

## SUCCESSFUL AUTO TOUR

ABOUT TWENTY WARREN CARS MAKE RUN TO MAPLE LAKE SUNDAY AND ENJOY THE DAY

Too! too! chug! chug! and about twenty cars loaded with happy Warren people started at seven o'clock Sunday morning on a run to Maple Lake. The trip both going and coming was made without incident. The weather was warm but a fine breeze made riding comfortable and exhilarating and the roads were the very best. O. H. Taralseth and W. A. Knapp left for the lake on Saturday afternoon in the Pathfinder car, and they had placed flags at every turn of the road so that it was very easy for those following to take the right road. Ralph Taralseth and A. T. Listug drove the pace maker car. Most of the cars got to Maple Lake about 10 o'clock. John Grundahl who had C. E. Lundquist as a passenger failed to observe the flags and finding the going good they passed Maple Lake and were headed for Maple Plain near Minneapolis, when they discovered their mistake and turned back, arriving about noon. Dr. Bren was also lured onto the wrong road, he also evidently heading for Minneapolis. Many of the party enjoyed a good dinner at the several lake hotels and others brought lunches along. The afternoon was spent taking launch and boat rides, swimming or resting under the stately trees. Shortly after 5:00 o'clock the homeward run was begun. The following are some of the owners of cars that made the run: O. H. Taralseth, Ralph Taralseth, Aug. Lundgren, Chas. Wittensten, Dr. G. S. Wattam, Dr. E. J. Bren, Ole N. Nelson, Nick Schantzen, John Grundahl, C. L. Spaulding, G. E. Evans, I. M. Myrbo, Harry Miner, Albert Golden, M. L. Larson and F. E. Dahlgren. All the cars were loaded to their full capacity.

### The Marshall County Anti-Tuberculosis Association will Hold Grand Basket Picnic

The Marshall County Anti-Tuberculosis Association will hold a basket picnic in a grove at Abel Anderson's on the south bank of the Middle River, Sec. 30, Township of West Valley, on Saturday July 13th. The following and other speakers have signified their intention of being present: Senator B. E. Sundberg; Judge Grindelnd, Rev. N. G. W. Knudtsen, Rev. F. N. Anderson and Dr. H. L. Taylor of St. Paul, secretary of the State Anti-Tuberculosis Association. All who have interest in this work whether members or not, are cordially invited to bring a basket and participate. Those coming from the villages will furnish coffee and sugar for all and coffee will be prepared on the grounds. The farmers living near by are requested to furnish the cream. Lemonade and soft drinks will be sold on the ground for the benefit of the association. We hope that all will endeavor to be upon the grounds by 11:30 o'clock A. M. in order that dinner may be served at 12:00 o'clock. The picnic grounds are located about three miles northwest of Ellert, at which point those coming from the east may stop and inquire the road. For those coming from the west the road will be flagged from a point on the Pembina ridge on the Argyle-Newfolden road. For those coming from the north there is a good crossing of Middle River for teams at Sec. 36 in Town of Wright and also a bridge between sections 28 and 29 in West Valley. We promise a good time to all who will participate in this midsummer outing.

Rev. G. Wahlund, Pres.  
Mrs. A. L. Robinson, Secy.  
W. F. Powell,  
Dr. T. H. Bratrud,  
Dr. G. S. Wattam,  
Committee.

Mr. Nordahl P. Thompson and Miss Josephine S. Fering, of Alvarado, were united in marriage Thursday evening June 27th at the U. C. parsonage. Rev. Knudtsen officiated. The young couple left on the flyer for a short wedding trip.

### WARREN STAYS DRY

The state supreme court has affirmed the decision rendered by Judges Grindelnd and Watts of the district court in the election contest brought by Andrew Lodoen, appellant, to determine the result of the vote on the license question, and therefore the city remains dry, as originally declared by the city council. The syllabus of the court is as follows:

First—Under the law creating the city of Warren, when a majority of the votes cast at any annual city election has been cast against granting license to sell intoxicating liquors, no license can be granted until a majority of all votes cast at a subsequent annual city election is in favor of granting such license.

Second—By majority is meant a majority of the whole number of electors voting at the election, and not a majority of the votes recorded for or against license.

Judgment affirmed. —Holt, J.

### LAW FOR AUTOMOBILE DRIVERS

In order to guard against accidents the laws of Minnesota prescribe certain regulations that must be observed by the owners and drivers of automobiles. One cannot be too careful in running an auto, especially on much frequented roads and streets. It is well to bear in mind the following provisions of the state law:

Every motor-vehicle operated upon the public highways of this state shall be provided with adequate brakes sufficient to control the vehicle at all times, and a suitable, adequate bell, horn, or other device for signalling, and shall, during the period from one hour after sunset to one hour before sunrise, display at least two lighted lamps, visible from the front, and one on the rear of such vehicle, which shall also display a red light, visible from the rear. The white rays of such rear lamp shall shine upon the number plate carried on the rear of such vehicle. The light of the front lamps shall be visible at least two hundred feet in the direction in which the motor is proceeding.

Every such motor-vehicle using gasoline as motive power shall use a "muffler" so-called, and the same shall not be cut out or disconnected within the limits of any city or village, within the state, or at the time of passing any horse or animal being led, ridden or driven.

### FORMER WARREN GIRL MARRIED

Miss Helen Clinebeck, of Sequim, Wash., and Mr. Henry Wright, of the same place, were married on Tuesday afternoon, May 28th. The bride was gowned in a white embroidered net dress and the groom wore the conventional black. The happy couple have gone to housekeeping on a ranch near Prosser, Wash.

The bride is an estimable young woman and was well known in Warren, where she lived together with her parents, for a number of years before their removal to Washington state. Many friends here send their congratulations and best wishes.

### Farm Stationery

It has been frequently suggested that the farmer would appear better as a business man, and not infrequently gain some pecuniary advantage as well, if he would use letter paper and envelopes neatly printed with the name of his farm and postoffice address. If he deals in any specialties whether of live stock, poultry, dairy, garden or orchard products, these also should be mentioned on his letterhead.

"The Farmer's Wife" suggests that the women of the farm should also have some stationery "bearing the individuality of their homes and lives." But a prerequisite, in both cases, is the adoption of a suitable name for the home or road, or both. One will think more of his home, and of the reputation of his farm products, if it has a name by which it can be identified; and the identification is made more complete if the road also has a name.

In England a pleasing variety of names has been found for local roads, lanes, paths, ways, ridings, alleys, avenues, highways, thoroughfares, or whatever may be the substantive used in connection with the descriptive noun. Why not adopt some equally pleasing for our American roads; and make them "stiek," not only by using them on our stationery, but by painting them on much-needed guide-posts at the crossing?—C. R. Barnes, Extension Div. Minn. Col. of Agriculture.

## ATTENTION FARMERS!

Money prizes for you, if you stop to consider!

\$5.00 for the best collection of native or wild grasses or both, 2 inches at band.

\$5.00 for the best collection of tame grasses and clovers, including alfalfa, 3 inches at band.

Condition: Shipment must be in the hands of the undersigned before July 30th.

Please send a signed card saying that you will enter the contest and your address.

Marshall County State Fair Exhibit Committee,  
C. E. Sjostrand, Superintendent,  
Warren, Minn.

## BEST HOME TALENT PROGRAM IS OUT

NEXT MONDAY EVENING WARREN WILL PROVE ITSELF BEST MUSICAL CITY IN ENTIRE NORTHWEST

When you pay for outside attractions, you wish to satisfy your curiosity, mainly, but when home folks take part in a program that even excels those offered by visiting delegations, there is satisfaction in not only hearing the best home talent, but in feeling that your own city is the best in the country for musical events.

There will be many smiles of pride next Monday evening at the M. W. A. Opera House, and there will be sufficient reasons for feeling proud. When an organization like the Warren Manskor introduces itself in its heart-stings of hundreds of song-home city, already famous for its music, considerable interest will be attached to the event.

It has meant hard work for nearly a score of young men, but when they introduce themselves Monday evening, it will be in the home spirit, which makes a whole world dance to the compositions of famous authors in Scandinavia and elsewhere. But the boys have something to offer, of which they are proud, and they point to their soloists and challenge any city, regardless of size, in Minnesota, to produce their equals.

There is Ingolf Grindelnd, our own boy, whose singing has attracted the applause of the musical critics of the state. He just came home to be "one of the boys" again, and his part in

the program will mean a big success. He was the leading soloist in the University Glee Club, and that is an honor worth much to any young man.

Roy M. Prytz has been given the applause of professional singers all over the country. He has appeared as soloist at many conventions and musical contests and is regarded as one of the leading Scandinavian singers in the country. "That's saying a lot," but press comments will substantiate these facts. Nevertheless, the best part of it lies in the fact that he belongs to Warren, where he has established a fine home.

Miss Evelyn Grindelnd graduated recently from the Conservatory of Music of the Lutheran Ladies Seminary at Red Wing. She has a rich and beautiful soprano voice, and as a piano accompanist she has few equals in the Northwest. Miss Grindelnd, as well as her sister, Miss Estelle, will take part in the program, assuring some more of the best home talent in the country.

Miss Minnie Tullar is well known to all music lovers. Her soft, yet rich soprano voice has made many beautiful renditions vibrate on the hearts of hundreds of song-lovers. Her appearance on the program will attract many to the concert.

Miss Ella Lundgren, recognized as the best piano soloist and accompanist in the Red River Valley will take part, adding an already famous musician to Warren's home talent program.

All in all, such a program cannot be duplicated in any city of 5,000 and over in Minnesota. It is certain that the Manskor will make a favorable impression at Fargo, where it will unite with hundreds of other singers from all parts of the United States at the national sangerfest, July 12, 13 and 14.

The full program appears in this issue of the Sheaf.

## INTRODUCTORY GRAND CONCERT

by Warren Manskor  
M. W. A. Opera House, July 8, 1912, 8 p. m.

### Introductory Remarks.

- Piano Duet—The Misses Estelle Grindelnd and Ebba Lundgren Selected

- Tenor Solo—"When Shadows Gather" Chas. Marshall Mr. Ingolf Grindelnd  
Accompaniment by Miss Evelyn Grindelnd
- "Larkjending"—Edward Grieg Warren Manskor  
Solo by Mr. Roy M. Prytz  
Accompaniment by Miss Evelyn Grindelnd

### BREAK EVEN WITH OSLO

The Warren baseball team redeemed itself in the eyes of the Osloites last Sunday, although victory and defeat were both spelled with six letters—errors. The game was fast enough to be interesting most of the time, but the amusement centered around those players who tumbled all over themselves in vain attempts to stop the horsehide galloping over the field.

Warren's victory is due the support given Collins, who would have fared badly if such men as Kane and Johnson had not nabbed the pop-ups. Kennedy, who faced Warren with the Thief River Falls Indians some time ago, was in the box for Oslo, and he pitched better ball than the local man, in spite of a few wild ones to begin with. Kennedy let Warren have 7 hits, while Collins allowed Oslo 10, and the former struck out four men to the latter's three.

Oslo practically threw away the game at the start when their catcher made some decidedly poor throws to first. He seemed to be playing anteo-ver instead of baseball.

Kane is the boy who made the game interesting. Some of his fielding stunts were sensations. He will play with the team on the Fourth and next Sunday, and it is hoped he may come along at later games.

Oslo came with the assurance of winning, and the team is anxious to meet Warren again, but on the border town's diamond.

The line-up:

| Warren              | A  | B | R | H  | E |
|---------------------|----|---|---|----|---|
| Kane, 3b            | 4  | 1 | 1 | 1  | 1 |
| Naeseth, ss         | 3  | 0 | 0 | 2  |   |
| Johnson, 1b and rf  | 5  | 0 | 2 | 2  |   |
| Norrie, c           | 4  | 1 | 0 | 1  |   |
| Collins, p          | 4  | 3 | 2 | 0  |   |
| Sands, lf           | 4  | 1 | 0 | 1  |   |
| Killoff, 2b         | 4  | 1 | 1 | 2  |   |
| McDowell, 2b and rf | 4  | 1 | 0 | 3  |   |
| Somers, 1b and cf   | 3  | 0 | 1 | 1  |   |
| Total               | 35 | 8 | 7 | 14 |   |

| Oslo            | A  | B | R  | H | E |
|-----------------|----|---|----|---|---|
| E. Robinson, c  | 5  | 1 | 2  | 4 |   |

| Total           | 38 | 6 | 10 | 8 |   |

### FAST GAME NEXT SUNDAY

The Grand Forks Pickets will be in Warren next Sunday for a game with the local team, and that means the best contest of the season will be staged at that time. The Warren team will be strengthened considerably by new additions so wherever a weakness has been displayed, there will be sufficient new strength to make the team the best that Warren can produce. Therefore, the game promises not to be a one-sided affair, regardless of results, as the Pickets will have to hurry some to beat the local team next Sunday afternoon at the fair grounds. If weather conditions are favorable, this game will bring out hundreds of local fans. Neighboring towns will send big delegations, and Grand Forks promises to come with a few auto loads. It is assured that the two best batteries in Northwestern Minnesota and Eastern North Dakota will be seen in speedy action.

### APPRECIATE THE SHEAF

Mrs. Lizzie Clinebeck writes the Sheaf from Sequim, Wash., the present home of the family the following kind words, enclosing at the same time a news item about their daughter's marriage: "We certainly enjoy the Sheaf very much. It is as good as a letter to me. We are all well and we hope all our Warren friends are enjoying the best of health. We certainly like Washington, with its delightful climate and lots of fruit of all kinds. They also raise fine clover and all kinds of small grains. Will close with kind regards to all our friends."

"Mrs. Lizzie Clinebeck."

Johnny Sutton, of Argyle, whose serious illness was mentioned in the Sheaf last week, succumbed to the dreaded disease, typhoid, on last Thursday morning. He was a popular young man with the best prospects for a useful career in life. His father is J. J. Sutton, of Augusta, Wisconsin, who is well known in our county.

## ELI C POWER NIGHT AND DAY

POWER FOR MANUFACTURING PURPOSES IS NOW FURNISHED BY THE CITY

On July 1 the city power plant commenced to furnish electric current for manufacturing purposes. This innovation will be a great convenience to those having light machinery to operate and it is hoped that many will avail themselves of such power and discard the noisy and at times troublesome gasoline engines. The Sheaf has installed an electric motor to run the Mergenthaler type setting machine and another motor will run the job presses. Dr. F. C. Bakke has installed a motor to run his dental machines. And many others will use electric power as soon as they can make the change.

Supt. W. R. Haney is a live wire in charge of the municipal electric light plant and proposes to make Warren the best lighted city of its size in the world and also the one that is supplied with the most up-to-date electrical conveniences. If the people of the city lend their patronage and encouragement to the innovation it cannot fail to become a revenue producer for the city.

### DROUTH IS BROKEN

The drouth as well as the hot weather spell was broken Tuesday when rain fell all over the northern part of the Red River Valley and in North Dakota. Some localities were more and some less favored by the showers. In this vicinity it was more of a drizzling rain, yet it revived the crops immensely and did lots of good. And more rain is in sight. Heavy clouds are floating in the air this afternoon and the indications are for a wet Fourth. The crop prospects have brightened greatly since the rain and farmers are more cheerful.

### Must Report Births and Deaths

The State Board of Health has had an agent investigating the condition of the registration of births and deaths in the southern part of the state. To date the work has been completed in Fillmore and Dodge counties.

In both of these counties it was found that a great number of births and some deaths were not being reported as the law requires. The result of this investigation was that a complaint was filed against nine physicians in Fillmore county. In Dodge County four physicians and two parents pleaded guilty to having failed to make the reports of births as required by law and were assessed one dollar and costs each. At the same time a complaint was filed against a sexton for having permitted the burial of a body without a burial permit. The punishment in this case was a little more than that of the physicians and parents, as the penalty for the physician and parent make it a misdemeanor, while in the case of the sexton there was a special penalty which made the minimum fine twenty dollars. In both counties all of them have plead guilty.

This is only the beginning of a campaign which will cover the entire state. The special agent of the state Board of Health will leave for the northern part of the state and will no doubt file complaints against every violator of the law.

Dr. H. M. Bracken, Secretary and Executive Officer of the State Board of Health, says that the general impression seems to be that these records are required merely for the purpose of compiling statistics. While it is true that they are used for this purpose, yet the most important part is that these are permanent records and will often be required in future years for the purpose of establishing school age, age of consent, the age for practice in various professions, for voting, for jury service, as well as identifying the individual for the purpose of securing inheritance. The Board is now enforcing this law so that the records may be complete, having for the first time in its history been able to secure a special agent to personally follow up these cases.

Joe and John Skjelstad left last night for Detroit, Minn., where they will spend the Fourth.
