. After the crime was committed he enlisted in the army and served his three years in the Philippines and upon his return was immediately arrested.

Killed a Saloonkeeper.

Rhineland, Wis., Oct. 1. — The body of John J. Johnson, a saloonkeeper of Gagen, was brought here last night. His death resulted from blows delivered by Jerome Fry, a Soo line section foreman, with whom Johnson had boarded at Gagen. Fry is in custody. The assault was due to non-payment of board by Johnson.

Will Bore for Oil.

Sturgis, S. D., Oct. 1. — The Bare Butte Oil company has been incorporated at Pierre with a capital of \$10,000. This is the company that is to sink for oil at Spring Creek, north of here. The work will be begun just as soon as the machinery arrives and is placed in position.

REBELS IN EAST OPEN UP

Operations in Eastern Macedonia Are Begun by Insurgents.

THEY NOW HOPE TO AROUSE WAR FEELING

And Force the Government to Espouse Cause of Macedonians.

Sofia, Bulgaria, Oct. 1. — A telegram received here from the camp of Gen. Zontcheff, the commander-in-chief of the Macedonian insurgents at Razlog, fifty-five miles east of here, announces that a general rising was proclaimed Sept. 27 in the districts of Razlog, Nevrokop, Demirhissar, Melnik and Seres, and that all the insurgent bands in Eastern Macedonia had received direct orders to begin operations. The chief hope of the revolutionary organization now centers in the outbreak in Eastern Macedonia, which is expected to assume considerable proportions, as the leaders there are all officers of the Bulgarian reserve. This, the sympathizers with the Macedonian cause hope, will

Arouse a War Feeling

in the Bulgarian army and force the government to espouse the Macedonian cause. A dispatch from Rilo monastery says the town of Razlog has been in flames since Sunday night.

The insurgents are attacking Butchewo and severe fighting is reported to be going on between the insurgent bands and the Turkish troops. The sound of artillery is plainly heard at Rilo. Another fight is reported to have taken place near Okhrida, twenty-eight miles from Monastir, in which fifty Turks were killed and many wounded. It is reported that all the intelligent Bulgarians of the town of Okhrida were recently

Arrested on Suspicion

of communicating with the insurgent bands and were sent in chains to Monastir. A letter from Phillippopolis, dated yesterday, says the authorities there have distributed rifles and ammunition in all the frontier villages for use in case of an attack being made by the Turks.

Dispatches received here from various sources say Gen. Zontcheff has been greeted everywhere with the greatest enthusiasm, and that all the peasants are flocking to his banner. A dispatch from Rila Jirila reports continuous fighting all along the lines across the Turkish frontier, results of which are at present unknown.

HARRISON IS WRATHY.

Says Chicago City Hall Is Full of Grafters.

Chicago, Oct. 1. — "Grafting is going on in the city hall. It is going on in nearly every department from the top to the bottom. I know it as well as a man can know anything he can't absolutely prove. If I had the power I would discharge as many people as George B. Swift did when he became mayor. The 'grafters' would be flying out of every window."

Mayor Harrison made these remarkable declarations last night. He admitted everything that had been repeatedly charged against his administration. His admissions were not the result of a hasty ill-considered burst of confidence. The mayor was talking about the charges against the health department scandals when he suddenly disclosed his knowledge of the universal "grafting" that is going on.

CHICAGO'S GREAT PARADE.

Big Feature of the Centennial Celebration.

Chicago, Oct. 1. — The great parade of the centennial celebration which filed for three hours last night through the streets was a wonderful success. A crowd estimated at a million people lined the streets through which the procession passed and cheered its features lustily. A large number of floats were exhibited in the parade, some of them of great beauty.

BLOWN TO ATOMS.

Two Men Killed and Two Seriously Injured by Powder Explosion.

Wallace, Idaho, Oct. 1. — Two miners were killed last evening and two others were injured by the accidental explosion of powder at Mammoth Hot Springs, a short distance from the mining camp of the Black Bear. The dead men were literally blown to atoms. The largest piece that could be found of either of the two men was a foot.

ARE NOW SURE TO GET THEM

Detectives Now Believe They Know Leader of the Dynamiters.

SECRET SERVICE MEN HAVE MANY CLEWS.

Evidence Already in Hand Will Lead to the Capture of the Gang.

St. Paul, Oct. 1. — Although until late last night no definite clues to the whereabouts of the Northern Pacific dynamiters had been obtained, the detectives of the road have gathered evidence which they believe will soon result in the identification and capture of the leader and another member of the band. It is believed that the first arrest will uncover information that will make the capture of the rest of the gang an easy matter.

Posses are scouring Idaho. Detectives of the road are working in Helena, Butte and other principal points, but they have failed to locate the gang. Many clues have been found, which may lead to arrests at any time.

Send Threatening Letters.

Helena, Mont., Oct. 1. — Save for the fact that the threatening letter was received by the Helena police demanding the release from the city jail of Joseph Jarvis and William Stadis, arrested in the Northern Pacific yards here shortly after the Livingston and Bozeman explosions, on a charge of dynamiting railroad property at these points there are practically no new developments in the \$50,000 Northern Pacific blackmail case.

It is stated that the residence of Chief of Police Travis, instead of the city jail, will be blown up and a strong guard has been concealed for several days in Travis' house, but as yet no overt acts have been committed and it is believed the friends of the prisoners hesitated to attack a building within the city limits because of the improbability of making their escape.

It has been learned that the letter contained personal threats and directed vile epithets against Chief Travis and Officer O'Brien, who have taken leading parts in weaving a chain of circumstantial evidence against Jarvis and Stadis. The letter was postmarked Helena and at the bottom bore a picture of the usual skull and crossbones.

Best Corn Crop in Years.

Egan, S. D., Oct. 1. — The reports that are being circulated that the recent frosts damaged the corn crop more than at first thought does not apply to this section of the state in the least. Corn here is going to be the best crop of all. Ears are large and well developed. No complaints are heard here at all, but the farmers persist in saying that they harvested the best crop, all around, this year that has been harvested in many years.

Horses Bitten by Mad Dog.

Blue Earth, Minn., Oct. 1. — Several weeks ago a dog belonging to William Miller of Barber township went mad and ran to the farm of John Remp, two miles distant, entered the barn and began biting the horses. Shortly afterward one of the horses showed signs of rabies and was shot. Last Thursday another of the horses had to be shot. A cat was also a victim of the dog.

GHOST SCARE

An Apparition Dressed All in White Appeared Before Warfield Engineer.

There was a ghost scare at the electric light plant the other night. An apparition, dressed all in white, appeared before the startled eyes of Warfield's engineer sometime between midnight and morning. The thing was white as snow, from heel to crown, and even the face and hands looked as though they had been plunged in a barrel of flour. Standing in the doorway, sharply outlined against the blackness of the night, it was a sight to frighten the boldest. Before the engineer could recover from his fright sufficiently to limber up and run, the ghost spoke.

"I guess I had a h— of a drunk on last night," it said. Then did the manipulator of oil cans recognize in the spook a woman who had suddenly appeared before him the evening previous, gloriously drunk. He had succeeded in getting her off the premises and thought that that was the end of the matter. It seems that instead of leaving, however, the creature had gone to the rear of the building and crawled into the unslaked lime bed, "to sleep it off." The lime was dry and fine as flour. It took but a few minutes rolling about in her drunken slumber to make the soiled dove appear white to the eye once more.

MANY HOUSES

Has Been Great Deal of Building in Bemidji This Year.

Although it is getting rather late in the season building operations in Bemidji continue active. Most of the work now being done is on additions, outbuildings, etc., though there are still a number of houses which are far from being complete. The finishing touches are now being put on others. Between two and three hundred houses have been put up in Bemidji this year, aside from the business blocks and smaller offices and store buildings. The First National bank, Street and old court house buildings will be ready for occupancy this month. Remodeling the old court house and facing it with brick has made it practically new.

DISORDERLY BOX GOT BOXED

Created a Disturbance and Then, With Friends, Resisted Arrest.

CHEERFULLY PAID \$29 AND LEFT TOWN.

Has Bad Name—Bit Man's Nose Off About Two Years or More Ago.

Al Box, known in most of the towns of the Northwest as a tough character, was fined \$29 by Judge Reynolds this morning and ordered out of town for being drunk and disorderly. He also resisted arrest but this was not included in the charge. When brought into court he plead guilty.

Box was arrested at 9:30 o'clock last night. With several comrades he was standing before Dudley's place on Minnesota avenue. Two ladies came along and Box rudely bumped against them. Officers Helmer and Cline were near by and one of them spoke to the man. He disputed the policeman's right to do this, and, after a few words, showed fight. The officers here attempted to arrest him and his many friends standing about, all of them lumberjacks, stepped forward to rescue Box. Helmer and Cline were forced to bring their clubs into play and soon had the disturbance quelled and Box landed safely in the city lockup.

This morning the man apologized to the court for his behavior of last night and said that the officers were justified in making the arrest, and that they showed they were no cowards by taking the decided stand they did against the tipsy band of woodsmen.

Box is a big fellow, six feet in height and strong as an ox. He got into trouble here two years ago and in a fight bit a man's nose off. He has been in several brawls at different times and has a bad name throughout the Northwest.

A want ad in the Daily Pioneer is a winner. Try one.

Why is it that Daily Pioneer want ads bring such good results?

The sheriff of Aitkin was in Bemidji yesterday after Frank Shippman, who has deserted his family. The man was captured by the local police and was taken back to Aitkin last night in charge of the sheriff.
