COMMERCIAL.

ST. PAUL, March 6.—It was a quiet uneventful morning on change yesterday with prices about the same as on Tuesday. Some inquiries were made for No. 1 hard wheat at \$1.02, but none was offered. The wheat market seems to be buyers and sellers to make a deal at quoted prices. There were no bids for spot corn, but April was asked for at 51c and for May there was a difference of 3c between buyer and seller; 2 cars of good new mixed were sold at 48c and 2 cars at 45c. Spot oats were quiet and little interest after but considerable speculation in futures after. Some inquiries were offered at 36c, but soon fell to 35c; 95c bid for year and 29 1/2c asked. Barley was nominal at Tuesday's quotations as was also rye, but of these cereals being offered; 50c only stood between buyer and seller of feed. Corn meal was held at \$18 but a car lot was sold at a dollar less. Hay was a little weaker. April was held at \$7 for wild and \$9 for timothy. There was some hay offered at considerably less figures, but it was poor hay. It will be seen by referring to the tables that hay stands just where it did last year at this time. Flax seed was asked for at \$2.00 to \$2.10. Following are the quotations at the call:

CABLEGRAMS.

The Cretons are better satisfied as the Turkish government appointed has been recalled. Gen. Graham has been instructed to return to Trinitat to await further orders. Extraordinary precautions are being taken to protect Buckingham palace from the dynamiters. The Porte has forbidden, under a penalty of 3 years imprisonment, the export of grain and flour. General Gordon says, that the slavery question will settle itself within a year, by a rising of the slaves. The British charged the villages near Tokar and recovered the rest of the guns and rifles taken from Baker Pasha. Portraits have been sent to New York of the suspects. It is believed the dynamite used in England was manufactured in Constantinople for several generations. One bottle of HAYR VIGOR started a growth of soft, downy hair all over his scalp, which soon became thick, long, and vigorous. Hereditary Baldness. GEORGE MAYER, Flatonia, Texas, was bald at 23 years of age, as his ancestors were bald from the first. He had only a few hairs on his head, but he used HAYR VIGOR and he has now a full growth of hair, which is as thick and as black as the hair of a young man. He writes: "I have been bald for 15 years, but I have now a full growth of hair, which is as thick and as black as the hair of a young man. I have been bald for 15 years, but I have now a full growth of hair, which is as thick and as black as the hair of a young man."

A Pretty Woman's Secret.

Fear of discovery, when she resorts to false hair and dyes, is a source of constant anxiety to her. The very persons from whom she most desires to hide the want of her charms are the ones most likely to make the discovery. But there is no reason why she should not regain and retain all the beauty of her hair that was her pride in youth. Let her use AYER'S HAIR VIGOR, and she will only wear her hair clean and soft, but a new growth will appear where the scalp has been denuded; and actually grow with, will return to their pristine freshness and brilliancy of color. AYER'S HAIR VIGOR cures. Hereditary Baldness. GEORGE MAYER, Flatonia, Texas, was bald at 23 years of age, as his ancestors were bald from the first. He had only a few hairs on his head, but he used HAYR VIGOR and he has now a full growth of hair, which is as thick and as black as the hair of a young man. Ayer's Hair Vigor.

It is not a dye, but, by healthful stimulation of the roots and color glands, specially restores to its original color hair that is turning gray. Mrs. CATHERINE DEANER, Point of Rocky Hill, had her hair suddenly blanched by fright, during the late civil war. AYER'S HAIR VIGOR restored it to its natural color, and made it softer, glossier, and more abundant than it had been before. Scalp Diseases. Which cause dryness, brittleness, and falling of the hair, dandruff, itching, and annoying sores, are all quickly cured by AYER'S HAIR VIGOR. It cures HERBERT BOYD, Minneapolis, Minn., of intolerable itching of the scalp; J. N. CARTER, Jr., Ocala, Fla., of Scald Head; Mrs. D. V. S. LOVELESS, Louisville, Ky., of Tetter Sores; Miss BESSIE H. BEDFORD, Burlington, Vt., of Scalp Disease and Dandruff. Torpidity of the roots of the hair, which, if neglected, may result in incurable baldness, is readily cured by AYER'S HAIR VIGOR. A Toilet Luxury. AYER'S HAIR VIGOR has no equal. It is colorless, cleanly, delightfully perfumed, and has the effect of making the hair soft, pliant, and glossy.

Ayer's Hair Vigor.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists.

TAILORING.

When Bismarck and any other German cannot agree it is always the other chap who leaves Germany. The New York Sun wants Parson Newman to preach the gospel once, just to see if he knows anything about it. Mr. Wiggins, the crushed weather-prophet, rises feebly to remark in the Boston Advertiser that there will be a storm next Wednesday and another on the 27th of March. A harp, a writing table and a college gown of the poet Moore have recently been presented to Mr. George W. Childs of Philadelphia. It seems difficult to arrive at the facts about the ex-gambler Gracia. The continental papers deny that he intends to immigrate himself at La Trappe. He is at present at Saragossa, and it is said that, although under a cloud just now, he never had greater faith in his star. Senator Miller, of California, worth \$10,000,000, and of course, a Republican, owns the house built three years ago by Thomas Wilson, and in spite of so called palaces since erected it is still considered in many respects the finest residence in Washington. Boston Female Barber. Boston Globe. "The rumor has some foundation," said the proprietor of a fancy barber shop. "I am seriously considering the feasibility of opening a shop, apart from this one, and employing female artists exclusively." "You would engage the most attractive ones, I presume?" "Naturally. I would get eight or ten of the handsomest and most skillful young ladies and train them myself. The scheme, I believe, will keep my shop reeking with patrons."
