News of Minnesota

Events of the week
throughout the "State
of Ten Thousand Lakes"
told in brief form.

Winona—Chester Pease, 38 years old, serving in the county jail for robbery, has been released and will become an evangelist, delivering his first sermon here next week. He was married in jail last May to Miss Harriet Stahman, Winona school teacher.

Duluth—A general questionnaire addressed to Duluth wood yards shows them all oversold. The demand for stove wood, which in normal times, shows a falling off during end of the summer, now shows a heavy increase over all previous years.

Luverne—The engine on an ensilage cutter on the farm of Lee English, near here, exploded, hurling parts of the machine more than 200 feet, several of them going through the wall of a concrete silo.

Crookston—Moorhead was selected as the 1923 meeting place of the ninth district convention of the Degree of Honor lodge at the close of its annual meeting here. Two hundred delegates represented Crookston, Walker, Cass Lake, Moorhead, Breckenridge, Bemidji and Fergus Falls lodges were present.

Crookston—Chicken owners in the river section of Crookston are in quandary. Mink, they declare, are nightly raiding their chicken coops and they are helpless to stop them as the mink are protected by the state game laws.

Chisholm—Three banks of Chisholm served notice on the city council that they would immediately discontinue purchasing village warrants. Funds of the city are near the point of exhaustion.

Thief River Falls—Samuel T. Johnson, 82 years old, veteran of the civil war, and pioneer in this section, is dead at the family home here.

Fairmont—The Fairmont creamery claims the 1922 canning record for Minnesota. The creamery reports an output this year of 40,000 cases of peas and 75,000 cases of corn.

Red Wing—Charles J. Nelson, flagman for the Milwaukee railroad for the past 10 years, dropped dead in his shanty at a crossing here just after flagging a train.

Owatonna—The Owatonna fuel commission has been formed here, as the result of appointments made by Mayor W. C. Zamboni with F. W. Sawyer as chairman and V. F. Leary as secretary. The commission is conducting a survey of fuel wood resources in Steele county.

St. Cloud—A delegation of 1,000 from the twin cities is expected to attend the state convention of the Federation of German Catholic societies of this city Sept. 24, 25, and 26. Seven societies from St. Paul are planning on coming in a body.

Pipestone—Carl A. Amundson of Fergus Falls has purchased the Royal hotel here and has taken charge. Mr. Amundson obtained the property from W. A. Barkley of Fergus Falls.

Northfield—Registration figures, incomplete, show an enrollment of 712 students at Carleton college, there being 349 men and 363 women. Registration is continuing.

Fergus Falls—The St. Cloud Crushed Stone company filed a bankruptcy petition in the United States court here today, placing its assets at \$80,015.64, of which \$78,111.64 is in buildings and machinery, and its liabilities at \$184,144.35. Its heaviest creditor is the First National bank of St. Cloud, to which it owes \$13,228.

St. Cloud—The city council has authorized the city attorney to prepare an amendment to the tax ordinance dropping the property damage insurance, but retaining the personal liability feature. The ordinance, as now proposed, will require taxi operators to take out insurance costing \$125 yearly, with limits of \$5,000 and \$10,000.

St. Paul—Immigrants to Minnesota and adjacent states shipped thirty-five carloads of livestock, poultry, machinery and household goods through the Minnesota transfer during the month of August, as reported by Oscar H. Smith, State Commissioner of Immigration. Thirteen of the thirty-five carloads were destined to northern Minnesota points, practically all being owned by settlers moving from Iowa, Illinois and Nebraska to new homes in this state. Due to the fact that farmers in the middle west and northwest states are busy completing grain threshing and commencing fall work, August is classed as one of the "low-ebb" months of the year in the matter of moving settlers to new locations, and Mr. Smith looks for an increase in the number coming to Minnesota during September and October.

Calumet—William Buchanan, of Calumet, committed suicide by shooting after coming home from a dance at 3 a. m. Despondency, brought on by the death of his wife and infant child several months ago is said to have been the cause.

Minneapolis—Shooting his pet chickens away from danger, Lyman Spottard, aged 72, stepped in front of a streetcar and was fatally injured in sight of his invalid wife.

Canby—The Yellow Medicine county fair association has invited every person who lived within 10 miles of Canby through the famous deep snow winter of 1880-1881, to attend the fair on Sept. 16 as guests of the fair management.

St. Cloud—Eighty delegates representing 11 counties, organized the Sixth District Liberty league at a meeting here. The object is to secure legislation for the legal manufacture of light wines and beer.

Windom—Dr. A. M. Wright has been bound over to the district court in \$5,000 bonds on the charge of having caused the death of Mrs. G. S. Redding by hitting her with his automobile.

Worthington—Fire starting from sparks from a threshing machine engine destroyed six grain stacks on the farm of Rev. J. A. Eddy.

Maynard—Water for drinking and cooking purposes is getting more scarce every day in this locality as the wells are giving out one after another, on account of the long continued drought.

Winona—A reduction in Winona's gas rates from \$1.79 to \$1.71 per thousand cubic feet has been announced, effective for the next four months.

Pipestone—Five farm homes in one neighborhood, northwest of Pipestone, were ransacked by thieves while members of the family were in this city shopping. In each instance the robbers took only the best wearing apparel.

Winona—Recently when Miss Polzin began to play the piano at her home, a reptile known as a "pilot" rattlesnake crawled out from behind the instrument. Miss Polzin escaped without being bitten.

Moorhead—Shipping poor quality stock is ruining the potato market; this year for the farmer, according to Leslie Welter, Moorhead, potato dealer, who says that a trip through the North Dakota, Minnesota and Canadian Red River valley assure him that there is but 60 per cent of last year's crop here despite the increased acreage.

Rochester—Quest for adventure of two girls, clad in knickers and boyish caps and sweaters, ended when police took into custody Helen Olson and Bernice Hanson of Winona, 16 and 17.

Thief River Falls—Pure drinking water is assured this city after Jan. 15 next, through the awarding of a contract by the city council for a million gallon daily filtration plant, costing \$35,000. C. M. Carlson, of this city, will erect the structure.

St. Paul—Scalped when her hair caught in a power shaft of the machine she was operating at Lindeke, Warner & Sons, Miss Marie Ahearn, aged 62, 240 White Bear road, St. Paul, submitted to an operation at the St. Paul city hospital in which her scalp was grafted. The operation apparently was successful.

NOTHING NOVEL ABOUT THAT

Old Joe Had Tried "Electricity" and Found It Was No Cure for Rheumatism.

Old Joe Carter had suffered from rheumatism until, he declared, he had "no patience with it," but he was always eager to hear of possible remedies, and when his sister in Mobile wrote that she knew of a cure that had been tried with great success, and would tell all about it on her next visit, old Joe was all excitement.

"Now, Mary!" he exclaimed to his sister, eagerly, a few minutes after she had reached the house, "you-all tell me 'bout dat cure for rheumatism! I was so anxious I could hardly wait for you to get heah!"

"Well, Joe," began the sister, "it's electricity and—"

Before she could continue Old Joe interrupted.

"De idea, Mary, of you comin' heah suggestin' dat to me! Don't you-all remember dat only last summer I was strucked by lightning, and it didn't do me no good?" — Philadelphia Ledger.

COULDN'T PLACE THAT FIFTY

One Thing About Shepherd's Spree of Which He Had No Distinct Recollection.

In the olden days there lived in the vicinity of Shelby a shepherd named Bill. Bill, like most members of his profession, was wont to work faithfully for the greater part of the year and then blow into town and waste his substance in a short period of riotous living. Returning from one of these trips broke, his employer asked him:

"Bill, you left here with \$400. What became of it?"

Bill studied for a minute and replied:

"Waal, I reckon I lost about a hundred an' fifty in a stud game. I must a left 'bout a hundred at the Fashion Dance hall, an' I reckon I spent close to a hundred for booze."

"What did you do with the other fifty?" persisted his boss.

"Can't remember exactly," replied Bill after due reflection. "I guess I must of just natchurally fooled that away." — Irrigation News.
