

WORLD PEACE IS DAWNING

German Envoys Have Gone to Meet General Foch to Discuss Armistice.

SEVERE TERMS ARE ACCEPTED BY AUSTRIA

Allied Armies Are Pushing The Germans Rapidly Back Toward the Rhine.

CONFLICT MAY END WITHIN FIVE DAYS.

Allied Governments Are Willing to Make Peace on President Wilson's Terms.

Amsterdam, Nov. 6.—The German armistice delegation has gone to the west front, according to an official dispatch from Berlin today.

Time Limit Fixed for Five Days.

Washington, Nov. 6.—Germany must accept or reject the armistice terms of the associated powers within five days after their receipt, according to diplomatic belief here today.

It was added that the indemnities section inserted in the president's peace formula was designed to serve notice that the longer Germany fought on, the heavier would be the indemnities.

Immediate Response.

Paris, Nov. 6.—Germany is expected to indicate soon, perhaps tomorrow, whether she will ask Marshal Foch for terms of the armistice formulated at the Versailles conference, was the belief expressed here today. Germany it was said, must answer "yes" or "no" immediately, if the present conditions are not to be made even more severe.

Washington, Nov. 5.—The armistice terms accepted by Austria include the following:

Cessation of hostilities. Demobilization of her army. Deliveries to the Allies of half of the enemy artillery and equipment.

Evacuation of all invaded territories.

Use by the Allies of roads, railroads and waterways of Austria-Hungary.

Immediate return of all Allied prisoners.

Surrender of a stipulated number of submarines and other war vessels.

Allied supervision of the remainder of her fleet.

Opening of the Adriatic and Danube to the Allies.

Allied occupation of the Danube forts and Pola naval base.

Concentration of aircraft at designated points.

Terms of armistice under which the land and sea forces of what once was the Austro-Hungarian empire have laid down their arms were announced today simultaneously in Washington and the Allied capitals. They accomplish complete surrender and open Austrian and Hungarian territory for American and Allied operations against Germany.

From this drastic document it may be stated, may be gleaned an accurate outline of the conditions nearing completion in the supreme war council at Versailles under which Germany may have a cessation of hostilities.

Evacuation of Austrian territory roughly corresponds to the boundary lines claimed by Italy under the Italian-irredentia, or treaty of London program. The right of occupation by Allied forces is reserved, local authorities to maintain order under Allied supervision.

The terms of the armistice are to be carried out under the direction of Marshal Foch, who will designate material to be turned over and supervise the movement of Austro-Hungarian forces to the rear.

London, Nov. 5.—Now that Germany's allies have been beaten and forced to accept terms for a cessation of hostilities against them tantamount to abject surrender, the die now is to be cast in front of the Hohenzollern dynasty.

The inter-allied conference sitting in Versailles has drawn up the terms under which Germany may have peace and the indications are that these terms will be no less hard than those imposed on Austria-Hungary, Bulgaria and Turkey.

Forsaken by all her allies, Germany, the power that hoped to be able to dominate the world by force, is at the threshold of acknowledging defeat by capitulation or continuing a struggle which means her ultimate utter defeat.

Vanquished Shorn of Power.

The terms accepted by Austria-Hungary, Bulgaria and Turkey have shorn all these states of power. Those imposed upon Germany surely will be no less severe in rendering that country powerless to resume hostilities, even in the far distant future.

Meanwhile pending the presentation of the dictum of the Allies the German armies in Belgium and France are the only ones left of the Teutonic allied group which are under attack.

And they are being sorely tried.

In the Italian theater the Austro-Hungarians, utterly crushed, having lost thousands of men killed and 300,000 taken prisoner, are standing bewildered before the victorious Italian, French, British, American and Czech-Slovak armies.

Armistice Takes Effect.

Respite from further punishment was given them Monday afternoon at 3 o'clock. Northern Italy again is Italian and Trent and other places which the Italians always have claimed as their own are dominated by the Italians and fly the tri-color of the kingdom.

Almost all of the Adriatic coast line now is in the hands of the Italians and Albania is all but cleared of the defeated Austro-Hungarians. Likewise, Eastern Serbia is freed of the enemy and a few days more doubtless will see the remainder of the stragglings Austro-Hungarians making their way out of the western part of the kingdom, across the Save river into their own territory. As for Bulgaria and Turkey, they no more are menacing.

UNITED WAR WORK CAMPAIGN NEXT WEEK

During the preceding year seven organizations were recognized by the government for service with the troops. As each one planned a campaign for funds, it became apparent that seven such campaigns could not be conducted during the year without serious confusion. To simplify the task which they are jointly bearing and give the country an opportunity to contribute at one time to what is in reality a common cause, President Wilson asked that the seven organizations make one joint United War Work Campaign. The amount to be raised is \$170,000,000 to be divided among the organizations as follows:

Young Men's Christian Association, \$100,000,000.00; Young Women's Christian Association, \$15,000,000.00; National Catholic War Council (K. of C.), \$30,000,000.00; War Camp Community Service, \$15,000,000.00; American Library Association, \$3,500,000.00; Jewish Welfare Board, \$3,500,000.00; Salvation Army, \$3,500,000.00.

The enterprise in which the organizations participating in the United War Work Campaign are engaged, is the maintenance of the morale of our soldiers and sailors. It's a great work and the man who subscribes receives his dividends in the form of satisfaction that the United War Work is being carried on by an array of men whose names stand for all that is safest and most conservative. The dividends are guaranteed and underwritten by the only institutions strong enough to write such a guarantee and make it binding—the spirit of American democracy. They are dividends of happiness, of the only solid, secure kind, the soul-satisfying happiness that comes from the consciousness of having made a personal sacrifice for the sake of others.

RED CROSS NOTES

Following is a list of the articles received from various Red Cross organizations in Marshall County for the linen shower for hospitals in France. Although a few of our organizations were unable to fill their allotments, several of them contributed more than the number of articles required of them.

The sum of \$17.20 was donated by various individuals for material with which to complete the allotment of the local organization. Of this amount, \$14.70 were expended for material, leaving a balance of \$2.50 which has been deposited to the credit of the Marshall County Chapter.

We wish to thank all persons who so kindly contributed money or articles toward this worthy cause.

OBITUARY

On Oct. 28, the saddest news that ever could be spread in Foldahl was that Death had for the third time in two years entered the Eric Olson home, this time cutting off the life cord of Hilma. Two years ago last August the youngest daughter, Edith, died, and last winter Mrs. Eric Olson died after a long illness. Hilma had been a victim of the terrible epidemic, Spanish Influenza, and was on her way to recovery when pneumonia set in, which was the cause of death.

She was the oldest daughter, being born May 1, 1886, being 32 years five months, 27 days old at the time of death. She is survived by father, one sister and four brothers. We tender them our deepest and sincerest sympathy in their hour of bereavement. Since her mother's death she had together with her sister Jennie, kept the home fires burning. In social life she will be deeply missed, and in her the Red Cross has lost a faithful never tiring worker. Since our Red Cross was organized, Red Cross work of some kind was always found under way in the Olson home, and since some time this summer Hilma and Jennie have had for distribution, yarn and under supervision the knitting of socks.

The funeral was conducted from the home Thursday-afternoon at 2 o'clock. Rev. S. W. Swenson of Warren officiated.

DEATH CALLS YOUNG WOMAN

Miss Anna Peterson, daughter of Mr. and Mrs. Matt Peterson, of this city, died last Friday of pneumonia, in town of Alma, where she was teaching school. The funeral, which was a private one, was held on Sunday. To the sorrowing parents and other members of the family the community extends heartfelt sympathy. The obituary will be published next week.

Married

Rev. P. G. Carlstedt and Miss Florence E. Berg were united in marriage at Kennedy, Minn., on Tuesday, Nov. 5, 1918. The ceremony was performed in the Swedish Lutheran church at high noon by Rev. S. W. Swenson of Warren. After the ceremony a sumptuous wedding dinner was served. Rev. Albin A. Larson, of Thief River Falls was the master of the ceremonies. The bride is one of Kittson County's highly esteemed and accomplished young ladies. She is well-known in Warren, where she graduated from the Conservatory of Music at North Star College a few years ago. The groom is the pastor of the Swedish Lutheran church at Kennedy. A large number of Warren friends extend hearty congratulations.

A marriage license has been issued to William C. Anderson and Nellie J. Jensen.

Miss Orra M. Eastburn and Miss O'Brien, of Stephen, were in the city Monday conferring with Rev. L. W. Bartholow and other workers in the United War Work Campaign.

REGISTRATION STATISTICS

The local board of Marshall county has compiled some interesting statistics in regard to last year's and this year's registrants.

In the 1917 class, 87 men waived all claims for exemption; 535 were married men of which 27 were placed in Class 1, and 508 in deferred classes. Of 1400 single men 845 were placed in Class 1, and 1063 in deferred classes.

Of the aliens claiming exemption 57 were placed in Class 1; 60 who had declared their intention to become citizens were placed in Class 1; 78 aliens were placed in deferred classes and 47 declarants were placed in deferred classes.

Of registrants of 1917, 552 got in deferred class as farm laborers; 259 in Class 3, as assistant managers of farm; and 649 were placed in Class 4, as owners and managers of farms.

The total 1917 registration was 1935, of which 606 men have been sent to the training camps and 79 men have enlisted in the military service. There have been 21 deserters. The number of men who have taken their physical examination is 794; 76 men have been inducted in limited service; 7 in remedial service; and 105 have been rejected on account of physical defects.

Of the 1917 registrants, 1567 have been native born citizens; 125 naturalized; 106 have declared their intention to become citizens; and 137 are still aliens.

Year 1918 Registrations

In the June and August 1918 registrations, 228 men were registered; of these 85 men have been ordered to the training camps and 4 have enlisted. There have been 150 men examined; 14 have been held for limited service; 114 for general service; 22 have been rejected for physical defects; 105 have been placed in deferred class as skilled farm laborers; 26 as assistant managers of farms. Of 4 married men three have been placed in Class 1, and one in deferred class.

Of 222 single men, 155 have been placed in Class 1; 67 in deferred classes. There are 213 native born, 2 naturalized and 7 who have never taken out their first papers.

PROTECTION MASKS FOR MANY OF THE INFECTIOUS DISEASES

(By Dr. H. W. Hill, with quotes from health bulletin No. 70, Health Bureau, Milwaukee.)

Masks for protection from influenza serve the same useful purpose in all mouth borne infections, colds, measles, scarlet fever, diphtheria, pneumonia, mumps, whooping cough, chickenpox, and even smallpox.

"The mask consists of three or four layers of rather fine surgeon's gauze, cut into pieces seven inches square (adult size). Upon each corner, a piece of tape is sewed for the purpose of holding the gauze over the mouth of the wearer. The tapes from the upper corners are carried over the ears and tied comfortably behind the head. Those from the lower corners are tied behind the neck. When the mask becomes uncomfortably moistened by the breath, or by sneezing and coughing of the wearer it is replaced by a dry mask. The wet mask should be sterilized by boiling fifteen minutes, after which it can be handled and dried without danger."

These masks are used in three ways to prevent the spread of mouth borne infections: First they may be worn by the patient so that his mouth-spray will not fly out when he talks, coughs or sneezes, etc. Second, they may be used by the attendants, so that they will not inhale the mouth spray of the patient. Third, masks may be worn by both patient and attendant, giving a double protection. It must be remembered, however, that the mask on the patient prevents spread of the disease only by preventing the mouth-spray from flying about. If the patient gets a handkerchief or in other ways gets his mouth and nose contents on his personal belongings, the pillow case, his hands, these smears, especially on his hands, are a source of danger to all who touch them, unless the hands are promptly washed or disinfected immediately after each infection.

Also, when the mask is worn by an attendant, the attendant's mouth and nose are guarded, but the eyes are exposed. Mouth-spray, falling upon the eyeball is swept by the tear-ducts into the nose, therefore, the attendant who desires complete protection from mouth-spray will wear glasses as well as a mask (spectacles of plain glass will do.)

Died.

Claude Vincent, the infant son of Mr. and Mrs. Claude Cline, of Aitkin, Minn., died Thursday, Oct. 31st, of Spanish influenza. He was about three months old. Mrs. Cline is a daughter of Mr. and Mrs. J. W. Thomas, of this city. Many friends here extend condolences.

WHO CAN REFUSE TO GIVE THEM TEN CENTS A DAY

Ten cents a day, used through the United War Work Campaign agencies, means the comfort of a soldier or sailor for a day. The organizations participating in the United War Work Campaign are recognized by the United States Government as part of the military machinery that is to render the Hun helpless. The Government, raising its own necessary funds by bonds and taxes, cannot in this manner finance the work done by the United War Work Campaign agencies.

Out with your ten cents a day!

Word has been received that Clinton Winchester has arrived safely overseas.

North Star College

As far as we know school will not open for another week or ten days. We will notify each student of the exact date of the opening. Our advice is: "Keep well and watch these columns for information."

Andy Swanson, who graduated from our Academic department last spring, has decided to stay with us another year. He has volunteered to do the janitor work at the college and besides pursue some work in the Commercial department.

Maynard Johnson, graduate of our Commercial department left Tuesday evening for Minneapolis where he expects to enlist in some branch of the Army work. We bespeak for Maynard the best of success. He has always done well in whatever line of work he has attempted and we know that this training will be a stepping stone to his future success and accomplishments. We join in wishing him the best of everything. Thus another star will be pinned upon the College Service flag.

THE INFLUENZA EPIDEMIC.

The influenza epidemic from what we can learn has about run its course in the western part of the county, there being only a few scattered cases in towns along Red River, but the epidemic appears to be on the increase in the central part of the county. There are a few cases of a mild form in Warren but these are strictly isolated. Thus far no deaths have occurred from the epidemic in this city. Until all danger has passed, however, it behooves everybody to heed carefully the regulations for checking the disease. Stay away from infected homes, so as not to spread the disease. Dr. Wattam says that an officer with a club can do more toward checking the epidemic than two doctors and five nurses can possibly do.

Died.

Miss Coral Tuff died in this city on Oct. 31, of heart trouble. She had lately come to Warren from Grand Forks, where she was well known. Her funeral was held Saturday afternoon at 2 o'clock.

She is survived by three sisters, Mrs. H. N. Haggstad, East Grand Forks; Mrs. A. Nordus, Fosdick; Mrs. J. J. Torvi, Warren; and by one brother, Edward Tuff, of Park River, N. D.
