

WHICH is the more important—the perfume of a soap while you are using it or the after-feeling

and appearance of the skin?

Ivory Soap is unperfumed. The only odor it has is the sweet, natural fragrance of its extremely mild, pure, high grade ingredients. But—

Ivory leaves a fascinating feeling of refreshment and a healthy glow of perfect cleanness which cannot be equalled.

There is only one way to secure the pleasing results which follow the use of Ivory Soap. That is to use Ivory Soap yourself.

Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by Ed Quistgard.

YOU SAY YOU NEED AMMUNITION, WHY YOUR BELT IS FULL

YOU DONT CATCH ON JUDGE, I WAS HINTING FOR SOME OF THAT REAL TOBACCO CHEW

THE SPORTSMAN GIVES THE GOOD JUDGE A POINTER

NOBODY wants to put a big, bulgy wad of tobacco in his cheek. All around you, men are using "Right-Cut"—the Real Tobacco Chew. And telling their friends about it, of course—just like you'd tell your friends about a thing that brings so much comfort.

"Right-Cut" is pure, rich, full-bodied tobacco—seasoned and sweetened just enough.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is *The Real Tobacco Chew*. That's why it costs less in the end.

It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

If your dealer does not sell it, send us 10c. in stamps for a pouch of "Right-Cut" Chewing Tobacco.
