Out west there is a river called the Milk River. How would you like to face the task of swimming up a real river of milk, 10 feet deep, 100 feet wide and 142 miles long? It would take a strong man to do it.

Yet Minnesota produced far more milk than this in 1913. The milk received by the 884 Minnesota creameries last year would have filled this river, according to the State Board of Immigration. Had the milk been considered that was used in making home butter, cheese, or used as whole milk, the big river of milk would have been increased considerably.

The cash paid out by the 884 creameries to its patrons last year amounted to nearly \$30,000,000, which fully justifies the encouragement given to dairying by the Minnesota State Fair. This year the Fair will offer \$1,500 in cash prizes to deserving exhibitors of butter and cheese, and over \$7,000 will be awarded at the Dairy Cattle Show. The cattle show will be one of the biggest ones held in the United States this year.

**An Unpleasant Encounter.**  
"I was told young Staylate had quite an encounter with Maude Brown's father?"  
"Yes, he did. He met the old man tacking home from the club just as he was leaving the house and in trying to avoid one another they both fell down the terrace and broke a seven dollar garden vase. And now the old man says he was assaulted by two burly ruffians, and Staylate doesn't dare to go near the house for fear he'll be recognized as both of them."—Cleveland Plain Dealer.

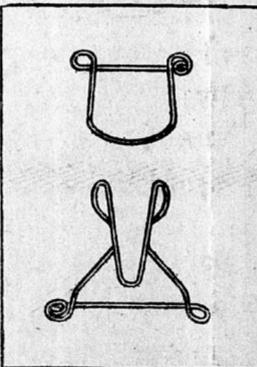

**Said What She Meant.**  
"Oh, I am so awfully ashamed of myself!" said Edith Jones to her dearest girl chum. "When Henry proposed to me last night I intended to say, 'So sudden' but I quite lost my head and exclaimed, 'At last!'"

**Tracing Back a Joke.**  
It is difficult to find the genesis of the funny story. You know the one of the lady who objected to the man smoking in the railway carriage. She plucked away his cigar and flung it out of the window. The man picked up her pet dog and hurled it after his cigar because both dogs and cigars were illegal there. In a week end reading I have just found that story in Dostoevski's "The Idiot," told by a Russian who had fought in the Crimea. He was convicted of having stolen it from a newspaper. The story probably originated with Noah in the overcrowded ark. And it is good to think our ancestors laughed as heartily as we do.—London Opinion.

**Woman's Ways.**  
Honestly, most women wouldn't want their own way if they could have it.—Chicago News.

### HELPFUL HINTS FOR HOUSEWIVES

Hook and Eye That Fasten Without Sewing.

A new kind of hook and eye that has some distinct points of difference from the other types has been designed by a Pennsylvania woman. The chief feature of the new article is that except in places where there is great strain it is not necessary to sew either part fast to the clothing. Both hook and eye are equipped with safety pin devices by which they are attached to waist or skirt, and it requires a very short time to affix them. Furthermore, if the positions are not exactly right they can be easily and speedily adjusted without the bother of ripping thread and sewing it over again. If there is too much strain on the pins a few turns of thread will make the parts secure. The throat of the hook is unusually deep and protects it from being easily disengaged, while a hump, after the style of many modern hooks and eyes, retains the eye in its adjusted position on the hook.

**Flank Steak Stuffed.**  
A flank steak may be made particularly appetizing when stuffed and roasted. Remove the skin from a four pound piece of flank. Place on one half of the meat a stuffing made from softened breadcrumbs, well seasoned with sage, minced onion, salt and pepper. Roll the other half over the first and tie or sew the edges firmly together. Coat the outside of the meat with a paste made by rubbing together one tablespoonful of flour, two of butter and one of boiling water. Place the roast in a well oiled baking dish and bake

in a moderate oven until tender. Serve with stuffed onions and a rich brown sauce made from the stock in the pan.

**Chocolate and Rice Meringue.**  
Two cupfuls of milk, one-fourth cupful of rice, one-fourth teaspoonful of salt, one tablespoonful of butter, one-third cupful of sugar, one square of melted chocolate, one-half teaspoonful of vanilla, one-half cupful of seeded raisins, two eggs. Scald the milk, add the rice and salt and cook until the rice is soft. Add the butter, sugar, melted chocolate, vanilla, raisins and the beaten yolks of the eggs. Bake in a moderate oven until firm. Cover with a meringue made of the whites of two eggs, beaten stiff and sweetened with three tablespoonfuls of powdered sugar. Serve with whipped cream.

**Scalloped Codfish.**  
One cupful of cooked rice, one cupful of grated cheese, one cupful of flaked and cooked codfish, one cupful of buttered crumbs. Soak the flaked codfish in cold water for two hours, place in hot water to simmer for ten minutes and drain. Arrange the rice, cheese and codfish in alternate layers in a baking dish and moisten each layer with milk or cream. Cover with buttered crumbs and place in a hot oven to heat and to brown the crumbs.

**Kitchen Kinks.**  
A little table salt added to the starch is said to be a help in ironing.

When preparing fish for a meal they will scale much more easily if they are first dipped in boiling water.

A little flour sprinkled over the top of a cake will help in preventing the icing from running off.

It is said that a little vinegar added to the water in which a cracked egg is to be boiled will prevent the white from boiling out.

**Cornmeal Muffins.**  
Stir into a pint of buttermilk or clabber a pint of cornmeal, a teaspoonful of soda, one tablespoonful of lard or butter and one egg, well beaten. Put the soda in the milk, mix the butter or lard with the cornmeal, add the salt, then add the egg and the buttermilk with the soda. Bake in greased muffin pans in a hot oven.

**Water Stains on Furniture.**  
To remove water stains from varnished furniture pour olive oil into a dish and scrape a little white wax into it. This mixture should be heated until the wax melts, then rubbed sparingly on the stains. Finally rub the surface with a soft linen rag until it is restored to brilliancy.

**Removing Paint From Glass.**  
Take acetic acid and dilute it one-half in hot water, then apply to the

### Go to Church and Get Acquainted With Your Clergyman; He's Not a Bad Sort

"I CAN'T be a hypocrite," was the ready excuse of one man when asked why he didn't attend church. "I know that I am not righteous and that I cannot practice what the church preaches."

There is hope for this man. He is the kind the church wants. If he is not righteous he is not happy. Let him acquire the habit of GOING TO CHURCH and he will get a broader, better and happier view of life.

We cannot all be saints. But surely a man can forget the temptations of the world for one hour or one day each week. At least for the hour or so that he is in church he can really think over the big things in life. Let him listen to the word of God and do his best. Of course there are some persons in every community who will criticize as freely the man who GOES TO CHURCH as the man who stays away.

NO MAN WHO GOES TO CHURCH CAN BE A HYPOCRITE LONG. DEEP DOWN IN HIS HEART HE KNOWS THAT HE CANNOT SELL GOD A GOLD BRICK. IF ORIGINALLY HE GOES TO CHURCH SOLELY TO MAKE A GOOD IMPRESSION WITH HIS NEIGHBORS—AND THIS IS TO BE ENCOURAGED—EVENTUALLY HE WILL FIND THAT HE IS GRADUALLY BEING LED TO THE RIGHT SORT OF LIFE. IT IS EASY TO ACQUIRE THE GO TO CHURCH HABIT. TRY IT ONE SUNDAY. WHEN ANOTHER SABBATH ROLLS AROUND YOU'LL FEEL A PANG OF REMORSE IF YOU DON'T GO AGAIN. GET ACQUAINTED WITH YOUR CLERGYMAN. YOU'LL FIND THAT HE IS NOT A BAD SORT. TALK TO HIM. IF YOU HAVE ANY CRITICISM OF THE CHURCH OR ITS METHODS, DON'T TALK ABOUT IT ON THE OUTSIDE, BUT TELL HIM. HE'LL MEET YOU HALFWAY. NONE REALIZES MORE THAN HE HOW HARD IT IS TO WORK UP AN INTEREST IN RELIGIOUS AFFAIRS AMONG SOME PEOPLE.

But give him and his church a chance. GO TO CHURCH once! Then go again!

### THE FIRE OF LOVE.

The fire of love in youthful blood.  
Like what is kindled in brush-wood.  
But for a moment burns.  
Yet in that moment makes a mighty noise;  
It crackles and to vapor turns  
And soon itself destroys.

But when crept into aged veins,  
It slowly burns, then long remains.  
And with a silent heat,  
Like fire in logs, it glows and warms 'em long.  
And though the flame be not so great.

Yet is the heat as strong.  
—Earl of Dorset.
