Piano Players—Attention!
Please remember—Mr. E. B. Rowley lives in Warren, Minn., and when your Piano, Player, Piano, or Organ needs tuning, cleaning, repairing or a factory overhauling, country or town, phone my residence, 303. I have overhauled 101 instruments at Warren alone. If my work pleases you, tell your friends, if not tell me. And if you are getting a new Piano or Player—Piano this year, I can get you one direct from the factory and save you the expense and upkeep of a large music house. Why? Because I get my pianos direct from the factory to you. The music houses are compelled to pay high rent or taxes, electric light bills, heavy coal bills, a janitor to look after the store and clerks and agents salary and hotel bills and railroad fares. Also a piano tuner's salary and expenses. All my expense is straight. All dealers pay freight. When your piano arrives, I accompany it from the depot to your home, country or town, and see that it delivered O. K. If its frosty weather I take every key off, wipe all parts dry, as any one knows rust accumulates on any steel or metal. Every instrument is fully guaranteed for 10 years by the factory. I give printed guarantee to keep it in tune and repair myself, free for 2 years. I worked 2 years in a piano and organ factory in the east learning my profession. On the road 15 years. Overhauling all different kinds. Why can I not help you select a good piano and save you all this middlemen's profit and expense? I make my expenses and salary tuning. I compete with any catalogue house and save you money. If anything should go wrong, just call me up at Warren or drop me a card and I will call. If any information concerning your piano is needed at any time, phone or drop me a card.
