NOT BARK EATERS.

A game warden has ventured into the Little Fork valley and Editor McPherson warns his subscribers in the following fashion:

"The game warden is a genial fellow by the name of Archie Phillips of St. Louis county. He is a good exponent of the game law. He went away this morning but his eyes are yet upon us. He is neither a fool nor a coward. Look out for him. He tasted a wild flavor on the viands he ate here, and he knows the difference between mutton chops and caribousa. He can tell the fan-like tail of the partridge from the wing of a dove. He enjoyed the taste of our food, and he will come back again. When he does we shall have to feed him on the same food or let him starve. We have in us a touch of the spirit of philanthropy, enough that we shall feed him if he should put us in jail for doing so. But let us be wise enough to burn the partridge feathers, and bury into the ground heads and antlers with the hides of big game. We hope not to go on record as violators of any just laws, and we hope too that we shall not be compelled to eat bark."

The state board of equalization has found that Minnesota has \$534,898 worth of dogs. The total number assessed was 106,898. If the assessors can find the owners of all the dogs in Bemidji they are welcome to whatever they can collect.

The Crookston Times says that since Cass Lake feels so good Bemidji must have had it considerably worried.

LITTLE FORK is rejoicing over the fact that its first commercial traveler has arrived. He carried a supply of groceries and jokes.

CORBIN'S NEW POST.

Adjutant General to Command the Department of the East.

Washington, Oct. 4.—(Maj.) Gen. Corbin, adjutant general of the army, is to be assigned to the command of the department of the East, with headquarters at Governor's island, New York. The order for Gen. Corbin to assume command of this department will take effect at once, and it states that he is given command of the largest department in the United States in recognition of his services as adjutant general during the Spanish war and the Chinese and Philippine campaigns.

SCORE HURT IN WRECK.

Express Train Crashes Into a Freight on Southern Pacific Road. Beowawe, Nev., Oct. 4.—A disastrous head-end collision occurred on the Salt Lake division of the Southern Pacific at this station. The first section of train No. 6, the Atlantic express from San Francisco, collided with a freight train. One passenger was killed and twenty injured.

MURDER AND SUICIDE.

It Results From Quarrel Over Sale of Grocery Store. New York, Oct. 4.—Fritz Shoeman yesterday shot and killed Louis Zetzl in a grocery store on West Thirty-seventh street, and then, going home, committed suicide. Zetzl recently bought the store from Shoeman and the men quarreled about the sale.

ANOTHER JEWISH MASSACRE.

Unconfirmed Report Says 300 Jews and 100 Christians Were Killed. Vienna, Oct. 4.—The Czernowitsh, the newspaper which first announced the Kishineff riots, reports that another massacre occurred at the town of Mohilev Podolsky, near Kishineff, Thursday, in which 300 Jews and 100 Christians were killed. This report is not confirmed from any quarter. Mohilev Podolsky is a town on the Dniester with a population of 18,129, comprising many Jews.

FIND DYNAMITE ON TRACK.

Every Foot of the N. P. Track in Montana Is Patrolled. Helena, Mont., Oct. 4.—The vigilance of the men employed by the Northern Pacific railroad to patrol its right of way in Montana has had the effect of stopping, at least for a time, the work of those who are trying to blackmail the company. Special men are patrolling the track, all section men are on the watch, and night and day every foot of the line is guarded. A few days ago a section man who was going over the line ahead of a Marysville train found on the track near a bridge a stick of dynamite with a small fuse attached. A day or two before there was found on the Butte & Logan cut-off a can containing what was supposed to be nitroglycerin. Early in the week the largest find of all was made. A section man found at one end of Mullen tunnel a large quantity of dynamite, caps and fuse. Sunday night is the date set by the dynamiters for the payment by the railroad company of the \$50,000 demanded for immunity. As the railroad company has refused to pay, it is supposed that, if the blackmailers have not been scared, they will, on that night, try to use some explosives. If they do it will not be many minutes after the explosion before their trail will be taken up by men and bloodhounds. The men are ready; a locomotive and car are kept in the Helena yards to respond to any call. More Threats Against the N. P. Livingston, Mont., Oct. 3.—Northern Pacific officials are said to have received another anonymous letter making threats against the company's property. This time the dynamiter proposes to blow up the new station at Livingston.

FOUR ARE DROWNED.

No Living Witnesses to Tell of the Tragedy.

Brainerd, Minn., Oct. 4.—The appalling news was received here last evening of the drowning of four women, mother and three daughters, at what is known as the "Narrows" on Long lake, about eight miles north of here. Their names are Mrs. Vet Borders, Mrs. Alice Hurd, a daughter, also two small daughters of Mrs. Borders. It seems Mrs. Borders and her three daughters came to the city Thursday and started to drive home in the evening, reaching the "Narrows" at 7 o'clock, then quite dark. Arriving at the home of A. G. Emmons, this side of the "Narrows," the women were advised not to try to ford the stream, but they insisted and drove on. About 12 o'clock, people at the Borders home, located just the other side of the "Narrows," became alarmed at the late home-coming of the folks, and started to cross over, and after searching for a time, the team of horses was found in the lake, drowned, and then the fact of the awful fate which had befallen the woman and three daughters dawned on the searching party. The remains of the four people have not yet been recovered.

MEN IN MILLS NUMBER 650.

This is About One-Third of the Regular Force.

Minneapolis, Oct. 4.—The stationary engineers employed in two of the flour mills affected by the strike went out at 4 o'clock yesterday afternoon. The chief engineers at these mills remained and the owners say that the walkout will not affect the status of the strike in the least. The official figures of the flour shipments from the railroads continue to show an increase but the strikers declare that the mills have now reached their limit. In connection with the shipments it is being claimed that some of the flour is being sent to the mills at Buffalo to be re-milled, but no confirmation of this report can be obtained. The strikers say also that the flour, which is not up to grade, is not being sent to the regular trade. The mill owners, however, still maintain that while they are running short, that the flour is standard grade. They say that the strike has had no effect at all on the quality. According to the caterer who is serving the men working in the mills there are about 650 mill men at work. There are between 1,700 and 1,800 out on the strike. Thus it will be seen that the mills are running with about one-third the usual force.

INDIANS ARE DRUNK.

Annual Payment at Black River Falls Suspended.

Black River Falls, Wis., Oct. 4.—Disbursing Agent Jacobson was obliged to suspend payment to the Indians here yesterday noon owing to the state of intoxication existing among the Winnebagoes. The mayor being absent, he appealed to the president of the city council to suppress the sale of liquor, but he refused to act. Two years ago W. T. Murray of this city reported the drunkenness to the Indian commissioner at Washington, and he said he would have payment removed from here unless the sale of liquor to the Indians was stopped. Last year was some better, but it is in the worst state now that ever existed at a payment, and may result in the city losing the distribution of about \$14,000 annually in the future.

Caught Big Fish.

Fergus Falls, Minn., Oct. 4.—A. M. show and a party of friends came in from Star lake yesterday bringing with them a black bass weighing 8 1/2 pounds. This is the largest fish of the kind ever caught in this vicinity.

Young Man Is Killed by Cars.

St. Paul, Oct. 4.—Carl A. Molin was struck by a Milwaukee passenger train at the foot of Chestnut street. He died a few hours afterward at the city hospital from a fracture of the skull and other injuries.
