

Minnesota State News

Owatonna. — Two prisoners sawed their way to freedom from the Steele county jail, took an automobile owned by County Superintendent of Schools James Mort, and escaped.

Minneapolis. — A boom for the establishment of a state normal school in the St. Anthony Park district was started at a meeting of the St. Anthony Park North Improvement association.

Minneapolis. — Indorsement of the serum-only method of treatment for hog cholera, as distinguished from the serum-virus method, is made in the current issue of the University Farm Bulletin.

Stillwater. — Double funeral services were held here for Mr. and Mrs. Samuel Chatterton, pioneer residents of Stillwater, whose deaths occurred within six and a half hours of the other. Each was 84 years old.

Albert Lea. — Ernest Hanson, son of Fred Hanson of Clarke's Grove, was killed almost instantly near here when the motorcycle on which he was riding collided head-on with an automobile driven by Severe Olson of this city.

Stillwater. — High school boys served as judges at the Stillwater Horse and Cattle show. Heretofore state university students have acted in this capacity. The entries included many animals that have won prizes at the state fair.

Brainerd. — Pending the arrival of "Fisherman John" of Stillwater, five rjevmen of Brainerd and Outing have been enlisted in the search for the body of Selwyn P. Coffrain a Brainerd business man, who was drowned in Lake George Oct. 15 while duck hunting.

Brainerd. — District schools in Dukeman and Neutral have been closed following an infantile paralysis investigation conducted in Crow Wing county by Dr. R. A. Boese of this city, at the solicitation of the farmers in Garrison and Maple Grove townships. Quarantine regulations have been established.

Pipestone. — The sun appeared in the role of a firebug in Pipestone and but for the prompt discovery of a fire which started in the window of a large jewelry store, a heavy loss would have resulted. Lying in the window, with numerous valuable pieces of jewelry, was a pair of spectacles, which reflected the rays of the sun onto the push.

Grand Rapids. — Olga Dahl, who was assaulted and shot September 21, has recovered sufficiently to travel by automobile. She has made her first visit to her parents at Warba since receiving her injuries, and was driven to Deer River, where she is staying

at the home of Mrs. Marian Taylor, the nurse who has been in charge of the case.

Minneapolis. — Mallard ducks have been placed on the open market here for the first time since Hennepin county pioneer days. The ducks were placed on sale at five downtown stores. They were raised on C. D. Velle's game breeding farm at Maxwell's bay, Lake Minnetonka. They are absolutely the first "legal mallards" ever placed on the open market.

Minneapolis. — The state campaign for the adoption of Amendment No. 1, intended to improve state lands and make them more salable, is in full swing. It has been decided that it will be better for the campaigners to divide the territory and campaign individually, because in that way they can cover much more territory than one party could cover in an automobile.

St. Paul. — Frederick T. Price, convicted wife murderer, has made his last fight for liberty before members of the Minnesota supreme court, asking for a new trial on the grounds of errors at his trial, and alleging misconduct on the part of George W. Armstrong, assistant county attorney, who prosecuted him. After arguments by Price's attorney and by Mr. Armstrong, the court took the case under advisement.

Duluth. — Henry Johnson, age 35, formerly of Ray, Minn., has been arrested in a Duluth saloon as a suspect in the criminal shooting of Miss Olga Paul, Itasca county school teacher. Questioned by Chief of Police McKencher, Johnson said he came here from Skibo, and that he had been in Round Lake "a long time ago." Johnson has served a 10 months' term in a Canadian prison for an unnatural crime and has also been an inmate of the Fergus Falls asylum for the insane.

Minneapolis. — The University of Minnesota is to become, in effect, a second West Point. It has been named as one of the sixteen of the leading universities and colleges of the United States authorized to train reserve officers along lines laid down in the army reorganization law. President Vincent was appointed one of a committee to work out a curriculum adapted to the various institutions, and to the government's requirements, and to arrange other details for beginning instruction.

Mankato. — That highest self-realization as the aim of education is the basis for the new state course of study for elementary schools was pointed out here by Miss Theda Gildemeister, supervisor of training in Winona normal school, in an address at the Southern Minnesota Teachers' convention.

Duluth. — The validity of the Duluth wheelage tax ordinance is sustained on all points raised in an appeal by the State Supreme court. The appeal was taken by James D. ... about the City of Duluth and ... test the ordinance after it ... by the lower court.

Crisp days Suggest Fall Coats

And here they are, straight from the Wooltex house

EVER since mid-summer we have been working quietly with the Wooltex people—picking model after model. And now, we can offer you the most *individual* collection of women's fall coats in this city. Whether it is a tailored coat, a smart, semi-tailored or jaunty sports model, or a sumptuous effect for more formal wear—here you will be most sure to find the coat just to your liking.

Two of these coats are illustrated below:

Such coats are not to be found everywhere this season—nor are such suits as the Wooltex models we have been showing ever since the fall season opened up.

Wooltex in a garment means, as you know, pre-shrunk materials; pure wool, pure silk—no adulteration; every seam sewed with silk thread; and a nicety of tailoring that is rare indeed in coats and suits even at much higher prices than these.
