 This is "Cleaning up week" in the city of Warren, and every man, woman and child, should take a hand in making Warren the neatest, cleanest and healthiest city in the northwest. Let all rubbish and unsightly objects be removed. Where there is a chance to improve appearances by the application of a little paint, let this be done. Furthermore, when the city is all cleaned up, let every citizen try to keep it clean in the future. Do not throw waste paper, old shoes, tins and other ugly objects into the streets and alleys. We want Warren to be clean, not only for two or three weeks in the spring, but during the whole year as well.
