WAS UNABLE TO COMB HER HAIR

St. Paul Woman Is Relieved Of Rheumatism By Taking Taulac.

"It is certainly remarkable how Taulac helped me," said Mrs. Otillie Kenstanoft, who resides at 234 East Winifred St., St. Paul, Minn., recently.

"I suffered dreadfully from rheumatism and stomach trouble for some time," she continued. "I had scarcely any appetite and what little I did manage to eat would sour, bloat me up terribly and cause such intense pains I could hardly stand them. My heart would palpitate at times and I would feel like I was smothering. My kidneys also bothered me a great deal and my back and limbs pained me so I could barely get around the house. But my right arm caused me more suffering than all the rest of my troubles. I just couldn't move it at all, couldn't raise it to comb my hair and the pain was so intense it nearly drove me crazy. I couldn't sleep for the pain and would get up in the morning so tired and worn out that I could hardly stand on my feet. My head ached all the time and I was almost a physical wreck. All this trouble started after I had an attack of the 'flu' last winter.

"I tried all sorts of treatments and medicines, but none of them did me any good, and I gradually got worse all the time. At last a friend advised me to try Taulac, and she was so enthusiastic about it and what it would do I decided to take her advice. At first it didn't seem to do me very much good, except my appetite began to improve, but by the time I had finished my fifth bottle I was in fine condition. I could eat anything I wanted and everything agreed with me perfectly. I had no gas or bloating and the headaches left me entirely. The rheumatism still bothered me, but I kept on taking it, and in a short time I was completely relieved of pain of any kind, and now I am enjoying the best of health and can get around as well as I ever could in my life, and do all my own housework with ease. I will praise Taulac as long as I live, and intend to tell others about it every time I get the opportunity."

Taulac is sold in Grgyla by A. W. Clay, in Alvarado by Arthur W. Neujahr, in Middle River by Middle River Drug Co., in Argyle by Robertson's Pharmacy, and in Oslo by Marie W. Ponthau.
