G. N. MORKASSEL BUYS

N. GRONVOLD FARM.

An important real estate deal has just been completed with the sale of his 450 acre farm by Nels T. Gronvold to G. N. Morkassel. The land lies in Northland and Sullivan townships. The consideration was \$26,400.

Mr. Gronvold has purchased a house in East Grand Forks and with his family will move there and enjoy a much deserved rest from farm activities.

Albert Wavra of Tabor has leased Mr. Morkassel's new purchase for a term of five years.

LET THE MEN DO IT.

Congressman Steenerson has received notice from the postoffice department, as follows, to-wit:

"In reply to your letter of the 11th instant, in behalf of the appointment of Mrs. Clara Hoff as rural carrier at St. Hilaire, Minnesota, I beg to state that under the civil service rules women are no longer admitted to examination for the position of regular rural carriers."

WEDDING BELLS.

Olsen-Hundstad.

At the home of Mr. Andrew Larson in this city on Thursday evening, Nov. 16, 1916, John Olsen and Nellie P. Hundstad were united in marriage by Rev. N. G. W. Knudsen. Both bride and groom are well and favorably known and many friends extend hearty congratulations and wish them fair winds and smooth sailing on life's voyage.

Larson-Enderson.

At the home of the brides mother, Mrs. Enderson, in this city, on Monday evening, Nov. 20, 1916, her daughter, Miss Emma C. Enderson, became the wife of Mr. Albert E. Larson, Rev. N. G. W. Knudsen performing the ceremony.

The bride is a highly esteemed and accomplished young lady who during the past two years or more has held the position of stenographer with the Pioneer Land & Loan Company in this city. The groom is a son of Mr. and Mrs. M. L. Larson, highly respected former Warren residents now living in California. He has grown up from childhood in this city and is an industrious and very capable young man. For some years he has been employed as tinner in the hardware department of the Peoples Trading Company.

A host of friends of both bride and groom extend to them hearty congratulations and wish them success and happiness in their journey together thru life.

After the ceremony, the happy couple left on a short wedding trip to points in North Dakota and elsewhere.

Married.

Miss Rose Kopesky and James Kluzak, both of Tabor township, were married by Justice of the Peace George K. Chambers, at the home of the Justice on Ramsey street. Miss Anna Machel and Rudolph Sensky were the attendants. Mr. Kluzak is a farmer in Tabor township. Following the marriage the young couple left for a short wedding trip and upon their return will make their home on the groom's farm.—East Grand Forks Record.

CITY MEAT MARKET

CHANGES HANDS.

C. G. Peterson, who has conducted the City Meat Market on the east side for about a year, sold out his business last Saturday to J. E. Wilford, of Baldwin, Wis., an experienced meat cutter, who for years has been connected with some of the big shops in the cities and elsewhere. He will have associated with him in the business his brother-in-law, Mr. J. W. Champion, of Angus, the firm to be known as Wilford & Champion. The new proprietors propose to run a first-class meat market, one that shall be a credit to the city, and they solicit a fair share of the public patronage. They ask to be remembered by all old and many new customers of the shop.

Warren Boy Wins Honors.

Among those who attend the Minnesota state fair in St. Paul next year will be Arthur Knudson, of Warren, if he is able to take advantage of the free trip offered him for winning the championship of Marshall county in the state pig contest of boys' and girls' clubs. The awards in the contest were announced this week by T. A. Erickson, of University Farm, St. Paul, state leader of boys' and girls' club work. The county winners will have a week's camp at the state fair under one of the club leaders at University Farm. The national club medal also was awarded to Mr. Knudson as county champion.

The pig that won the championship of Marshall county gained 1.21 pounds a day at a cost of 2.73 cents a pound. A record of the amount of feed given, the cost of the feed and attention and a story of how the pig was raised were required in the contest. Mr. Knudson made a score of 72 out of a possible 100 per cent.

Thirty-eight county champions, thirty-six sectional prize winners and twenty-one winners of special prizes offered by livestock associations were selected from those who sent in reports. More than 400 finished the contest. The contest was carried on by state leader Erickson, county agents, high school agriculturists, teachers and club leaders all over the state.

APPRECIATES THE SHEAF

AS AGRICULTURAL BOOSTER

Minnesota Red River Valley Development Association.

Crookston, Minn., Nov. 15, 1916.
Mr. J. P. Mattson,
Editor and Proprietor,
Warren Sheaf,
Warren, Minnesota.

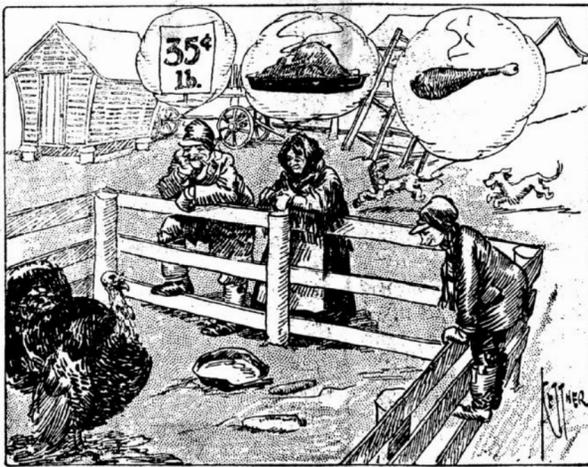

Dear Mr. Mattson:

I have kept before me the Sheaf's article on the Argyle Grain and Stock Show. To an extent because of the information it gives, but more largely on account of the second to last sentence of your article that wherein the men at the head of the enterprise are given commendation. Let me assure that your remark in that direction is appreciable by any one who had given the amount of work to the enterprise such as was the Argyle Grain Show, but it is regretably true that seldom is recognition given to such efforts.

Another item that attracted our attention was your suggestion that a name be given to every farm and the inducement you have offered to your readers to do so. This Association would like to see every farmer using his own stationery and on that stationery appearing the name of his farm and the name of the Farm Club of which he is a member.

Yours very truly,
C. H. ZEALAND,
Secretary.

HOW THE TURKEY LOOKS TO THEM

High School Notes

The boys' basket ball team were the first to play in the new gymnasium defeating the Newfolden team by the score of 16 to 6. The boys will play a return game next Saturday.

The Northwestern Educational Association is to be held at Chookston, Nov. 22, 23, and 24. The following from Warren are to take part in the program: Miss Lundberg, Miss Ringheim, Miss Perkins, Mr. Mitchell and Mr. C. L. Lundquist.

The Junior entertainment "Silas Marner" proved a success, the proceeds being larger than anticipated. The Juniors wish to thank the public for their patronage and Mr. C. Hanson for his help and advice.

The girls basket ball team will play a game with Hallock Saturday, Nov. 25, in the High School gymnasium. Admission 15 cents.

A number of the High School teachers and students attended the basket social at Boxville last Friday.

The normal students have been practicing teaching the last week in surrounding country schools.

Letters have been arriving every day from different schools in the vicinity asking for dates for basket ball games. A basket ball schedule will soon be arranged for the entire season.

All the class rooms have been numbered in order that they may be identified.

Miss Ackerman has received a shipment of clams for the Zoology class and the whole class are now beginning to get rather "clammy."

The High School library is in need of material on present day public affairs. We should greatly appreciate donations of back numbers of the following magazines to furnish references for the study of history and preparation for debates: Colliers, Independent, Outlook, Literary Digest, World's Work, Harper's Weekly, Century and Congressional Record.

Only Two Amendments Carry.

Only two proposed constitutional amendments, the first and second, were approved by Minnesota voters at the recent election. Even the initiative and referendum failed to get the necessary majority, thus proving conclusively that a majority of the people prefer to be ruled rather than being rulers themselves.

Missouri is "Wet."

Missouri is one of the States that voted "wet." Outside of St. Louis the vote was "dry," but the city rolled up a great "wet" majority that overcame the wishes of the rest of the State.

A parcel shower was given on Monday evening by Miss Ellen Pearson at her home, in honor of Miss Ida M. Johnson, a bride of next month. About twenty-five girl friends and a few older ladies were present. An enjoyable pastime was the finding of gifts which were hidden about the house and attached to strings. Everyone had a splendid time and Miss Pearson was voted a very successful entertainer.

Menu for the Presbyterian supper on Friday, Nov. 24, at 35cets, serving to commence at 5:30 p. m. Odd Fellows Hall: Chicken pie, mashed potatoes, cabbage salad, pickles, cranberry jelly, white bread, rye bread, coffee and doughnuts.

Scratch pads for sale at the Sheaf office.

BOXVILLE'S OLD FASHIONED BASKET SOCIAL A SUCCESS.

The Nov. 17th meeting of the Boxville Farmer's Club was of a social nature, the occasion being an old fashion basket social. The evening being ideal and the roads in excellent condition, a very large gathering was present. A program consisting of the following numbers was rendered.

Instrumental solo .. Miss Hermanson
Reading Ruth Peterson
Instrumental solo .. Miss Hermanson
Recitation Herman Probst
Vocal solo Miss Anderson
After the program some forty baskets were auctioned off to the highest bidder by Messrs. Horn and Peterson in a very jovial and witty manner. Lunch was sold to about one hundred and fifty who were so unfortunate as not to have baskets and the proceeds for the evening amounted to about one hundred dollars. After supper the remainder of the evening was devoted to games and music.

The next meeting will be on Friday evening, Dec. 1st, and is the third annual meeting of the club. An election of officers will be held at that meeting and no special program will be given.

AUTO ACCIDENT.

On Saturday evening about 10:30 o'clock when Otis Edmands, Thomas Canum and Mrs. Sigurd Olson and Mrs. Ralph Olson were on their way to Radium, the car which Mr. Edmands was driving struck a rock in the middle of the road when going at a speed of twenty miles an hour. The car was jerked to one side and in making a quick turn to get it back onto the road again, it turned completely over. The driver, Otis Edmands was pinned under the car, but the others were thrown out on the side, landing on the frozen ground with their heads foremost. Mrs. Ralph Olson and the driver Otis Edmands, were considerably bruised about their heads, but the others were not hurt at all. Another car brought the injured to the hospital at Warren, where it was ascertained that their injuries were not at all serious. The accident happened on the county road 63 miles east of Warren.

IMSDAHL DEFEATS

HILDEN BY 71 VOTES.

Former Marshall County Resident Ran Close Race in Beltrami County Election.

With all precincts heard from Hans Imsdahl, of Pitt, has won the county commissioner contest over A. J. Hilden by a majority of 71 votes. The final count was Imsdahl 491, Hilden 424. It was a clean contest throughout, and the opinion was general that either candidate would prove a good commissioner. Mr. Hilden polled a big vote in the eastern part of the district, but Mr. Imsdahl's vote in the territory to the west was too big for him to overcome. There was much regret that both of these excellent candidates could not be elected, but with the division of the county near it will not be long until Mr. Hilden too will be giving his splendid services to the county.—Beaudette Region.

BEAVERS FILLING

DRAINAGE DITCHES.

Industrious Little Animals Cannot be Molested and Threaten to do Considerable Damage.

A. J. Anderson and Baker Olson of Grygla, on Sunday brought to this city evidences of the activity of beavers along the drainage ditches to the north and east. The exhibits consisted of tree stumps that had been gnawed through by the industrious little animals, the teeth marks showing the cuts varying from one-sixteenth to one-fourth of an inch in depth. It is said that the animals are quite numerous along the laterals of ditches Eighteen and Twenty.

Beavers are protected by law in this state until 1917, and they have multiplied rapidly as the result. Their work this winter is liable to cause considerable damage as the ditches harboring colonies will be dammed up to such an extent that the flood waters in the spring will find no outlet. Beaver dams are by no means temporary structures, evidences of these obstructions being found throughout northern Minnesota in localities where no beaver has been seen for thirty years. Their work is very interesting but may also prove rather expensive.—Thief River Falls Times.

Get your wedding stationery from The Sheaf and live happily ever afterwards.

Reception at the College.

The reception tendered by the faculty of North Star College to the students of the institution at the college chapel on Saturday evening was the most enjoyable of school activities thus far this year. When students, members of the board and other friends had assembled, the faculty, seated on the platform, started a pleasing impromptu program in conversational form, same including piano solos by Miss Olga Hermanson, vocal solos by Miss Lillie Anderson, an address of welcome by acting President C. E. Sjostrand, talks and speeches by Prof. Nelson A. S. Miller and Miss Hilma Hallberg and a response on behalf of the students by Mr. Andy Swanson. Next followed introductions of student body to faculty and board members and their wives and then a delicious lunch prepared by Miss Hallberg, the domestic science teacher assisted by some of the students. Games in the athletic room finished off with a grand march thru the halls and principal rooms of the building brought the affair to an auspicious close. The spirit of co-operation and appreciation that seemed to exist at the college between students and faculty is very much to be commended.
