Assistant County Attorney C. O. Baldwin has asked for a change of venue in the cases against County Auditor Halden, alleging as his grounds that Halden assisted in drawing the jurors to try this term's cases, and that he did so after he had been indicted. He also alleges that the jury list contains the names of four men who have been clerks under Mr. Halden. For these reasons he believes that a fairer trial may be obtained elsewhere than in this court.

If you know an item of interest, put the editor next. Many good items are lost to the country newspaper because of that false modesty which withholds people from telling the editor of matters concerning themselves. People are given to the mistaken idea that the editor is a Hindoo juggler, omnipresent and furnished with X-ray eyes. He is not; the average editor is one of the most common men imaginable, but between doing the janitor, reportorial, editorial and mechanical work of the office, has but little spare time and is always thankful to the fellow mortal who throws a bit of news in his way.
