The Go-Phor has its regular meeting Saturday evening, June 7th.

HAD SUFFERED 29 LONG YEARS

Mrs. Clarkson Had Rheumatism So Bad She Often Cried All Night In Pain.—Gains 30 Pounds.

"My gain of thirty pounds in weight during the past few weeks speaks volumes for Tanlac," said Mrs. Catherine Clarkson, residing at 2440 College St., Kansas City, Mo., recently.

"There has been such a pronounced change in my condition," she continued, "that my friends readily notice it and speak of it. Of course, I think my increase in weight is wonderful, and I am proud of it, but the benefit I appreciate most is my relief from suffering. I have been a victim of rheumatism for twenty-nine years, and only those afflicted the same way can know the agony I suffered. During damp weather and just before a rain sharp pains would shoot all through my body, but it was in my knees I suffered most. My right knee, especially, has been so swollen, stiff and painful during the past two years that I could not bend it. I had to have a steel brace made to fit this knee so I could walk around. The ligaments and leaders were drawn until my knees was out of shape, and I have cried all night long many a night with pain. I have often thought my rheumatism was caused by constipation, as I have always been trouble more or less in this way, having to take something constantly. I also lost weight and my general health became very bad, and while I just tried everything, nothing gave me any relief.

"One day I read a statement made by a lady living on Prospect Avenue, telling how Tanlac had relieved her of rheumatism, so I began taking the medicine myself. I am just now on my fifth bottle and considering the length of time I have suffered, the results have been remarkable. The rheumatism pains have disappeared almost entirely, and I do believe Tanlac is going to clear my system of it altogether. I have been told that my right knee would never be any better, but I can bend it some already, and the pain is entirely gone. I have also been relieved of constipation, my appetite is fine, and I am feeling better in every respect than I have in many years. So I don't feel that I could say enough in praise of Tanlac. It certainly is grand medicine."

Tanlac is sold in Grygia by A. W. Clay, in Alvarado by Arthur W. Neujahr, in Middle River by Middle River Drug Co., in Argyle by Robertson's Pharmacy, and in Oslo by Marie W. Ponthan.

MOTHERS! Why not protect the children by using milk from a Tuberculin tested herd? F. Frost Spaulding Farm Co.

North of Warren

The Cook school closed Thursday for the summer vacation. In the evening the parents and friends of the pupils were entertained with a very interesting program, after which a lunch and ice cream and cake were served. This is the third year of successful teaching for Miss Peterson and understand she has declined the offer for another year. It is with regret that we see her leave, but wherever she may go the sincere good wishes of her pupils and friends will go with her.

Miss Manie Arthur, of Winnipeg, is a guest in the H. C. Cook home.

A barn dance was given at the Plencer farm Saturday evening. Erland Nicholls and Andrew Vansickle furnished the music.

W. C. Myer has purchased the former Toni Marcukaltis farm for the consideration of \$77 per acre.

Mr. and Mrs. John Olson welcomed a baby boy in their home Sunday morning.

Several from hereabouts motored to Radium Sunday afternoon to witness the ball game between the Luna Independents and Radium. The game resulted in a tie, the score being 6 to 6.

The Country Faith.

Here in the country's heart Where the grass is green, Life is the same sweet life As it e'er hath been.

Trust in God still lives, And the bell at morn Floats with a thought of God O'er the rising corn.

God comes down in the rain And the crop grows tall— This is the country faith, And the best of all!

—Norman Gale

North of Viking

UTABAGS GOOD FOR CHICKENS IN WINTER. Rutabagas are the best vegetables to give succulence to winter rations for poultry," says "Uncle Norton" Chapman, extension specialist in poultry, and "uncle" of every boy or girl who raises poultry in Minnesota. "While angels, beets and pumpkins are also fed, rutabagas are to be preferred because of their market value and easy culture. They may be sown as late as the last week in June or early in July. Any soil that will grow potatoes will give a good crop of rutabagas.

Velvet THE SMOOTHEST SMOKING TOBACCO

TIME—given the right chance—puts character in a man's face, horse-sense under his hat, and mel-low fren'liness into his tobacco.

Velvet Joe

Time is a big factor in giving Velvet Tobacco its mildness and "character."

Velvet ages for two whole years in wooden hogsheads. During this long period the choice Burley leaves take on a kindly quality of coolness, a rich fragrance, a "taste" that appeals to pipe smokers—old and young.

Don't hurry, but just walk into the next store and lay down a dime and a nickel and say "VELVET"—the tobacco that isn't harsh but is friendly.
