

## POLICE REMOVE SOCIALIST FLAG

**RADICALS HOLD MEETING TO PROTEST AGAINST TREATMENT OF IDAHO MINERS.**

**Policemen Tear Down Emblem of Disorder and Are Set Upon by the Madder Crowd Armed with Sticks and Stones.**

San Francisco, April 10.—The fiercest riot San Francisco has witnessed in a generation was a sequel to a meeting of socialists held at Woodward's pavilion as an expression of sympathy for President Moyer and Secretary Haywood of the Western Federation of Miners, who are imprisoned in Idaho on the accusation that they were implicated in the assassination of former Gov. Steunenberg.

At the meeting some typically violent socialist speeches were made, in which it was declared that Moyer and Haywood were innocent and that if convicted they would not be hanged unless the entire United States army was brought in to assist in their execution.

### Raise Red Banner.

At the conclusion of the speech-making a procession was organized and marched down Market street, headed by a band. At Kearney and Market streets a halt was made and one of the paraders who carried a red banner climbed Lotta's fountain and affixed the emblem to the topmost lamps. The banner bore the inscription: "The Constitution be D—; So Say the Corporations."

It was decided by the leaders to hold an outdoor meeting, and A. C. McGinty was selected to address the crowd. So great was the throng, however, that he could not make himself heard, and George S. Holmes, a metal worker, with a powerful voice, was substituted as speaker.

### Police Remove Flag.

He was in the midst of his talk when Policemen Jack Stelzner and W. J. Cavanaugh and Detective Thomas Ryan made their way through the crowd. Ryan tore down the red flag and passed it to Stelzner. Ryan then ordered Holmes to desist, but was met with a refusal, and the detective pulled Holmes down to the pavement. In a moment a riot was precipitated.

In the meantime alarm calls had been sent to neighboring police stations and patrolmen came hurrying to the scene. They found themselves confronted by a maddened crowd armed with sticks and stones and for half an hour a lively battle was in progress, the police using their clubs with telling effect, and the crowd retaliating viciously. Policeman Stelzner was struck several times by flying bricks and was cut in the neck and head. Policeman Dolan was also bruised and cut. Policeman Harry Seguire was seriously hurt. He was knocked down and kicked again and again, one of the blows striking him in a vital spot and incapacitating him.

### BANK SHEETS DIDN'T TALLY

**Variations in Accounts of First National of Milwaukee Were Glossed Over.**

Milwaukee, April 12.—The most important testimony in the Goll case Wednesday was elicited from James C. Bird, a former bookkeeper, who told of the system in vogue concerning the handling of reconciliation sheets of correspondent banks. Mr. Bird stated that when such sheets of outside banks did not tally with the records of the ledger of the Milwaukee bank that he reported discrepancies to the defendant, Henry G. Goll, or in Goll's absence to Frank G. Bigelow, the former president. In either case where differences occurred either officer when appealed to would say he knew about the discrepancy and that it would be all right.

### Close Down Steel Plant.

Oxford, N. J., April 10.—The furnace of the Empire Iron and Steel company was blown out Monday because of the scarcity of coal due to the suspension of mining. The furnace was blown in only a few weeks ago and had only a limited supply of coal on hand.

## WHAT CONGRESS IS DOING

**OUTLINE OF PRINCIPAL WORK IN BOTH BRANCHES.**

**House Conferees Agree on Provisions for Safeguarding Coal Lands Belonging to Indians.**

Washington, April 10.—The conferees on the bill providing for the disposition of affairs of the five civilized tribes in Indian territory have agreed upon the report they will make to the senate and house. The principal differences between the two bodies relate to the restrictions placed on full blood Indians in the disposition of their lands and to provisions for the control of coal lands. Concerning the full blood Indians, it is now provided that they shall not have power to dispose of or encumber any of the lands allotted to them for 25 years unless this restriction is sooner removed by act of congress. These Indians, however, may lease their lands, other than homesteads, under such rules as may be prescribed by the secretary of the interior. The house accepted the senate amendment in relation to the coal lands, so that the provision now reads: "That all coal and asphalt lands, whether leased or unleased, shall be reserved from sale under this act until the existing leases for coal and asphalt lands shall have expired or until such time as they may be otherwise provided for by law."

Washington, April 11.—For seven hours Tuesday the house had under consideration the post office appropriation bill, but in only a few instances were the provisions considered. During the debate on the special appropriation for railway mail pay bitter words were exchanged between representatives from North Carolina, Arkansas and Kentucky, but all were within the rules of the house. A humorous speech was made by J. Adam Bede (Minn.), and Charles A. Towne (N. Y.) spoke in behalf of the Jamestown exposition. Both Mr. Bede and Mr. Towne represented the Duluth district in Minnesota in other congresses. They were warmly congratulated on their speeches.

Washington, April 11.—Following the speech of Senator Bailey Tuesday, in which he advocated his amendment for the nonsuspension of orders of the interstate commerce commission pending a review by the courts, the sentiment of the senate seemed to be that this proposition would have to be disposed of at an early date. It was suggested by Senator Aldrich that a vote could be had on this Bailey amendment without in any manner interfering with speeches being prepared by various lawyers in the senate.

Washington, April 12.—Representative Crumpacker, of Indiana, introduced a bill making the coastwise laws of the United States apply to the Philippines on and after April 11, 1909, the date of the expiration of the Spanish rights under the Paris treaty. Under existing law the coastwise laws will be extended to the archipelago July 1, next.

### SCHOONER LOST IN STORM.

**Four of Crew Perish, Two Survivors Being Picked Up by a Passing Steamer.**

Boston, April 12.—The Bangor schooner, Sallie B., foundered, and four of her crew perished off the Maine coast in Tuesday's storm. News of the disaster was brought to this city by the Eastern Line steamer Bay State, from Portland, which rescued the captain of the schooner and one of the crew.

The names of the dead are: Mate William Campbell, of Boston. Cook Arthur L. Gray, of Belfast, Me. Seaman Joseph Campbell, of Sydney, C. B. Seaman John Nattleher, a Norwegian.

The two survivors, Capt. A. L. Hopkins, of Brewer, Me., and John Mulhahn, a native of Finland, were picked up off Cape Porpoise.

### Passenger Train Wrecked.

Murphysboro, Ill., April 10.—A passenger train on the Mobile & Ohio railroad was partially wrecked south of Murphysboro Monday afternoon. Engineer Hanniberry, of Jackson, Tenn., and Fireman Buller, of Murphysboro, were seriously injured.

## NO SETTLEMENT ON FINANCIAL BASIS

**DOWIE DECLARES HE WILL NOT RELINQUISH CLAIMS FOR MONETARY CONSIDERATION.**

**TRIUMPHAL ENTRY INTO ZION CITY ABANDONED**

**Voliva Issues Ultimatum Stating Deposited Apostle Must Return Funds Wrongly Used Before Peace Can Be Arranged.**

Chicago, April 16.—"Before any settlement with John Alexander Dowie on a financial basis can be considered, he must first settle with those people who are pressing for a return of the money they put into Zion for the purpose other than those for which the 'apostle' used it." This ultimatum from Voliva brought forth from Dowie's counsel an emphatic statement that no settlement of any kind on a purely financial basis would be agreed upon. Dowie says he would accept neither five per cent. of the total valuation of Zion property, nor 95 per cent., should that amount be offered as an inducement for him to quit his claims.

**Statement of Dowie's Position.**  
The statement was given out by Attorney Emil C. Wetten and Deacon F. H. Wilhite. It follows:

"No proposition has been made to Dr. Dowie which contemplates that he is to receive five per cent. of the gross assets of Zion City on an aggregate sum of \$1,000,000, and that in consideration thereof he is to relinquish all claims upon and all interests in the affairs of the Christian Catholic Apostolic church in Zion. Neither will such a proposition be accepted, if made, nor will it be accepted if its terms should be reversed and Dr. Dowie were to receive 95 per cent. of the assets as his separate and personal estate and Voliva and his followers were to retain five per cent. This contention never can be settled and never will be settled on a dollars-and-cents basis. The question of the doctor's personal estate is, always has been and always will be the least consideration.

**What Will Provide.**  
"Dr. Dowie does not entertain any desire to amass or secure for himself or his family a large personal fortune. The fact that he has heretofore provided in his will that 97½ per cent. of his entire estate should, in case of his death, be given to the church, ought to refute successfully any and all imputations of selfish desires or ambitions.

"The fact that Dr. Dowie did not immediately proceed to Zion and has not seen fit so to proceed, up to this writing, should not be construed as an admission on his part of a weak or uncertain position. He did not come here to go to Zion City and create a disturbance. He came here to obtain legal counsel and decide upon the best possible course to pursue for the protection of Zion and those whose money is invested in it. We are doing everything possible to bring about an amicable adjustment of the entire controversy and hope to succeed before we are through. It seems preferable to settle this dispute outside the courts, if such a thing is possible.

"The estate has been estimated to be worth from \$15,000,000 to \$21,000,000 and is of such a nature that a delay at this time cannot possibly create any very material depreciation. Any suggestion that a settlement will be made which will contemplate the return of Dr. Dowie to Mexico without his appearance at Zion City and an opportunity to see and talk with those he has worked for and been closely identified with for so many years is absolutely without foundation and can never under any circumstances be a condition of settlement."

**Abandons Entry Plans.**  
"Dr. Dowie has abandoned an intention of making a triumphal entry at Zion City. He based his purpose on an expected settlement of the quarrel with Voliva concerning the possession of north shore property, it is stated. But now that no settlement has been reached, it is announced by Dowie's attendants that he will not seek to make unnecessary trouble.

Leaves of Healing, published Saturday, gives a resume of the week's proceedings at Zion under the heading "John Alexander Dowie Rebuked for Sin and Suspended from Offices and Fellowship." Nothing is said of reported negotiations.

### Murder Suspected.

Chicago, April 16.—John Mahoney, 1156 West Fifty-seventh street, special detective for the Pennsylvania road, was found dead, cut to pieces, near Hammond, Ind. A few hours before he had been the central figure in a riot among laborers at the South Chicago shipyards. Chief of Police Rimbach, of Hammond, declared Mahoney had been murdered.

### Gen. Bragg Arrives.

San Francisco, April 16.—Gen. E. S. Bragg, who has been consul general of the United States at Hong-Kong for the past three years, arrived here on the liner Mongolia, accompanied by his wife.

### No Peace Conference.

The Hague, April 16.—It is stated here on good authority that it is now certain that the peace conference will not meet here this summer.
