Mr. Fairbanks received a box of "Shinola" and a note telling him to shine at the feet if he could not shine at the head. A delicious lunch was served at 11 o'clock. All present reported having spent a very pleasant time with our guests, Mr. Cross and family.

On Washington's birthday, Feb. 22, the school children gave a very successful entertainment.

February 24th we had our first case of "Flu" in the school. Practically the entire student body came down and many were very sick but all recovered satisfactorily.

Dr. L. L. Culp made two trips to the school giving medical advice and administering to the patients down with the "Flu."

Miss Mable Anderson, Federal Food Demonstrator, paid the school a visit recently.

With practically all the children sometime during the month down with the "Flu" there was not one word of complaint from the Indians regarding the care of the children. This is commendable. There was no losses due to good care and hard work.

Mr. Moon, mail carrier, made his first trip in the auto March 24th.

The Indians are looking forward with anticipation to the spring annuity. The stores are getting their supplies for it.

Kay gway tah be tung was at the school March 24. He had been in poor health all winter and looks badly.

The Indians at Mequam Bay expect to cut out a new piece of road there, doing away with the gate trouble which has been a source of a great deal of complaints the last few years.

There are only one or two parties in the Cross Lake district the last year that have been bucking the school. The head man of this is Go day zhee.

George Kane of Mosquito Brook was a caller at the school recently. He has been in poor health this winter.

A number of Cross Lake Indians worked all winter in the logging camp. One of the best men the foremen had the past winters wears long hair and with his own team, purchased with annuity money, can deliver the goods.

Alva Burns purchased a nice team of mares from the reimbursable regulations.

Geo. Blakely expects to have a new team purchased this spring for him.

Barney Perkins has had considerable land clearing done this spring.
