Ephraim Johnson, of town of Bristel, returned this morning from his trip to Sweden, where he went last fall to visit his old home. He reports having had an enjoyable trip. Mr. and Mrs. L. Lamberson arrived home last Friday. While they were visiting in Illinois, Mrs. Lamberson became ill and therefore they were unable to extend their trip further south, to New Orleans and perhaps to Panama, as they had originally planned. The city of Warren will be host next week to two large and important church gatherings, namely: the first annual meeting of the new Red River Valley Conference of the Swedish Lutheran church and the District meeting of United Norwegian Lutheran church. Both meetings will be well attended by pastors and their wives and numerous lay-delegates and church workers. There will be between 300 and 400 visitors here and the hospitality of the city will be taxed to the utmost.

N. A. Johnson and family, of Toluca, Ill., arrived Tuesday to make their home on the former M. L. Larson farm in McCrea, lately occupied by the W. C. Shepard family, said farm of half a section having been purchased by Mr. Johnson about three years ago. In the family are seven bright children, six of whom came with their parents to Warren, their names being as follows: Ernest, Clark, Paul, Edith and Maurine. One son remains in Illinois. This community is certainly fortunate in getting such an excellent and desirable family among its new settlers and the Sheaf hopes that they will thrive and prosper here. Mr. and Mrs. Johnson feel very grateful to their new neighbors for helping them to move their household goods from Warren to their farm and wish to thank them all for this kindness. The Sheaf is pleased to learn that such a friendly and neighborly spirit is shown by the old settlers toward the new arrivals. That is just as it ought to be.

Who Are You?

Did you ever notice with how much respect is held the young man with a bank account? He is in an entirely different class from the young fellow who carries his money in his pocket. The one is known as a conservative young business man whose prospects for success are quite evident. The other is considered a spend-thrift who has yet the principles of industry to learn. Young man, half your success is assured the moment you open a bank account. There will be the changing point in your career. There's where you cease to be the "kid" and enter the "young business man" class. Here you are no longer Sam Smith's boy, but the younger Mr. Smith. Come in and let us start you on the road to success.
