VOLUME XLII. NUMBER 36.

WARREN, MARSHALL COUNTY, MINNESOTA, WEDNESDAY, SEPTEMBER 6, 1922.

\$1.50 PER YEAR IN ADVANCE.

STREETS MAY BE GRAVELED

Commercial Club Adopts Resolution Recommending Graveling of Streets in Business Section

At the regular monthly meeting of the Warren Commercial Club held last evening a resolution was passed recommending the graveling of Johnson avenue, Main street, and Minnesota street. The resolution will be referred to the city council who in all probability will take some action in the matter at their next meeting. The streets that were graveled in the city a couple years ago are in fine condition and are giving very satisfactory service and it was deemed advisable to have the streets in the business section graveled also. During the rainy weather of the past week the graveled streets have been almost like a pavement while some of the other streets have been almost impassable.

A convention of telephone men from the northwestern section of the state will be held in the city Monday, Sept. 11, and they were granted the use of the Commercial Club rooms as their meeting place. The president of the club, Mr. R. C. Mathwig, was asked to address the gathering and welcome them to the city.

A drive for new members of the Commercial club will be staged by the membership committee during this month. A few members are delinquent in their dues to the organization and the membership committee was instructed to endeavor to collect the arrears and place these members in good standing also.

The Crookston Association of Public Affairs submitted a proposition for remarking the "KT" highway as it was stated that efforts were being made to have this highway routed on the Dakota side of the Red River. The secretary of club was instructed to notify the Crookston Club that when the "KT" markings thru Marshall county needed repainting arrangements would be made to have the work done.

North Star College

Tuesday, September 12th, is enrollment day at North Star. Students who are contemplating to pursue work should be on hand some time on the above date so that no delay may be caused in the general work. Those who intend to begin or continue their studies in the Conservatory of Music should make arrangements with their teachers on Tuesday and Wednesday of next week. May we have your cooperation in these matters so as to help us in arranging our regular working schedule.

Here are some suggestions to those who intend to enroll and who are to use our dormitory rooms:

Bring the following pieces of bedding and towels: 4 sheets, 1 pillow, 2 pillow cases, 3 towels, 2 quilts (or 1 blanket and 1 quilt).

Window curtains, a few pictures, a small rug if you have it, although not necessary, but may be appreciated.

Come at the beginning of the term. Enroll on Tuesday, September 12.

Come with the fixed determination to make good as a student, mentally and morally.

Everything is in readiness in the Boarding department. Over 300 quarts of sauce, pickles, preserves, etc., twenty or more gallons of dill and sweet pickles, a barrel of sweet corn and many other things too numerous to mention. You will not go hungry. We expect a large crowd of boarders from the very beginning. Don't forget that we are not going to run out of potatoes either as we have three and a half acres of them.

The new beds for the dormitory are here; also the chairs. The mattresses and dressers will be here this week. Remember, everything new in our new dormitory rooms. Some one said the other day: "This is the most complete school building among the schools in the Augustana Synod." Another man said: "I wish I could attend school again and have the privilege of using one of these fine dormitory rooms." Another said: "The best rooms in the city." We are happy to know that our folks appreciate what has been done.

Miss Gladys Grindelund has had a fair enrollment and the work has been very satisfactory. We wish to express our gratitude to her for the work that she has performed. The students who have taken music during the summer may now continue with our regular teachers.

Superintendent Holmquist, of the Warren Hospital, was a pleasant caller at the College the other day. We beg to thank her for the generous donation to the College Dormitory.

Mr. and Mrs. S. Asplund, of Lake City, Minn., spent a few days at the Sjostrand home last week en route to their home from Minn. D. Dak. where they had visited for some time. Mr. Asplund is the father of Mrs. Sjostrand.

Office hours during enrollment: 9:00 A. M. to 12 A. M., 1:30 P. M. to 5:30 P. M. You would favor us greatly by observing these hours.

You are welcome to attend school at North Star!

Miss Ella Hill has resigned her position as cashier at the K. J. Taralath Co. and has accepted a position with the Maurice L. Rothchild Clothing Co., of Minneapolis. She will leave Thursday evening.

HIGH SCHOOL GRADUATES GO AWAY TO SCHOOL

Warren will be well represented at the State Teachers College at Moorhead this year. Six of Warren's young girls left Monday afternoon on the local train. These are Helen Lundgren, Ruth Johnson, Ethel Johnson, Hilma Skoog, Elizabeth Youngdahl and Marguerite Holmquist.

Arnold Lindstrand and Olaf Halvorson left Sunday evening for St. Cloud where they will attend the St. Cloud Teachers College this year. Martha Grindelund and Agnes Johnson left Sunday evening for St. Cloud to attend school at the St. Cloud Teachers College.

Edith Skoog and Gundy Loden left for Bemidji Sunday evening where they will attend the State Teachers College at that city.

A number of other graduates will leave later to attend the State University and other institutions of learning.

Have the Sheaf sent to the boys and girls who are away from home at school. They will enjoy reading it each week. One dollar pays for the school year. Phone the Sheaf today and we will start sending the paper right away.

CORONERS INQUEST HELD HERE TO-DAY

Death of William Corcoran is Being Investigated by Polk County Authorities

A coroner's inquest is being held here today by Polk county officials to ascertain who, if any one, is responsible for the death of William Corcoran, a farm laborer, who died at the Warren hospital on Tuesday of last week from injuries supposed to have been sustained in a fight at a threshing machine on the Ed. Byers farm, two miles south of Angus, on August 23rd. The coroner of Polk county, County Attorney Montague and Sheriff Bolstad, of said county, are conducting the examination before a jury of citizens in the office of Justice Braggans at the Marshall county court house. A number of witnesses are being examined in the case. It appears that deceased was working with the threshing crew of Dahlin Bros. on the farm of Ed. Byers. During the day he and another workman it appears had had some words over the way in which the work was being done and some insulting remarks made by one or both parties involved. A fight ensued between the two at the close of the days work with the result that Corcoran received some ugly blows in the face and had his jaw bone broken by his adversary, who was a much younger man. Corcoran, it is stated, was 58 years old, and said to be a good worker. The men about the machine parted the two fighters as quickly as it could be done. Corcoran was later brought to the hospital. His teeth being in a bad condition, infection set in in the broken jaw resulting in death.

Funeral services were conducted at Skalmans undertaking rooms last Thursday, a brother of deceased, James D. Corcoran, having arrived to attend the funeral. Deceased was a widower and is said to be survived by three grown children. The coroner's jury is still in session and not until their verdict is given can it be known whether or not there exists cause for holding another man responsible for his death.

Citizens Bank At Argyle Closed

The Citizens State Bank of Argyle was closed on Tuesday morning last week, the following notice being posted on the bank's door.

August 28th. The property and business of the Citizens State Bank of Argyle has this day been taken possession of by the superintendent of banks.

W. A. SMITH, Examiner in charge of liquidation. Depleted reserves is understood to be the cause of the bank's trouble. It started business in 1916 during a period of inflated values, with a number of well-to-do farmers in the community as the principal stockholders. Whether the bank will be able to resume business will not be known until a complete check-up of its affairs has been made. Its capitalization was \$20,000 and its last statement published June 30, shows loans \$163,301.84 and deposits \$119,250.62.

Stephen Woman Is Badly Burned

Mrs. Chas. Harrington, of Stephen, was severely burned when attempting to light a gasoline stove in her home. She was pouring gasoline into the receptacle shortly after the burner had been turned off. A spark probably remained and suddenly ignited the gasoline. In her haste to throw the gasoline can away the contents were spilled on her dress which instantly caught fire. She rushed out of door trying to beat out the flames by her hands. Fortunately a son saw her peril and rushing to her aid poured the contents of a water barrel over her body and extinguished the flames. She was severely burned about the arms, chest and face and also the entire right side of the body. Mrs. Harrington was taken to the Warren hospital to have the burns attended to and is said to be recovering nicely.

NURSES GRADUATION TUESDAY EVENING

Seven Nurses to Graduate—Exercises To Be Held at Swedish Lutheran Church

The graduation of the Nurses Training Class of the Warren Hospital will take place at the Swedish Lutheran church on Tuesday evening, Sept. 12, commencing at eight o'clock. A hearty welcome is extended to the public to attend the exercises.

The program for the occasion will be as follows: Dr. S. W. Swenson, president Board of Directors, will preside.

Processional.

Scripture reading and prayer.

Rev. P. G. Carlstedt.

Song By Audience.

Address of Welcome.

Dr. S. W. Swenson.

The Nurses.

Address to Class—Dr. Emil G. Chinlund.

from the Deaconess Hospital, Omaha.

Soprano Solo—Mrs. Edward Bratrud.

Address to Class—Dr. O. N. Meland.

of the Warren Hospital Staff of Physicians.

Conferring of Diplomas.

Dr. S. W. Swenson.

The Nurses.

Benediction—Rev. Martin Hauser.

Names of Graduates.

The names of the young women who have completed the course of training at the Warren Hospital Training School for nurses are as follows: Ellen Kjelson, Ella Blomquist, Alice Langseth, Hilma Youngdahl, Martha Albin, Cleora Lestrud, Ellen Nordvald.

Miss Huldah Hultquist is the superintendent of the hospital.

BURNING PEAT ENDANGERS AUTOISTS

Burning peat fields in the vicinity of Mud Lake threatened for a time last Sunday evening both the automobile and the lives of Mr. and Mrs. G. A. Fallness, of this city. Mr. and Mrs. Fallness were on a camping expedition to the lake, leaving there late in the evening for Thief River Falls. When about 25 miles from the city, they ran into a stretch of peat road which was burning quite freely and before they realized the intensity of the danger, both had received slight burns and their automobile threatened by flames from the burning substance. The experience, however, is a unique one in that this is the first case on record where peat in its crude state has proven a menace to lives and property on the move.—T. R. Falls Tribune.

Duck Hunting Season Opens September 16th

Wild ducks, geese, coots, rails, gallinules, Wilson or jack snipe, and greater and lesser yellow-legs may be taken from September 16th to December 31st following, both dates inclusive. Wood duck remain on the protected list. The daily limit is fifteen birds in the aggregate of all kinds, and in addition five wild geese may be taken. A person may possess forty-five of the above mentioned species at one time, including wild geese, only five of which may be possessed.

Section 62 of the game laws specifies that "Water fowl may be taken during the open season from the land, from a stationary blind used to conceal the hunter, from a boat or canoe propelled by paddle, oar or pole (other than a sail or power boat), when the same is within a natural growth of weeds, rushes, flags or other vegetation, or in pursuit of wounded birds, but may not be taken from power or sail boats or upon the open water, or from aeroplanes. Rifles may not be used in taking water fowl. Artificial or live decoys may be used."

BRIGHT LITTLE CHILD IS CALLED HOME

The home of Mr. and Mrs. Melvin Engstrand, who reside on a farm a few miles south of Warren, was saddened last week when their baby daughter Alice Evangeline was taken from them by death. She died Sept. 2, 1922, at 11 A. M., from pneumonia. Born on Oct. 25, 1921, her span of life was only 10 months and a few days. She was baptized at Our Savior's Lutheran church on Easter Sunday last. Short as her life was, yet it was long enough for her to nestle herself into the affections of her parents, who feel their loss very keenly. May their consolation be that their little one is safe, very safe, on the other shore and will be a sweet memory to that binds them to heaven.

The funeral was held from Our Savior's Lutheran church at 2:30 on Monday afternoon and was conducted by Rev. A. T. Tollevs. The heartfelt sympathy of the community is extended to the bereaved parents.

MARSHALL COUNTY GIRL MARRIED AT PORTLAND, ORE.

Miss Gena Jorgenson was married to Mr. Knut Strom at Portland, Ore., on Aug. 28th. The groom is a brother of Mr. Ole Strom and the bride a sister of Mrs. Ole Strom of this city. The bride is a graduate nurse from the City and County Hospital of St. Paul and the groom is a prominent builder and contractor on the west coast. A large circle of friends here and throughout the county extend hearty congratulations to the newly wedded pair and wish them an abundance of earthly and heavenly blessings in life.

PROSPERITY WAITING TO BE WELCOMED

New York Banks Foretell Great Business Revival and Quote Figures

Predictions of prosperity to come have been taking much space in the public press for the last year. Opinions of many men supposedly qualified to speak with authority have been sought and eagerly published. But here is not a prediction based on hope or "general conditions" but upon statistical facts. Some New York banks took the trouble to gather up the facts and present them as real evidence. According to these figures, bank clearings in 1921 were 15.7 per cent higher than a year ago; industrial employment in New York State 11 per cent and throughout the country 15 per cent; pig iron production 177 per cent; zinc production 84 per cent; copper production 20 per cent; automobile 59 per cent; sugar molasses 78 per cent; electric power production 21 per cent; building contracts 61 per cent, etc. These figures are the true index of what has happened and a firm foundation on which to build a tremendous prosperity for the immediate future.

From these facts the banks draw the obvious conclusions that real prosperity is here and but waiting the settlement of upset industrial conditions to be visible. As an officer of one of these organizations puts it: "When all allowances have been made for the clouds now overhead and for the great seriousness of the forces of disorganization as expressed in the strikes, the domestic economic position presents pleasing contrasts with that prevailing one year ago, when American business was at the lowest ebb in many years. To measure some of these contrasts is to gain the two fold conviction that business recovery has been substantial and that, when strikes are settled, the revival will logically continue many months before reaching the crest of a new prosperous era."

IS NEWEST, BIGGEST GEYSER

Yellowstone's newest and biggest geyser developed a few weeks ago when without preliminary manifestations, a quiet mud pool near the head of Obsidian creek, sent a column of streaming hot mud and rocks 300 feet into the air. The eruption lasted several minutes and is repeated at irregular intervals, each time sending up a 300-foot column of mud and water, which is higher than any of the other geysers in the park.

Generous Rains Delay Threshing

The dry spell was broken last Friday by a heavy rain that delayed threshing until the following Monday. Then again on Tuesday morning another big down pour came that will delay threshing for the remainder of the week in this part of the valley. The moisture was needed sure enough, but the delay to threshing is unfortunate. Around Warren the work would have been cleaned up in a few more days, but in other localities it is not as far along. Farmers who have stacked their grain evidently did a wise thing. Should the wet weather continue there is danger that much grain will be spoiled by sprouting.

VOTE OF THANKS

The library board wishes to extend a vote of thanks to the members of the Presbyterian Ladies Aid society who contributed seventy-five dollars to the public library. This sum of money will add many new books and periodicals to the growing library. We also wish to thank the Community Club for their gift of five dollars. In behalf of the library board and citizens of Warren we accept these splendid gifts with the greatest of pleasure. Library Board.

HAZEL LUND WAS MARRIED IN CHICAGO

Miss Hazel Lund, daughter of Mrs. C. F. Johnson, of this city, was married last week to Mr. William Girard, a prominent young business man of Chicago. The bride is a Warren girl, who was born and reared in this city. A large circle of friends congratulate her and husband and wish them success and happiness in life.

Mrs. Girard arrived Monday for a visit at her old home. Her husband does not accompany her for business reasons, but is expected to arrive later.

MOONSHINE KILLS HALSTAD YOUTH

John Nervig of Halstad, a young man 19 years of age, lost his life last Saturday morning when an automobile in which he was riding went into the ditch near the creamery at Halstad, pinning him under the car. It was stated that Nervig, in company with three other young men, had been out for a time and had partaken of too much moonshine. The others in the car were uninjured but the Dodge car in which they were riding, was badly smashed.

A Mr. Faafeng of Grandin, owner of the auto, was doing the driving and he is said to have testified before the coroner's jury that he was well filled up with "moon" at the time and didn't know whether he was afoot or horseback.

Coroner Hintze, Sheriff Nygaard and Asst. Co. Atty. McLaughlin were at Halstad Saturday and held an inquest, placing Faafeng under \$2700 bonds to await the action of the grand jury.—Norman Co. Herald.

JUDGE GRINDELAND ATTENDS STATE CONFERENCE

Judge Grindelund of this city attended the conference of district court judges held at Minneapolis last week in connection with the meeting of the state bar association. The judges endorsed the return of capital punishment in this state and also favored the passage of a law by the legislature defining in what cases capital punishment should be used as the extreme penalty. The judges also favored a law allowing county attorneys to proceed against criminals "by information," but they would not abolish the grand jury system.

PUBLIC RECEPTION TO TEACHERS SEPT. 15

The Board of Education will give a public reception to the teachers of the city schools Friday evening, September 15. The people of the city and the school district, and especially parents who have children attending school are very cordially invited. The announcement is made at this time that Friday evening may be left open for this event. A program will be given and refreshments served.

TELEPHONE WORKERS TO MEET IN WARREN

Managers, Operators and Linemen to Hold Conference Here Monday, Sept. 11

A conference of telephone workers of the northeastern part of the state will be held in this city on Monday, Sept. 11, according to Hans Swanson, manager of the Warren Telephone company. The meeting will be held in the Commercial Club rooms. The Minnesota Telephone association is conducting a series of meetings in different parts of the state of which the meeting at Warren is one. Managers, operators and linemen are expected to attend the meeting for a discussion of problems and plan for better telephone service. The program suggested by the Minnesota Telephone exchange includes a talk by the association secretary on "The telephone and Association Work." "Traffic" is the subject for discussion by local and long distance telephone operators. A school of instruction for operators will also be conducted. "Public Relations" will be discussed by a representative of the Minnesota Railroad and Warehouse commission.

Mrs. Olesen To Speak At Crookston Sept. 9

Anna Dickie Olesen, candidate for United States Senator on the Democratic ticket will deliver her key-note speech in Crookston next Saturday evening, September 9th. She has already made a six weeks' speech making tour of the state, traveling by a Ford, the gift of Minneapolis women and delivered 95 speeches, a strenuous record for even a seasoned campaigner. Many people from all parts of the valley, even though they may have no intention to vote for Mrs. Olesen, will no doubt go to Crookston to hear what the most talked of woman in Minnesota has to say on the political questions of the day. She is a woman who deserves a respectful hearing and doubtless will get a big vote, although it is hardly believable that she will be able to turn a rock-ribbed republican state like Minnesota into the democratic fold this year.

Potato Specialists Coming to Stephen

Col. F. A. Green is in receipt of a letter from Commissioner of Agriculture N. J. Holmberg with reference to a series of potato meetings to be held in this section at an early date. The Commissioner states that his office is making arrangements for holding the Stephen meeting following state fair week, although the exact date has not yet been determined. State Inspector Hall, with the assistance of an expert from the department, will have charge of the meeting. Potato growers of the county should keep this meeting in mind, as many points of interest and value relative to the grading and marketing of potatoes will be brought out and thoroughly explained by the visiting experts.—Stephen Messenger.

Vice President Coolidge Visits State Fair

Vice President Calvin Coolidge with Mrs. Coolidge are guests of Minnesota this week and their brief stay included a series of talks by the Vice President and a number of receptions for Mrs. Coolidge that kept both on the go from the time of their arrival until their departure. While in the Twin Cities they were the guests of Senator and Mrs. Frank B. Kellogg. Wednesday the Vice President was the chief attraction at the state fair where he delivered a public address. The same evening his visit and that of Mrs. Coolidge took on political significance when both were tendered a reception at the State Capitol by Governor Fergus. Thursday Vice President Coolidge was the guest of the Minneapolis Lincoln Club and Mrs. Coolidge was tendered a reception at the Red Elephant Tea shop. Both men and women leaders of the Republican state and local organizations vied in making the visit of both a pleasant one.

SCHOOL BELLS TO RING ON MONDAY

Superintendent Holmquist Makes Suggestions to Parents and Teachers That Will Make for a Successful School Year.

The Public Schools of Warren open Monday morning, Sept. 11, at 9 o'clock. The plan is to have the grades in session the entire day. The High School will enroll students, give out books and assign lessons. Tuesday all classes will recite the full time. By Wednesday the system should be running smoothly.

The hearty co-operation is asked of parents in the assigning of buildings to children of the first four grades. It may be necessary to ask some children on the East Side to go to the Washington school and some on the West Side to attend the grade in the High School building. Whatever direction was given on the report card last spring should be followed the first day.

Children six years by November 1st will be admitted to the first grade. It would be well if parents who have children not six by November 1st and who would like to have those children begin school, to come to the school with the child and talk the matter over with teacher and superintendent.

All pupils of the 5th, the 6th and the 7th grade attend school at the Washington building; those of the 8th grade, the High School building.

It is essential that children begin the first day and continue regularly. Then progress by the pupil can be demanded. Honest effort has been made to have the buildings in proper condition, books and materials on hand that effective work can be done from the first day.

Fuel is on hand so that in case of need the buildings will be warm. Whatever has been done has been done with the child in view that his health and his morals may be protected and his mind trained that he may have the right attitude towards life, his fellow men, and his country.

Respectfully,
G. Holmquist,
Supt. City Schools.

List of Teachers

The teachers employed in the Warren public schools for the ensuing year are as follows:

G. Holmquist, Superintendent.

High School Faculty

Leora Cassidy, High School Principal, History and Economics.

Mae Landeen, Alexandria, English and Library.

Margaret Williams, Perham, English and Latin Grammar.

G. W. Schrantz, Warrenton, Mo., Science.

Edna Norskog, Houston, Mathematics.

Sarah T. O'Meara, St. Charles, Normal Training.

Agda Wennerberg, Stillwater, Music.

Marie Felton, Tyler, Commercial Training.

Mayre A. Healy, Fargo, Home Training.

Ellen A. McCrory, Monticello, Assistant Home Training.

Allen D. Collette, Pine City, Agriculture.

Emery Johnson, Alexandria, Industrial Training.

Grade Teachers, High School Building

Mary Gunderson, Gary, 1st and 2nd grades.

Mildred Wallen, Volga, S. D. 3rd and 4th grades.

Opal Gregerson, Fertile, 8th grade.

Grade Teachers, Washington School

Belle D. Luttrell, Warren, 1st grade.

Mary Low Quistgard, Warren, 2nd and 3rd grade.

Helen McNinis, Breckenridge, 5th grade.

Helen Thoreson, Henning, 6th grade.

Minnie M. McGrath, Mahanomeh, 7th grade.

Janitors

Oscar Peterson, Washington building.

John B. Erickson, High School Building.

John Barlow, Engineer.

WARREN PUBLIC LIBRARY NOW OPEN EACH AFTERNOON

Arrangements have been completed for the opening of the Warren Public Library each afternoon between the hours of 2:35 to 4:30 o'clock, commencing on Monday afternoon, Sept. 11. Miss May Landeen, English teacher of the Warren high school, will serve as librarian.

PIONEER WOMAN CELEBRATES SEVENTY-SECOND BIRTHDAY

Mrs. A. Bergstrom enjoyed the pleasure of visits from a large number of her friends on Friday and Saturday who called at her home in this city to pay their respects to her in honor of her 72nd birthday anniversary which was celebrated on Friday, Sept. 1st. The visitors brought many valuable and useful gifts which were presented to Mrs. Bergstrom as tokens of their esteem and in remembrance of the event. Mrs. Bergstrom came to America in 1880 and in 1883 came to Marshall county where she has lived ever since.
