### CONSOLIDATION PLAT IS O. K.'d BY STATE.

According to information received from County Supt. David Johnson, of Warren, and Gunderson, of Thief River Falls, the plat drawn out by these men and submitted for the approval of the State Department of Education concerning the consolidation of the Willowdale, Rosebank, Busy Bee and Pritchard school districts, has been returned with the Departments O. K. and the districts may now proceed with the necessary details for the materialization of the plan. The first step necessary is the securing of at least twenty-five per cent of the signatures of the freeholders within each district, and upon presentation of which the county superintendent will call special elections within each district to vote upon the matter. At this election all persons eligible to vote at the regular school meetings will have the opportunity to cast their vote. Petitions to secure the bonafide signatures are at present being circulated by different men in the districts and without doubt the necessary number will be had in a few days, and the public will then be called upon to determine whether the one roomed schoolhouses shall still exist for some time, or if the more modern and advantageous consolidation plan shall be inaugurated.

The monthly social and the semi-annual business meeting of the Rindal young Peoples' Society was held at that church last Sunday afternoon, and was

Personal mention may be accredited Misses Clara Thoreson and Myrtle Mellem, who presented "Lord, I'm coming Home" and a few other songs very harmoniously with voice and organ. The election of officers for the coming six months resulted as follows: Chairman, Miss Ida Sorenson; Secretary, Selmar Sorenson; Treasurer, Miss Synneva Sorenson. As program committee were elected Misses Selma Sorenson, Ella Nelson and Evelyn Saugen, and as refreshment committee, Mrs. John Rafteseth and Misses Esther Thoreson and Viola Axelson.
